CHAPTER NO. 302

[SB 267]

AN ACT ELIMINATING THE REQUIREMENT THAT THE DEPARTMENT OF ENVIRONMENTAL QUALITY COMPLETE CERTAIN TOTAL MAXIMUM DAILY LOADS BY 2012 FOR THREATENED OR IMPAIRED WATER BODIES; REQUIRING REPORTING OF TOTAL MAXIMUM DAILY LOAD PROGRESS TO THE ENVIRONMENTAL QUALITY COUNCIL; AND AMENDING SECTION 75-5-703, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-703, MCA, is amended to read:

"75-5-703. Development and implementation of total maximum daily loads. (1) The department shall, in consultation with local conservation districts and watershed advisory groups, develop total maximum daily loads or TMDLs for threatened or impaired water bodies or segments of water bodies in order of the priority ranking established by the department under 75-5-702. Each TMDL must be established at a level that will achieve compliance with applicable water quality standards and must include a reasonable margin of safety that takes into account any lack of knowledge concerning the relationship between the TMDL and water quality standards. The department shall consider applicable guidance from the federal environmental protection agency, as well as the environmental, economic, and social costs and benefits of developing and implementing a TMDL.

(2) In establishing TMDLs under subsection (1), the department may establish waste load allocations for point sources and may establish load allocations for nonpoint sources, as set forth in subsection (8), and may allow for effluent trading. The department shall, in consultation with local conservation districts and watershed advisory groups, develop reasonable land, soil, and water conservation practices specifically recognizing established practices and programs for nonpoint sources.

(3) ~~Within 15 years from May 5, 1997, the department shall develop TMDLs for all water bodies on the list of waters that are threatened or impaired, as that list read on May 5, 1997. This provision does not apply to water bodies that are subsequently added or removed from the list according to the provisions of 75-5-702. The department shall establish a schedule for completing the TMDLs within the 15-year period established by this subsection.~~ The *department shall establish a* schedule ~~must also provide~~ *that provides* a reasonable timeframe for TMDL development for impaired and threatened water bodies that are ~~listed subsequent to May 5, 1997, and are prioritized as set forth in 75-5-702~~ *on the most recent list prepared pursuant to 75-5-702. On or before July 1 of each even-numbered year, the department shall report the progress in completing TMDLs and the current schedule for completion of TMDLs for the water bodies that remain on the list to the environmental quality council*.

(4) The department shall provide guidance for TMDL development on any threatened or impaired water body, regardless of its priority ranking, if the necessary funding and resources from sources outside the department are available to develop the TMDL and to monitor the effectiveness of implementation efforts. The department shall review the TMDL and either approve or disapprove the TMDL. If the TMDL is approved by the department, the department shall ensure implementation of the TMDL according to the provisions of subsections (6) through (8).

(5) For water bodies listed under 75-5-702, the department shall provide assistance and support to landowners, local conservation districts, and watershed advisory groups for interim measures that may restore water quality and remove the need to establish a TMDL, such as informational programs regarding control of nonpoint source pollution and voluntary measures designed to correct impairments. When a source implements voluntary measures to reduce pollutants prior to development of a TMDL, those measures, whether or not reflected in subsequently issued waste discharge permits, must be recognized in development of the TMDL in a way that gives credit for the pollution reduction efforts.

(6) After development of a TMDL and upon approval of the TMDL, the department shall:

(a) incorporate the TMDL into its current continuing planning process;

(b) incorporate the waste load allocation developed for point sources during the TMDL process into appropriate water discharge permits; and

(c) assist and inform landowners regarding the application of a voluntary program of reasonable land, soil, and water conservation practices developed pursuant to subsection (2).

(7) Once the control measures identified in subsection (6) have been implemented, the department shall, in consultation with the statewide TMDL advisory group, develop a monitoring program to assess the waters that are subject to the TMDL to determine whether compliance with water quality standards has been attained for a particular water body or whether the water body is no longer threatened. The monitoring program must be designed based on the specific impairments or pollution sources. The department's monitoring program must include long-term monitoring efforts for the analysis of the effectiveness of the control measures developed.

(8) The department shall support a voluntary program of reasonable land, soil, and water conservation practices to achieve compliance with water quality standards for nonpoint source activities for water bodies that are subject to a TMDL developed and implemented pursuant to this section.

(9) If the monitoring program provided under subsection (7) demonstrates that the TMDL is not achieving compliance with applicable water quality standards within 5 years after approval of a TMDL, the department shall conduct a formal evaluation of progress in restoring water quality and the status of reasonable land, soil, and water conservation practice implementation to determine if:

(a) the implementation of a new or improved phase of voluntary reasonable land, soil, and water conservation practice is necessary;

(b) water quality is improving but a specified time is needed for compliance with water quality standards; or

(c) revisions to the TMDL are necessary to achieve applicable water quality standards.

(10) Pending completion of a TMDL on a water body listed pursuant to 75-5-702:

(a) point source discharges to a listed water body may commence or continue, provided that:

(i) the discharge is in conformance with a discharge permit that reflects, in the manner and to the extent applicable for the particular discharge, the provisions of 75-5-303;

(ii) the discharge will not cause a decline in water quality for parameters by which the water body is impaired; and

(iii) minimum treatment requirements adopted pursuant to 75-5-305 are met;

(b) the issuance of a discharge permit may not be precluded because a TMDL is pending;

(c) new or expanded nonpoint source activities affecting a listed water body may commence and continue if those activities are conducted in accordance with reasonable land, soil, and water conservation practices;

(d) for existing nonpoint source activities, the department shall continue to use educational nonpoint source control programs and voluntary measures as provided in subsections (5) and (6).

(11) This section may not be construed to prevent a person from filing an application or petition under 75-5-302, 75-5-310, or 75-5-312."

[HB 627]

AN ACT REQUIRING PARENTAL NOTIFICATION PRIOR TO AN ABORTION FOR A MINOR; PROVIDING FOR A JUDICIAL WAIVER OF NOTIFICATION; PROVIDING PENALTIES; REPEALING PRIOR STATUTES RELATING TO PARENTAL NOTIFICATION; PROVIDING THAT THE PROPOSED ACT BE SUBMITTED TO THE QUALIFIED ELECTORS OF MONTANA; AMENDING SECTIONS 41-1-405 AND 47-1-104, MCA; REPEALING SECTIONS 50-20-201, 50-20-202, 50-20-203, 50-20-204, 50-20-205, 50-20-208, 50-20-209, 50-20-211, 50-20-212, AND 50-20-215, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] may be cited as the "Parental Notice of Abortion Act of 2011".

Section 2. Legislative purpose and findings. (1) The legislature finds that:

(a) immature minors often lack the ability to make fully informed choices that take into account both immediate and long-range consequences;

(b) the medical, emotional, and psychological consequences of abortion are sometimes serious and can be lasting, particularly when the patient is immature;

(c) the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of an abortion are not necessarily related;

(d) parents ordinarily possess information essential to a physician in the exercise of the physician's best medical judgment concerning the minor;

(e) parents who are aware that their minor daughter has had an abortion may better ensure that the daughter receives adequate medical care after the abortion; and

(f) parental consultation is usually desirable and in the best interests of the minor.

(2) The purpose of [sections 1 through 9] is to further the important and compelling state interests of:

(a) protecting minors against their own immaturity;

(b) fostering family unity and preserving the family as a viable social unit;

(c) protecting the constitutional rights of parents to rear children who are members of their household; and

(d) reducing teenage pregnancy and unnecessary abortion.

Section 3. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Actual notice" means the giving of notice directly in person or by telephone.

(2) "Coerce" means to restrain or dominate the choice of a minor female by force, threat of force, or deprivation of food and shelter.

(3) "Emancipated minor" means a person under 18 years of age who is or has been married or who has been granted an order of limited emancipation by a court as provided in 41-3-438.

(4) "Medical emergency" means a condition that, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of the woman's pregnancy to avert the woman's death or a condition for which a delay in treatment will create serious risk of substantial and irreversible impairment of a major bodily function.

(5) "Minor" means a female under 16 years of age who is not an emancipated minor.

(6) "Physical abuse" means any physical injury intentionally inflicted by a parent or legal guardian on a child.

(7) "Physician" means a person licensed to practice medicine under Title 37, chapter 3.

(8) "Sexual abuse" has the meaning given in 41-3-102.

Section 4. Notice of parent required. A physician may not perform an abortion upon a minor unless the physician has given at least 48 hours' actual notice to one parent or to the legal guardian of the pregnant minor of the physician's intention to perform the abortion. The actual notice may be given by a referring physician. The physician who performs the abortion must receive the written statement of the referring physician certifying that the referring physician has given actual notice. If actual notice is not possible after a reasonable effort, the physician or the physician's agent shall give alternate notice as provided in [section 5].

Section 5. Alternative notification. In lieu of the actual notice required by [section 4], notice may be made by certified mail addressed to the parent at the usual place of residence of the parent with return receipt requested and delivery restricted to the addressee, which means a postal employee may deliver the mail only to the authorized addressee. Time of delivery is considered to occur at noon on the next day on which regular mail delivery takes place after mailing.

Section 6. Exceptions. Notice is not required under [section 4 or 5] if:

(1) the attending physician certifies in the patient's medical record that a medical emergency exists and there is insufficient time to provide notice;

(2) notice is waived, in writing, by the person entitled to notice; or

(3) notice is waived under [section 8].

Section 7. Coercion prohibited. A parent, a guardian, or any other person may not coerce a minor to have an abortion. If a minor is denied financial support by the minor's parents, guardian, or custodian because of the minor's refusal to have an abortion, the minor must be considered an emancipated minor for the purposes of eligibility for public assistance benefits. The public assistance benefits may not be used to obtain an abortion.

Section 8. Procedure for judicial waiver of notice. (1) The requirements and procedures under this section are available to minors whether or not they are residents of this state.

(2) The minor may petition the youth court for a waiver of the notice requirement and may participate in the proceedings on the person's own behalf. The petition must include a statement that the petitioner is pregnant and is not emancipated. The court may appoint a guardian ad litem for the petitioner. A guardian ad litem is required to maintain the confidentiality of the proceedings. The youth court shall advise the petitioner of the right to assigned counsel and shall order the office of state public defender, provided for in 47-1-201, to assign counsel upon request.

(3) Proceedings under this section are confidential and must ensure the anonymity of the petitioner. All proceedings under this section must be sealed. The petitioner may file the petition using a pseudonym or using the petitioner's initials. All documents related to the petition are confidential and are not available to the public. The proceedings on the petition must be given preference over other pending matters to the extent necessary to ensure that the court reaches a prompt decision. The court shall issue written findings of fact and conclusions of law and rule within 48 hours of the time that the petition is filed unless the time is extended at the request of the petitioner. If the court fails to rule within 48 hours and the time is not extended, the petition is granted and the notice requirement is waived.

(4) If the court finds that the petitioner is competent to decide whether to have an abortion, the court shall issue an order authorizing the minor to consent to the performance or inducement of an abortion without the notification of a parent or guardian.

(5) The court shall issue an order authorizing the petitioner to consent to an abortion without the notification of a parent or guardian if the court finds that:

(a) there is evidence of physical abuse, sexual abuse, or emotional abuse of the petitioner by one or both parents, a guardian, or a custodian; or

(b) the notification of a parent or guardian is not in the best interests of the petitioner.

(6) If the court does not make a finding specified in subsection (4) or (5), the court shall dismiss the petition.

(7) A court that conducts proceedings under this section shall issue written and specific findings of fact and conclusions of law supporting its decision and shall order that a confidential record of the evidence, findings, and conclusions be maintained.

(8) The supreme court may adopt rules providing an expedited confidential appeal by a petitioner if the youth court denies a petition. An order authorizing an abortion without notice is not subject to appeal.

(9) Filing fees may not be required of a pregnant minor who petitions a court for a waiver of parental notification or appeals a denial of a petition.

Section 9. Criminal and civil penalties. (1) A person convicted of performing an abortion in violation of [section 4 or 5] shall be fined an amount not to exceed $500 or be imprisoned in the county jail for a term not to exceed 6 months, or both.

(2) Failure to provide the notice required under [section 4 or 5] is prima facie evidence in an appropriate civil action for a violation of a professional obligation. The evidence does not apply to issues other than failure to notify the parents or guardian. A civil action may be based on a claim that the failure to notify was the result of a violation of the appropriate legal standard of care. Failure to provide notice is presumed to be actual malice pursuant to the provisions of 27-1-221. [Sections 1 through 9] do not limit the common-law rights of parents.

(3) A person who coerces a minor to have an abortion is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 1 year, or both. On a second or subsequent conviction, the person shall be fined an amount not less than $500 and not more than $50,000 and be imprisoned in the state prison for a term not less than 10 days and not more than 5 years, or both.

(4) A person not authorized to receive notice under [section 5] who signs a notice of waiver as provided in [section 6(2)] is guilty of a misdemeanor.

Section 10. Section 41-1-405, MCA, is amended to read:

"41-1-405. Emergencies and special situations. (1) A health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment, without compensation, to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.

(2) A health professional may render nonemergency services to minors for conditions that will endanger the health or life of the minor if services would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.

(3) Consent may not be required of a minor who does not possess the mental capacity or who has a physical disability that renders the minor incapable of giving consent and who has no known relatives or legal guardians, if a physician determines that the health service should be given.

(4) Self-consent of minors does not apply to sterilization or abortion, except as provided in ~~Title 50, chapter 20, part 2~~ *[sections 1 through 9]*."

Section 11. Section 47-1-104, MCA, is amended to read:

The commission may establish a regional office to provide public defender services in each region, as provided in 47-1-215, establish a contracted services program to provide services in the region, or utilize other service delivery methods as appropriate and consistent with the purposes described in 47-1-102.

(3) ~~Beginning July 1, 2006, when~~ *When* a court orders the office to assign counsel, the office shall immediately assign a public defender qualified to provide the required services. (i) for a person charged with a felony or charged with a misdemeanor for which there is a possibility of incarceration, as provided in 46-8-101;

(ii) for a party in a proceeding to determine parentage under the Uniform Parentage Act, as provided in 40-6-119;

(iii) for a parent, guardian, or other person with physical or legal custody of a child or youth in any removal, placement, or termination proceeding pursuant 41-3-422 and as required under the federal Indian Child Welfare Act, as provided in 41-3-425;

(x) for a witness in a criminal grand jury proceeding, as provided in 46-4-304.

(b) in cases in which a person is entitled by law to the assistance of counsel at public expense regardless of the person's financial ability to retain private counsel, as follows:

(i) as provided for in 41-3-425;

(ii) for a youth in a proceeding under the Montana Youth Court Act alleging a youth is delinquent or in need of intervention, as provided in 41-5-1413, and in a prosecution under the Extended Jurisdiction Prosecution Act, as provided in 41-5-1607;

(iii) for a juvenile entitled to assigned counsel in a proceeding under the Interstate Compact on Juveniles, as provided in 41-6-101;

CHAPTER NO. 311

[SB 426]

AN ACT CREATING THE TREASURE STATE TAXPAYER DIVIDEND PROGRAM; ALLOWING TAXPAYERS A REFUND OF SURPLUS STATE GOVERNMENT FUND BALANCE THROUGH AN INCOME TAX CREDIT; AND PROVIDING THAT THE TAX CREDIT IS BASED UPON THE RELATIVE AMOUNTS OF ALL PROPERTY TAXES PAID ON A CLAIMANT'S PRINCIPAL RESIDENCE AND UPON THE AMOUNT OF INDIVIDUAL INCOME TAXES THAT HAD BEEN PAID BY THE CLAIMANT; PROVIDING THAT THE PROPOSED ACT BE SUBMITTED TO THE QUALIFIED ELECTORS OF MONTANA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Tax credits based on surplus fund balance — property tax — income tax. (1) (a) The department of administration shall certify to the budget director, by August 1 of each year, the amount of unaudited general fund balance in the prior fiscal year as recorded when the prior fiscal year statewide

accounting, budgeting, and human resource system records are closed in July. General fund balance is as recorded in the statewide accounting, budgeting, and human resource system using generally accepted accounting principles in accordance with 17-1-102(2). Tax credits are allowed under this section if the unaudited general fund balance in the fiscal year exceeds 125% of the budgeted general fund balance for that fiscal year [and if the tax rate specified in 15-6-138(3)(a)(ii) has been in effect for at least 1 tax year]. Tax credits are not allowed under this section unless the excess balance is at least $5 million. One-half of the amount in excess of 125% must be distributed in the form of individual income tax credits related to the property taxes paid on the taxpayer's principal residence and related to the taxpayer's individual income tax paid.

(b) There is a credit against taxes imposed by this chapter equal to the amount determined under subsection (2).

(2) (a) If a tax credit is allowed under subsection (1)(a), the department shall determine the percentage by dividing the amount to be refunded by the amounts of the total collections that are attributable to total statewide property tax that was assessed, other than local option vehicle tax under 61-3-537, and total individual income tax collections for the same fiscal year as the general fund balance.

(b) The property tax share of the excess balance must be reimbursed to property taxpayers based upon an amount of each taxpayer's property taxes paid on the taxpayer's principal residence in the taxpayer's income tax year. To determine the amount, the department shall multiply the percentage determined in subsection (2)(a) by the individual's total property taxes paid on the principal residence in the prior year.

(c) The income tax share of the excess balance must be distributed to taxpayers as a credit under this chapter based upon an amount each taxpayer paid in Montana individual income taxes pursuant to 15-30-2103 in the immediately preceding tax year. To determine the amount, the department shall multiply the percentage determined in subsection (2)(a) by the individual's income taxes paid in the prior year.

(3) Only one claim may be made with respect to any property.

(4) A claim is not allowed under this section if there are delinquent property taxes owed on the principal residence.

(5) If the amount of the credit exceeds the claimant's liability under this chapter, the amount of the excess must be refunded to the claimant. The credit may be claimed even if the claimant has no income that is taxable under this chapter.

(6) The department may adopt rules to implement and administer this section.

(7) As used in this section, the following definitions apply:

(a) "Budgeted general fund balance" is a projected general fund balance calculated by the legislative fiscal analyst by August 1 for each fiscal year. In determining the projected general fund balance, the legislative fiscal analyst shall use the appropriate fiscal year amounts as utilized by the legislature in developing the biennial budget. The fiscal year amounts are anticipated revenues and transfers that include the impacts of enacted legislation, established level of appropriations and transfers, anticipated supplemental appropriations, and anticipated reversions. To calculate the projected balance, the legislative fiscal analyst shall add the unassigned fund balance from the

most recent completed fiscal year plus the anticipated revenues and transfers less the level of appropriations and transfers, supplemental appropriations, and anticipated reversions for the most recent completed fiscal year.

(b) "Principal residence" means a class four residential dwelling that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home that is located in Montana and occupied by the owner for at least 7 months during the tax year and includes as much of the surrounding land, not exceeding 5 acres, as is reasonably necessary for its use as a dwelling.

(8) This section may be cited as the "Treasure State Taxpayer Dividend Program".

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 30, and the provisions of Title 15, chapter 30, apply to [section 1].

Section 3. Contingent voidness. If Senate Bill No. 372 is not passed and approved or if Senate Bill No. 372 is rendered void, then the bracketed language in [section 1(1)(a)] is void.

Section 4. Effective date. If approved by the electorate, [this act] is effective January 1, 2013.

Section 5. Submission to electorate. [This act] shall be submitted to the qualified electors of Montana at the general election to be held in November 2012 by printing on the ballot the full title of [this act] and the following:

☐ FOR contingently providing taxpayers refunds of surplus state government general fund balance through an income tax credit based upon property and individual income taxes paid.

☐ AGAINST contingently providing taxpayers refunds of surplus state government general fund balance through an income tax credit based upon property and individual income taxes paid.

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsections (6) and (7), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Except as provided in subsection (6), reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-751 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the department's costs incurred in defending the orphan share must be paid from the orphan share fund in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-751 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(c) A state agency that is liable for remedial action costs incurred has a claim against the orphan share fund and must be reimbursed as provided in subsection (3). The agency may submit a claim before or after remedial action is complete. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs. The agency may be reimbursed only after:

(i) its liability has been determined pursuant to 75-10-742 through 75-10-751 or by a court of competent jurisdiction;

(ii) it has received a notice letter pursuant to 75-10-711; and

(iii) the department has approved the costs.

(7) (a) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(b) The department may reimburse claims from a lead liable person upon completion and department approval of a report evaluating the nature and extent of contamination and a report formulating and evaluating final remediation alternatives. This early reimbursement is limited to those eligible costs incurred by the lead liable person for the preparation of the reports.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(9) (a) For the biennium beginning July 1, 2005, up to $1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final

remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than $1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the $1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection (9)(a) must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility for which the money was spent.

(10) (a) The department shall transfer from the orphan share account to the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 $1.2 million in each fiscal year until the board of investments makes the certification pursuant to subsection (10)(b) of this section.

(b) (i) The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of $19.3 million on January 1, 2018.

(ii) When the board of investments makes the determination pursuant to subsection (10)(b)(i), the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred during the fiscal year in which the board of investments makes its determination pursuant to subsection (10)(b)(i) in order to provide a fund balance of $19.3 million on January 1, 2018.

(iii) In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-18-605, MCA, is amended to read:

"33-18-605. Use of credit information. (1) An insurer authorized to do business in this state that uses credit information to underwrite or rate risks may not:

(a) use an insurance score that is calculated using income, gender, address, zip code, ethnic group, religion, marital status, or nationality of the consumer as a factor;

(b) deny, cancel, or not renew a policy of personal insurance on the basis of credit information without consideration of any other applicable underwriting factor independent of credit information and not expressly prohibited by subsection (1)(a);

(c) base an insured's renewal rates for personal insurance upon credit information without consideration of any other applicable factor independent of credit information;

(d) take an adverse action against a consumer because the consumer does not have a credit card account without consideration of any other applicable factor independent of credit information;

(e) consider an absence of credit information or an inability to calculate an insurance score in underwriting or rating personal insurance unless the insurer does one of the following:

(i) treats the consumer as otherwise approved by the commissioner if the insurer presents information that the absence or inability relates to the risk for the insurer;

(ii) treats the consumer as if the consumer had neutral credit information, as defined by the insurer; or

(iii) excludes the use of credit information as a factor and uses only other underwriting criteria;

(f) take an adverse action against a consumer based on credit information unless an insurer obtains and uses a credit report issued or an insurance score calculated within 90 days from the date that the policy is first written or renewal is issued;

(g) use credit information unless not later than every 36 months following the last time that the insurer obtained current credit information for the

insured, the insurer recalculates the insurance score or obtains an updated credit report. Regardless of the requirements of this subsection (1)(g):

(i) at annual renewal, upon the request of a consumer or the consumer's agent, the insurer shall reunderwrite and rerate the policy based upon a current credit report or insurance score. An insurer need not recalculate the insurance score or obtain the updated credit report of a consumer more frequently than once in a 12-month period.

(ii) the insurer has the discretion to obtain current credit information upon any renewal before the 36 months provided for in subsection (1)(g), if consistent with its underwriting guidelines;

(iii) an insurer may but does not have to obtain current credit information for an insured, despite the requirements of subsection (1)(g)(i), if one of the following applies:

(A) the insurer is treating the consumer as otherwise approved by the commissioner;

(B) the insured is in the most favorably priced tier of the insurer within a group of affiliated insurers;

(C) credit was not used for underwriting or rating the insured when the policy was initially written;

(D) the insurer reevaluates the insured beginning not later than 36 months after inception and at similar succeeding times based upon other underwriting or rating factors, excluding credit information.

(h) use a credit score that treats any of the following as a negative factor for the purpose of underwriting or rating a policy of personal insurance:

(i) credit inquiries not initiated by the consumer or inquiries requested by the consumer for the consumer's own credit information;

(ii) inquiries relating to insurance coverage, if so identified on a consumer's credit report;

(iii) collection accounts with a medical industry code, if so identified on the consumer's credit report;

(iv) multiple-lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the home mortgage industry and made within 30 days of one another, unless only one inquiry is considered;

(v) multiple-lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the automobile lending industry and made within 30 days of one another, unless only one inquiry is considered;

(vi) the number of credit inquiries;

(vii) the consumer's use of a particular type of credit card, charge card, or debit card or the number of credit cards obtained by a consumer;

(viii) a loan if information from the credit report makes it evident that the loan is for the purchase of an automobile or a personal residence. However, an insurer may consider the bill payment history of any loan, the total number of loans, or both.

(ix) the consumer's total available line of credit or total debt. However, an insurer may consider:

(A) the consumer's bill payment history on the debt; or

(B) the total amount of outstanding debt if the outstanding debt exceeds the total line of credit.

(2) (a) An insurer shall, on written request from an applicant or an insured, provide reasonable underwriting or rating exceptions for a consumer whose credit report has been directly affected by an extraordinary event.

(b) An insurer may require reasonable written and independently verifiable documentation of the event and the effect of the event on the consumer's credit before granting an exception. An insurer is not required to consider repeated extraordinary events or extraordinary events the insurer reconsidered previously.

(c) An insurer may also consider granting an exception to a consumer for an extraordinary event not listed in this section.

(d) An insurer may not be considered to be out of compliance with its filed rules and rates as a result of granting an exception pursuant to this subsection (2).

(e) As used in this subsection (2), "extraordinary event" means:

(a) differential rates assessed against employees reflect actuarially justified differences in providing employee benefits;

(b) the employer provides an employee with written notice delineating the differential rates used by the employer's insurance carriers; and

(c) the distinctions in the type or price of coverage are not used to expand, limit, or curtail the rights or liabilities of a party in a civil cause of action."

Section 4. Section 39-71-407, MCA, is amended to read:

"39-71-407. Liability of insurers — limitations. (1) For workers' compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan

No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee's beneficiaries, if any.

(2) (a) An insurer is liable for an injury, as defined in 39-71-119, if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:

(i) a claimed injury has occurred; or

(ii) a claimed injury aggravated a preexisting condition.

(b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(3) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:

(i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee's benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or

(ii) the travel is required by the employer as part of the employee's job duties.

(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(4) ~~An~~ *Except as provided in subsection (5), an* employee is not eligible for benefits otherwise payable under this chapter if the employee's use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident. ~~However, if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs, this subsection does not apply.~~

(5) (a) An employee who has received written certification, as defined in 50-46-102, from a physician for the medical use of marijuana and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (5)(b) through (5)(d).

(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee's medical use of marijuana, as defined in 50-46-102, is the major contributing cause of the injury or occupational disease.

(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the medical use of marijuana, as defined in 50-46-102.

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker's medical use of marijuana, as defined in 50-46-102. An insurer remains liable for those benefits that the worker would qualify for absent the worker's medical use of marijuana.

(6) The provisions of subsection (4) do not apply if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs not prescribed by a physician. This subsection (6) does not apply to medical marijuana, which is not a prescribed drug.

~~(5)~~*(7)* If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently

filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

~~(6)~~*(8)* If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers' compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

~~(7)~~*(9)* An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker's condition to the original injury.

~~(8)~~*(10)* For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 with an occupational disease that arises out of or is contracted in the course and scope of employment.

~~(9)~~*(11)* Occupational diseases are considered to arise out of employment or be contracted in the course and scope of employment if:

(a) the occupational disease is established by objective medical findings; and

(b) the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease.

~~(10)~~*(12)* When compensation is payable for an occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

~~(11)~~*(13)* When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease was first diagnosed by a treating physician or medical panel; or

(b) the time that the employee knew or should have known that the condition was the result of an occupational disease.

~~(12)~~*(14)* In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

~~(13)~~*(15)* As used in this section, "major contributing cause" means a cause that is the leading cause contributing to the result when compared to all other contributing causes."

Section 5. Section 50-46-201, MCA, is amended to read:

"50-46-201. Medical use of marijuana — legal protections — limits on amount — presumption of medical use. (1) ~~A~~ *Except as provided in 50-46-205, a* person who possesses a registry identification card issued pursuant to 50-46-103 may not be arrested, prosecuted, or penalized in any manner or be

denied any right or privilege, including but not limited to civil penalty or disciplinary action by a professional licensing board or the department of labor and industry, if:

(a) the qualifying patient or caregiver acquires, possesses, cultivates, manufactures, delivers, transfers, or transports marijuana not in excess of the amounts allowed in subsection (2); or

(2) A qualifying patient and that qualifying patient's caregiver may not possess more than six marijuana plants and 1 ounce of usable marijuana each.

(i) is in possession of a registry identification card; and

(ii) is in possession of an amount of marijuana that does not exceed the amount permitted under subsection (2).

(b) The presumption may be rebutted by evidence that the possession of marijuana was not for the purpose of alleviating the symptoms or effects of a qualifying patient's debilitating medical condition.

(4) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor and industry, for providing written certification for the medical use of marijuana to qualifying patients.

(5) An interest in or right to property that is possessed, owned, or used in connection with the medical use of marijuana or acts incidental to medical use may not be forfeited under any provision of law providing for the forfeiture of property other than as a sentence imposed after conviction of a criminal offense.

(6) A person may not be subject to arrest or prosecution for constructive possession, conspiracy, as provided in 45-4-102, or other provisions of law or any other offense for simply being in the presence or vicinity of the medical use of marijuana as permitted under this chapter.

(7) Possession of or application for a registry identification card does not alone constitute probable cause to search the person or property of the person possessing or applying for the registry identification card or otherwise subject the person or property of the person possessing or applying for the card to inspection by any governmental agency, including a law enforcement agency.

(8) A registry identification card or its equivalent issued by another state government to permit the medical use of marijuana by a qualifying patient or to permit a person to assist with a qualifying patient's medical use of marijuana has the same force and effect as a registry identification card issued by the department."

Section 6. Section 50-46-205, MCA, is amended to read:

"50-46-205. Limitations of Medical Marijuana Act. (1) This chapter does not permit:

(a) any person to operate, navigate, or be in actual physical control of any motor vehicle, aircraft, or motorboat while under the influence of marijuana;

(b) the use of marijuana by a caregiver; or

(i) in a school bus or other form of public transportation;

(ii) on any school grounds;

(iii) in any correctional facility; or

(iv) at any public park, public beach, public recreation center, or youth center.

(2) Nothing in this chapter may be construed to require:

(a) a government medical assistance program ~~or~~*, a* ~~private health insurer~~ *group benefit plan that is covered by the provisions of Title 2, chapter 18, an insurer covered by the provisions of Title 33, or an insurer as defined in 39-71-116* to reimburse a person for costs associated with the medical use of marijuana; or

(b) an employer to accommodate ~~the medical use of marijuana in any workplace~~ *the medical use of marijuana*.

(3) Nothing in this chapter may be construed to:

(a) prohibit an employer from including in any contract a provision prohibiting the medical use of marijuana; or

(b) permit a cause of action against an employer for wrongful discharge pursuant to 39-2-904 or discrimination pursuant to 49-1-102.

~~(3)~~*(4)* Nothing in this chapter may be construed to allow a caregiver to use marijuana or to prevent criminal prosecution of a caregiver who uses marijuana or paraphernalia for the caregiver's personal use."

All money derived from the activities of the department, except as provided in subsection (5), must be deposited in the state treasury in a state special revenue fund to the credit of the department.

(2) Overnight camping fees established by the department under subsection (1) must be discounted 50% for a campsite rented by a person who is a resident of Montana, as defined in 87-2-102, and either 62 years of age or older or certified as disabled in accordance with rules adopted by the department.

(3) For a violation of any fee collection rule involving a vehicle, the registered owner of the vehicle at the time of the violation is personally responsible if an adult is not in the vehicle at the time the violation is discovered by an authorized officer. (6) In recognition of the fact that individuals support state parks through the payment of certain motor vehicle registration fees, persons who pay the fee provided for in 61-3-321(18)(a) may not be required to pay a day-use fee for access to state parks. Other fees for the use of state parks and fishing access sites, such as overnight camping fees, are still chargeable and may be collected by the department.

CHAPTER NO. 329

[HB 518]

AN ACT ALLOWING PEOPLE SUFFERING FROM MENTAL ILLNESS TO PREPARE A MENTAL HEALTH CARE ADVANCE DIRECTIVE DURING PERIODS OF MENTAL CAPACITY FOR USE DURING PERIODS OF MENTAL INCAPACITY; PROVIDING IMMUNITY FOR HEALTH CARE PROVIDERS AND INSTITUTIONS IN CERTAIN SITUATIONS; PROVIDING FOR JUDICIAL REVIEW; AMENDING SECTION 72-5-402, MCA; AND REPEALING SECTION 53-21-153, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purpose of [sections 1 through 20] is to:

(1) promote more timely, informed, compassionate, and effective mental health care;

(2) recognize the right of any person who has capacity to give or withhold informed consent for mental health services;

(3) prevent unnecessary delays in receiving care for a mental disorder in times of impending or actual crisis;

(4) allow a person with mental illness to provide the legal authority for provision of health care during a period of incapacity, even over the person's own protest;

(5) reduce the use of costly legal interventions, including emergency detentions, civil commitment, involuntary medication, and guardianship;

(6) minimize the impacts of crisis on people, families, communities, and providers; and

(7) support the relationship between the provider and the patient by promoting thoughtful, constructive, and timely communication.

Section 2. Definitions. As used in [sections 1 through 20], the following definitions apply:

(1) "Agent" means a person designated in a directive to make health care decisions for the principal granting power.

(2) "Capacity" is the ability of a person to understand the significant benefits and risks of and alternatives to proposed health care and to make and communicate a health care decision.

(3) "Directive" means a mental health care advance directive or any part of a mental health care advance directive.

(4) "Health care provider" means a person who is licensed, certified, or otherwise authorized by the laws of this state to administer health care in the ordinary course of business or practice of a profession.

(5) "Incapacitated" means that a person is determined by the supervising health care provider or a court to lack the ability to give or withhold consent for medical care.

(6) "Principal" means a person who executes a directive, whether or not that directive designates an agent to make health care decisions.

(7) "Supervising health care provider" means the primary physician or, if there is no primary physician or the primary physician is not reasonably available, the health care provider who undertakes primary responsibility for a principal's health care.

Section 3. Presumption of capacity. (1) A person is presumed to have capacity to make a health care decision and to create or revoke a directive.

(2) [Sections 1 through 20] do not affect the right of a person to make health care decisions while having capacity to do so.

Section 4. Scope of mental health care advance directive. (1) An adult with capacity may execute a directive. A minor at least 16 years of age with capacity or an emancipated minor as defined in 41-1-401 with capacity may execute a directive.

(2) A directive must:

(a) be in writing;

(b) contain language that clearly indicates that the principal intends to create a directive;

(c) be dated and signed by the principal or at the principal's direction and in the principal's presence if the principal is unable to sign; and

(d) be notarized.

(3) A directive executed in accordance with [sections 1 through 20] is presumed to be valid. The inability to honor one or more provisions of a directive does not affect the validity of the remaining provisions.

(4) A directive may include any provision relating to mental health treatment, any other medical treatment that may directly or indirectly affect mental health, and the general care of the principal. A directive may include but is not limited to:

(a) instructions for mental health treatment, including medical, behavioral, and social interventions;

(b) consent to specific types of mental health treatment, including medications, other medical treatment, hospitalization, and nonmedical interventions;

(c) refusal to consent to specific types of mental health treatment;

(d) consent to admission to and retention in a facility for mental health treatment;

(e) instructions limiting the revocability of the directive;

(f) descriptions of situations that may cause the principal to experience a mental health crisis;

(g) descriptions of behaviors and other indicators that the principal lacks capacity;

(h) instructions to apply interventions that deescalate crisis behaviors and instructions to avoid interventions that escalate crisis behaviors;

(i) instructions regarding who should or should not be notified of the principal's admission to a treatment facility or be allowed to visit the principal at the facility;

(j) appointment of an agent to make mental health treatment decisions on the principal's behalf; and

(k) the principal's nomination of a guardian, limited guardian, or conservator for consideration by the court if guardianship proceedings are commenced.

Section 5. Validity of appointment of agent. If the directive appoints an agent, the agent may accept the appointment by signing the directive. The agent's signature does not have to be witnessed, notarized, or otherwise validated. The lack of agent's signature does not affect the validity of the

directive. The directive may provide for one or more alternate agents. The authority of the agent is in effect only after a determination of incapacity as provided in [sections 1 through 20] and only for as long as the period of incapacity.

Section 6. Prohibited elements. A directive may not:

(1) create an entitlement to mental health treatment or other medical treatment;

(2) obligate any health care provider, professional person, health care facility, or insurer to pay the costs associated with the treatment requested;

(3) obligate any health care provider, professional person, or health care facility to be responsible for services outside the scope of services the person or facility normally provides; or

(4) bind any person who is not a provider of health care services to confer any benefit on the principal.

Section 7. When a directive takes effect — determination of incapacity. (1) A directive is valid upon execution but takes effect only upon a determination of incapacity as provided in [sections 1 through 20].

(2) A principal, agent, professional person, or health care provider may seek a determination regarding whether the principal is incapacitated or has regained capacity.

(3) For the purpose of triggering the directive, a determination that the principal lacks capacity or has regained capacity must be made by the supervising health care provider.

(4) For the purpose of triggering the directive, a directive may require the concurrence of two health care providers, one of whom must be the supervising health care provider in the determination of incapacity. The directive may require that one of the concurring providers is a psychiatrist or other physician.

(5) The determination of incapacity must consider all factors identified in the directive as evidence of incapacity.

(6) Unless otherwise specified in the directive, the authority of an agent becomes effective upon a determination that the principal lacks capacity and ceases to be effective upon a determination that the principal has regained capacity.

Section 8. Provider of mental health services. (1) A provider of mental health services or a supervising health care provider shall:

(a) inquire whether a directive exists and make a written record of the response; and

(b) include a copy of the directive and any written revocation in the health care record if the directive or revocation are provided.

(2) A supervising health care provider who makes or is informed of a determination that a principal lacks or has regained capacity or that another condition exists that affects an individual instruction or the authority of an agent shall promptly record the determination or condition in the principal's health care record and communicate the determination or condition to the principal, if possible, and to any person or agent authorized to make health care decisions for the patient.

(3) After a determination of incapacity a supervising health care provider shall communicate health care decisions to the principal to the extent possible.

(4) A health care provider or institution providing care to the principal under the authority of a directive shall comply with the provisions of the

directive and with all reasonable interpretations of the directive by the agent to the fullest extent possible unless the supervising health care provider determines that:

(a) compliance violates the accepted standard of care;

(b) compliance conflicts with the applicable law or a court order;

(c) the requested treatment is not reasonably available; or

(d) an emergency situation exists and compliance endangers the principal's life or health.

(5) A health care provider or mental health professional may not require or prohibit the execution or revocation of a directive as a condition for providing health care. A health care provider's inability to follow the specific terms of the directive because it violates the standard of care does not require a revocation of the directive. A health care provider or mental health professional may not promote the creation, alteration, adoption, or revocation of a directive under circumstances that are or reasonably appear to be coercive.

Section 9. Duties of agent. (1) An agent shall act in good faith.

(2) An agent shall make health care decisions in accordance with the principal's written instructions or directive if any. When the agent must make decisions not addressed by the written instructions or directive, the agent shall base decisions on the principal's known wishes and upon the agent's best judgment about how the principal would decide based on the principal's own values and experience.

(3) An agent may resign by giving written notice to the principal. If the directive is in effect at the time of the resignation, the agent may resign by giving written notice to the supervising health care provider.

Section 10. Health care decisions in event of the principal's protest. An agent may make a health care decision over the protest of a principal who lacks capacity if:

(1) the directive is irrevocable at times of incapacity;

(2) the directive authorizes the agent to make the health care decision at issue; and

(3) the health care that is to be provided, continued, withheld, or withdrawn is determined and documented by the supervising health care provider to be medically appropriate and is otherwise permitted by law.

Section 11. Explicit authorization required for certain treatment. Electroconvulsive therapy or surgical or experimental treatment may be provided to a principal after a determination of incapacity only if the directive explicitly consents to the particular therapy or treatment.

Section 12. Authorization for admission to inpatient treatment — effect of directive. (1) A principal whose directive is irrevocable during a period of incapacity and who has provided consent to inpatient treatment in the directive or authorized an agent to consent to inpatient treatment may be admitted to inpatient mental health treatment if:

(a) a physician or psychiatric advanced practice registered nurse performs an evaluation of the principal, including consideration of history, diagnosis, and treatment needs and makes a written determination that the principal needs further inpatient evaluation or treatment that cannot be provided in a less restrictive setting; and

(b) the agent, if any, provides written consent.

(2) The directive may provide limited consent to inpatient treatment, including limitations upon the length of time for each period of hospitalization and limitations on the facility or facilities to which the principal consents to be admitted.

Section 13. Expiration. A directive is valid indefinitely unless the directive includes an expiration date. A directive that expires during a period of incapacity of the principal remains in effect until the principal's capacity is restored.

Section 14. Revocation. (1) The principal may revoke a directive in whole or in part orally or in writing at any time unless the directive provides that:

(a) the directive is not revocable during a period of incapacity; or

(b) the directive is not revocable for a specified period of time after a determination of incapacity.

(2) As allowed by the terms of the directive, the principal may:

(a) revoke the designation of an agent only by a signed writing or by personally informing the supervising health care provider; and

(b) revoke other parts of a directive other than the designation of an agent at any time and in any manner that communicates an intent to revoke.

(3) A health care provider, agent, guardian, or conservator who is informed of a revocation shall promptly communicate the fact of the revocation to the supervising health care provider and to any health care institution where the patient is receiving care.

(4) A decree of annulment, divorce, dissolution of marriage, or legal separation revokes a previous designation of a spouse as agent unless otherwise specified in the directive or in a durable power of attorney.

(5) A directive revokes all prior directives unless the newest directive instructs otherwise.

Section 15. Effect of directive on existing law. (1) A directive does not override other provisions of law including Title 46, chapter 14, Title 53, chapter 21, part 1, and Title 72, chapter 5.

(2) A directive has no legal effect during a period of involuntary inpatient commitment or a period during which a person is subject to a court order for the care, custody, and treatment of the person pursuant to Title 46, chapter 14.

(3) If a principal executes other directives allowed under Montana law, including a living will or other power of attorney, the other directives must be construed as consistent with and may not override the mental health care advance directive.

(4) In addition to a directive executed under [sections 1 through 20], a principal may designate an agent for other medical decisionmaking under 72-5-501 and 72-5-502.

Section 16. Nomination of guardian or conservator. A directive may nominate a guardian or conservator. The court in any guardianship proceeding shall determine whether there is a directive and shall appoint the guardian or conservator nominated in the directive, except when good cause or reason for disqualification exists.

Section 17. Decisions by guardian or conservator. When a valid directive is in existence at the time of a judicial determination of incapacity and appointment of a guardian or conservator of the principal:

(1) a guardian or conservator shall comply with the instructions in a principal's directive and may not revoke the principal's directive unless the appointing court provides authorization; and

(2) absent a court order to the contrary, a health care decision of an agent takes precedence over that of a guardian or conservator.

Section 18. Health care information. Unless otherwise specified in the directive, the agent has the same rights as the principal to request, receive, examine, copy, and consent to the disclosure of medical or any other health care information during a period of time when the agent is legally authorized to act on behalf of the principal.

Section 19. Immunities. (1) A health care provider or institution acting in good faith and in accordance with generally accepted health care standards applicable to the health care provider or institution is not subject to civil or criminal liability or discipline for unprofessional conduct for:

(a) complying with a health care decision of an agent who has authority under a directive to make a health care decision for a principal, including a decision to withhold or withdraw health care;

(b) declining to comply with a health care decision of a person claiming to be an agent based on a good faith belief that the person then lacked authority; or

(c) complying with a directive and assuming that the directive was valid when made and has not been revoked or terminated.

(2) A person acting as agent under [sections 1 through 20] is not subject to civil or criminal liability or discipline for unprofessional conduct for health care decisions made in good faith.

Section 20. Judicial review. (1) A health care provider, principal, agent, or other interested person may request judicial review of the validity of a directive.

(2) A health care provider, principal, or other interested person may request judicial review of a decision by the agent.

Section 21. Section 72-5-402, MCA, is amended to read:

"72-5-402. Contents of petition. (1) The petition must set forth to the extent known:

(f) the reason why appointment of a conservator or other protective order is necessary.

(2) If the appointment of a conservator is requested, the petition also must set forth the name and address of the person whose appointment is sought and the basis of the person's priority for appointment.

(3) The petition must affirm that no mental health care advance directive exists or, if a directive exists, the directive must be attached to the petition."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 13-13-241, MCA, is amended to read:

(1) (a) After an absentee ballot is received, an election administrator shall compare the signature of the elector or elector's agent on the absentee ballot request with the signature on the absentee ballot return envelope.

(b) If the elector is legally registered and the signature on the return envelope matches the signature on the absentee ballot application, the election administrator or an election judge shall handle the ballot as a regular ballot.

(c) (i) If the elector is provisionally registered and the signature on the return envelope matches the signature on the absentee ballot application, the election administrator or an election judge shall open the outer return envelope and determine whether the elector's voter identification and eligibility information, if enclosed pursuant to 13-13-201, is sufficient pursuant to rules adopted under 13-2-109 to legally register the elector.

(ii) the security in the observation area;

(iii) secrecy of votes during the preparation of the ballots; and

(b) If the elector is legally registered and the signature on the return envelope matches the signature on the absentee ballot application, the election administrator or an election judge shall handle the ballot as a regular ballot.

(c) (i) If the elector is provisionally registered and the signature on the return envelope matches the signature on the absentee ballot application, the election administrator or an election judge shall open the outer return envelope and determine whether the elector's voter identification and eligibility information, if enclosed pursuant to 13-13-201, is sufficient pursuant to rules adopted under 13-2-109 to legally register the elector.

(ii) If the voter identification and eligibility information is sufficient to legally register the elector, the ballot must be handled as a regular ballot.

(iii) If voter identification or eligibility information was not enclosed or the information enclosed is insufficient to legally register the elector, the ballot must be handled as a provisional ballot under 13-15-107.

(2) If a voted absentee ballot has not been placed in a secrecy envelope, the election administrator shall place the ballot in a secrecy envelope without examining the ballot.

(3) In a primary election, unvoted party ballots must be separated from the secrecy envelopes and handled without being removed from their enclosure envelopes.

(4) If an elector's ballot is to be handled as a provisional ballot, the election administrator shall notify the absentee elector ~~by mail or by the most expedient method available under rules adopted by the secretary of state that the elector's identification or eligibility information was insufficient and that the elector's ballot will be treated as a provisional ballot until the elector provides sufficient information, pursuant to rules adopted by the secretary of state. If the elector is notified by mail, the election administrator shall provide a self-addressed return envelope along with a description of the information necessary for the absentee elector to reclassify the provisional ballot as a regular ballot~~ *as provided in [section 7 of House Bill No. 99]*.

~~(6) The elector may verify the signature by affirming that the signature is in fact the elector's or by completing a new registration card containing the elector's current signature or by filing a new agent designation form.~~

~~(7) If an elector notified pursuant to subsection (5) fails to verify the signature before 8 p.m. on election day, the ballot must be handled as a provisional ballot under 13-15-107~~ *as provided in [section 7 of House Bill No. 99].*

WHEREAS, the Legislature of the State of Montana recognizes the importance of the systematic and orderly development of coal mining operations and the need to ensure that fair market value is realized in the leasing of state coal reserves; and

WHEREAS, the Legislature desires to streamline the leasing process and to ensure that existing terms are construed in a manner consistent with original legislative intent.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-3-305, MCA, is amended to read:

(2) ~~if, after a determination of the amount, location, and quality of the coal on the lands for lease,~~ *The board shall consider whether* the extraction of the coal from ~~such~~ *those* lands by strip-mining methods would adversely affect the methods of recovery of deep minable coal from ~~such~~ *those* operations on ~~such~~ *those* lands in the future."

Section 2. Section 77-3-312, MCA, is amended to read:

"77-3-312. Section 4. Section 77-3-314, MCA, is amended to read:

(2) A lease not producing coal in commercial quantities at the end of the primary term ~~shall~~ *must* be terminated, unless the leased lands are described in a strip mine permit issued under 82-4-221 or in a mine-site location permit under 82-4-122 prior to the end of the primary term, and the lease ~~shall~~ *may* not be terminated so long as ~~said~~ *the* lands are covered and described under valid permit.

Section 5. Section 77-3-316, MCA, is amended to read:

"77-3-316. Rental and royalty terms. (1) The compensation of the state under all coal mining leases ~~shall~~ *must* be upon a rental and royalty basis and ~~shall~~ *must* be fixed and determined by the board.

(2) The rental and royalty terms of each lease ~~shall~~ *must* be subject to readjustment to reflect fair market value at the end of its primary term of 10 years and at the end of each 5-year period thereafter if the lease is producing coal in commercial quantities.

(3) The rental ~~shall~~ *may* be on a ~~per acre~~ *per-acre* basis *or per-ton basis* but ~~in no case shall it~~ *the rental may not* be less than $2 per acre.

[HB 543]

AN ACT REVISING THE LAW RELATING TO THE ADOPTION OF MATERIAL BY REFERENCE IN ADMINISTRATIVE RULES BY AGENCIES SUBJECT TO THE MONTANA ADMINISTRATIVE PROCEDURE ACT; AMENDING SECTION 2-4-307, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-307, MCA, is amended to read:

"2-4-307. Omissions from ARM or register. (1) An agency may adopt by reference any model code, federal agency rule, rule of any agency of this state, or other similar publication if*:*

(a) the publication of the model code, rule, or other publication would be unduly cumbersome, expensive, or otherwise inexpedient*; and*

(b) it is reasonable for the agency to adopt the model code, rule, or other publication for the state of Montana.

(2) The model code, rule, or other publication must be adopted by reference in a rule adopted under the rulemaking procedure required by this chapter. The rule must contain a citation to the material adopted by reference and a statement of the general subject matter of the omitted rule and must state where a copy of the omitted material may be obtained. Upon request of the secretary of state, a copy of the omitted material must be filed with the secretary of state.

(3) (a) The model code, rule, or other publication to be adopted by an agency pursuant to subsection (1):

(i) must be in existence at the time that the agency's notice of proposed rulemaking is published in the register;

(ii) must be available to the public for comment, through either publication in the register or publication in an electronic format on the agency's web page, during the time that the rule adopting the model code, rule, or other publication is itself subject to public comment; and

(iii) except as provided in subsection (3)(b), may not be altered between the time of publication of the notice of proposed rulemaking and the publication of the notice of adoption by the agency proposing the rule unless the alteration is required in order to respond to comments in the rulemaking record of the adopting agency.

(b) If the model code, rule, or other publication is altered by the agency between the time of the publication of the notice of proposed rulemaking and the notice of adoption, the part of the model code, rule, or other publication that is altered by the agency is not adopted unless that part is also subject to a separate process of adoption as provided in this section.

(c) If the model code, rule, or other publication is made available on the agency's website, the website may provide either the full text of the model code, rule, or other publication or a link to the source of the official electronic text of the model code, rule, or other publication.

~~(3)~~*(4)* A rule originally adopting by reference any model code or rule provided for in subsection (1) may not adopt any later amendments or editions of the material adopted. Except as provided in subsection ~~(5)~~ *(6)*, each later amendment or edition may be adopted by reference only by following the rulemaking procedure required by this chapter.

~~(4)~~*(5)* If requested by a three-fourths vote of the appropriate administrative rule review committee, an agency shall immediately publish the full or partial text of any pertinent material adopted by reference under this section. The committee may not require the publication of copyrighted material. Publication of the text of a rule previously adopted does not affect the date of adoption of the rule, but publication of the text of a rule before publication of the notice of final adoption must be in the form of and is considered to be a new notice of proposed rulemaking.

~~(5)~~*(6)* Whenever later amendments of federal regulations must be adopted to comply with federal law or to qualify for federal funding, only a notice of incorporation by reference of the later amendments must be filed in the register. This notice must contain the information required by subsection (2) and must state the effective date of the incorporation. The effective date may be no sooner than 30 days after the date upon which the notice is published unless the 30 days causes a delay that jeopardizes compliance with federal law or qualification for federal funding, in which event the effective date may be no sooner than the date of publication. A hearing is not required unless requested under 2-4-315 by either 10% or 25, whichever is less, of the persons who will be directly affected by the incorporation, by a governmental subdivision or agency, or by an association having not less than 25 members who will be directly affected. Further notice of adoption or preparation of a replacement page for the ARM is not required.

~~(6)~~*(7)* If a hearing is requested under subsection ~~(5)~~ *(6)*, the petition for hearing must contain a request for an amendment and may contain suggested language, reasons for an amendment, and any other information pertinent to the subject of the rule."

Section 2. Applicability. [This act] applies to rules proposed by an agency, as defined in 2-4-102, on or after October 1, 2011.

CHAPTER NO. 334

[HB 559]

AN ACT PROVIDING THAT SMALL AND SEASONAL ESTABLISHMENTS SUCH AS GUEST RANCHES AND OUTFITTING AND GUIDE FACILITIES ARE SUBJECT TO VOLUNTARY GUIDELINES ADDRESSING BASIC HEALTH STANDARDS RATHER THAN REGULATIONS; CLARIFYING THE METHOD OF ESTABLISHING THE AVERAGE NUMBER OF GUESTS

PER DAY FOR SEASONAL AND SMALL ESTABLISHMENTS; CLARIFYING THAT LOCAL GOVERNMENTS MAY ADOPT ORDINANCES ADDRESSING BASIC HEALTH STANDARDS; AND AMENDING SECTIONS 50-51-101, 50-51-102, 50-51-103, 50-51-201, AND 50-51-401, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 50-51-101, MCA, is amended to read:

"50-51-101. Findings and purpose of regulation *or guidelines.* (1) It is found that the *welfare of the* public ~~welfare requires control and regulation of~~ *is benefited by regulation or voluntary guidelines for* the operation of establishments providing lodging space accommodations and ~~the control, inspection, and regulation of~~ *for* persons providing accommodations in order to prevent or eliminate unsanitary and unhealthful conditions and practices, which conditions and practices may endanger public health. It is further found that the regulation of *or application of voluntary guidelines to* establishments providing lodging space accommodations is in the interest of social well-being and the health and safety of the state and all of its people.

(2) The legislature recognizes that there is a wide disparity in the type of establishments, especially in the size, the time of year at which the establishments operate, and the ability of small establishments with few employees and a limited operating season to conform to the same standards to which larger establishments are required to conform. These factors must be considered, especially in the operation of small or seasonal businesses that are such an important part of Montana's tourism business. For these reasons, the legislature believes that department ~~rules~~ *actions* must be tailored to properly and reasonably address differences in the size, location, purpose, and time of year of operation of certain small or seasonal establishments. The legislature believes that ~~rules governing certain small or seasonal establishments must be limited to requirements meant to ensure~~ *guidelines to assist these small and seasonal establishments with addressing basic health standards are appropriate, rather than regulations. The guidelines should be voluntary and address* basic health standards and should not detract from the rustic, out-of-doors experience offered by many guest ranches and outfitter and guide facilities and desired by many tourists. *The legislature is also aware that most of these small and seasonal establishments such as guest ranches and outfitting and guide facilities have not been subject to department regulation. While voluntary guidance from the department on basic public health concerns may benefit these establishments, regulation is not warranted.*"

Section 2. Section 50-51-102, MCA, is amended to read:

"50-51-102. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) "Bed and breakfast" means a private, owner- or manager-occupied residence that is used as a private residence but in which:

(3) The department ~~shall~~ *may not adopt rules governing guest ranches and outfitting and guide facilities that meet the definitions in 50-51-102 but may* adopt ~~rules~~ *voluntary guidelines for these facilities* ~~governing guest ranches and outfitting and guide facilities~~. The *guidelines* ~~rules~~ must take into consideration the size, type, location, and seasonal operations of an establishment and may include only ~~rules~~ *guidelines* to:

(a) ~~ensure~~ *address* that the establishment has safe drinking water and an adequate water supply;

(b) ensure an adequate and sanitary sewage system and ensure adequate and sanitary refuse collection and disposal; *and*

(c) address food safety concerns, such as adequate storage, refrigeration, and food handling~~;~~. ~~and~~

~~(d) establish staggered license expiration dates by implementing an initial licensing period determined by the department.~~

(4) ~~Rules adopted to implement subsection (3) must be adopted through negotiated rulemaking pursuant to the Montana Negotiated Rulemaking Act.~~ *These guidelines must be developed through a negotiated process in cooperation with guest ranches and outfitters and guides. These guidelines are not intended to be regulatory in nature.*

(5) The department shall develop guidelines for county sanitarians to ~~ensure the uniform application of rules statewide. The guidelines must be relative to each type of establishment~~ *provide assistance to guest ranches and outfitters and guides, and the guidelines must be tailored to the needs of each type of establishment*.

~~(6) Upon receiving an application for licensure, the department shall timely provide the applicant with a copy of the rules appropriate for the applicant's type of establishment.~~

(6) As provided in 7-1-113, nothing in this section prohibits a local government from adopting an ordinance that:

AN ACT PROVIDING FOR A REDUCTION IN THE DEPARTMENT OF REVENUE MARKUP ON LIQUOR SOLD BY THE STATE BASED UPON THE PERCENTAGE OF MONTANA-PRODUCED INGREDIENTS USED IN THE PRODUCTION OF THE LIQUOR; PROVIDING RULEMAKING AUTHORITY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. State liquor markup reduction — Montana-produced ingredients. (1) Based upon the percentage of Montana-produced ingredients that are used in producing a liquor, the department shall reduce the liquor markup charged by the department in determining the wholesale price of the liquor. To qualify for a reduced markup, the liquor must have been manufactured, distilled, rectified, bottled, or processed by a distillery that produces 25,000 proof gallons or less of liquor nationwide annually. The reduction in the markup must be determined as follows:

Percent of Montana-Produced Ingredients	Reduction in Markup
50% to 64%	50%
65% to 74%	75%
75% to 100%	100%

(2) For the purposes of this section, the liquor markup is the standard markup added to the department's base case price used in determining the wholesale price of liquor for products other than fortified wine or sacramental wine and does not include the reduced markup that results from the department's reduced prices for products designated for closeout or inventory reduction. The reduced markup must be applied to the standard liquor markup minus associated agency liquor store commissions and discount rate costs pursuant to 16-2-101 and costs of operating the central liquor warehouse and must be determined by the department on a yearly basis.

(3) (a) The percent of Montana-produced ingredients is determined as a percentage of the total applicable dry and wet weights of all the fermentable and flavor ingredients used in the production of the liquor as provided by rule adopted by the department.

(b) For the purposes of this section, a Montana-produced ingredient is an agricultural product, either processed or unprocessed, that in its unprocessed state was grown in Montana or, if it is a processed ingredient, that was processed in Montana from unprocessed agricultural products that were grown in Montana. Water is not an ingredient.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 16, and the provisions of Title 16 apply to [section 1].

Section 3. Nonseverability. It is the intent of the legislature that each part of [this act] is essentially dependent upon every other part, and if one part is held unconstitutional or invalid, all other parts are invalid.

"33-31-201. Establishment of health maintenance organizations. (1) Notwithstanding any law of this state to the contrary, a person may apply to the commissioner for and obtain a certificate of authority to establish and operate a health maintenance organization in compliance with this chapter. A person may not establish or operate a health maintenance organization in this state except as authorized by a subsisting certificate of authority issued to it by the commissioner. A foreign person may qualify for a certificate of authority if it first obtains from the secretary of state a certificate of authority to transact business in this state as a foreign corporation under 35-1-1028.

(2) Each application of a health maintenance organization, whether separately licensed or not, for a certificate of authority must:

(a) be verified by an officer or authorized representative of the applicant;

(b) be in a form prescribed by the commissioner;

(c) contain:

(i) the applicant's name;

(ii) the location of the applicant's home office or principal office in the United States, if a foreign person;

(iii) the date of organization or incorporation;

(iv) the form of organization, including whether the providers affiliated with the health maintenance organization will be salaried employees or group or individual contractors;

(v) the state or country of domicile; and

(vi) any additional information that the commissioner may reasonably require; and

(d) set forth the following information or be accompanied by the following documents, as applicable:

(i) a copy of the applicant's organizational documents, such as its corporate charters or articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents, and all amendments to those documents, certified by the public officer with whom the originals were filed in the state or country of domicile;

(iv) a copy of any contract made or to be made between:

(A) any provider and the applicant; or

(B) any person listed in subsection (2)(d)(iii) and the applicant. The applicant may file a list of providers executing a standard contract and a copy of the contract instead of copies of each executed contract.

(v) the extent to which any of the following will be included in provider contracts and the form of any provisions that:

(A) limit a provider's ability to seek reimbursement for basic health care services or health care services from an enrollee;

(B) permit or require a provider to assume a financial risk in the health maintenance organization, including any provisions for assessing the provider, adjusting capitation or fee-for-service rates, or sharing in the earnings or losses; and

(C) govern amending or terminating an agreement with a provider;

(vi) a financial statement showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent certified financial statement satisfies this requirement unless the commissioner directs that additional or more recent financial information is required for the proper administration of this chapter.

(vii) a description of the proposed method of marketing, a financial plan that includes a projection of operating results anticipated until the organization has had net income for at least 1 year, and a statement as to the sources of working capital as well as any other source of funding;

(ix) a statement reasonably describing the geographic service area or areas to be served, by county, including:

(A) a chart showing the number of primary and specialty care providers, with locations and service areas by county;

(B) the method of handling emergency care, with the location of each emergency care facility; and

(C) the method of handling out-of-area services;

(x) a description of the way in which the health maintenance organization provides services to enrollees in each geographic service area, including the extent to which a provider under contract with the health maintenance organization provides primary care to those enrollees;

(xi) a description of the complaint procedures to be used as required under 33-31-303;

Contracts for delegated management authority must be filed with the commissioner in accordance with the filing provisions of 33-31-301(2). All contracts must include:

(A) the services to be provided;

(B) the standards of performance for the manager;

(C) the method of payment, including any provisions for the administrator to participate in the profits or losses of the plan;

The commissioner may, after notice and hearing, disapprove any proposed change, alteration, or amendment to the business plan. The commissioner may adopt reasonable rules exempting from the filing requirements of this subsection those items that the commissioner considers unnecessary.

(4) An applicant or a health maintenance organization holding a certificate of authority shall file with the commissioner all contracts of reinsurance and any modifications to the contracts. An agreement between a health maintenance organization and an insurer is subject to Title 33, chapter 2, part 12. A reinsurance agreement must remain in full force and effect for at least 90 days following written notice of cancellation by either party by certified mail to the commissioner.

(5) Each health maintenance organization shall maintain, at its administrative office and make available to the commissioner upon request executed copies of all provider contracts.

(6) The commissioner may adopt reasonable rules exempting an insurer or health service corporation operating a health maintenance organization as a plan from the filing requirements of this section if information requested in the application has been submitted to the commissioner under other laws and rules administered by the commissioner.

(7) (a) The commissioner may waive the requirements of this section for a PACE organization that has entered into a PACE program agreement pursuant to 42 U.S.C. 1396u-4.

(b) A request for waiver must be submitted in a form prescribed by the commissioner. The waiver application must be filed and approved annually. The annual renewal process must be completed by June 30 of each year.

(c) The factors that the commissioner may take into account when granting a waiver include but are not limited to the financial condition of the PACE organization, any consumer complaints against the PACE organization, and the length of time the PACE organization has been in business.

(d) The PACE organization shall submit an audited financial statement for the organization as a whole and a financial statement for the PACE program specifically with the initial waiver application and annually on June 30. The commissioner may request additional information necessary to evaluate the waiver request.

(e) The waiver automatically expires if the certification of the PACE organization by the centers for medicare and medicaid services or the department of public health and human services expires or is terminated.

(f) The PACE organization shall notify the commissioner within 30 days if the centers for medicare and medicaid services takes adverse action or issues any warnings regarding the continuation of the PACE organization.

(8) (a) (i) The commissioner may waive the requirements of this section for an accountable care organization. Upon establishment of a medicare shared savings program pursuant to 42 U.S.C. 1395jjj, an accountable care organization shall demonstrate compliance with the program requirements in a manner determined by the commissioner.

(ii) The commissioner shall follow the medicare shared savings program structure in developing compliance criteria needed for obtaining a waiver.

(b) A request for waiver must be submitted in a form prescribed by the commissioner. The waiver application must be filed and approved every 3 years. The renewal process must be completed by June 30 of every third year.

After the public hearing, the boards of county commissioners shall order and give notice of an election to be held for the purpose of determining whether or not to change the boundaries of the adjoining counties. The order may not be made less than 75 days before the election is to be held.

The resolution must include the legal description of the new boundaries of each county.

Section 7. Transfer of certified copies — costs to be reimbursed — tax levy authorized. The abstract must include deeds, mortgages, assignments of mortgages, leases, mining claims, and any other documents recorded from the date that the county was created to the date of the boundary change implementation as provided in [section 6].

(b) The land title company with which the clerk contracts must be a member in good standing of the Montana land title association.

(3) The clerk shall certify each copy of the recorded documents included in the abstract and shall transfer all copies of indexes and recorded documents certified pursuant to this section to the county clerk of the county to which the property will be transferred. The clerk of the county to which the property will be transferred shall record the documents pursuant to 7-4-2617 and shall maintain an index of the documents pursuant to 7-4-2619.

(4) Actual or customary costs incurred by a county in complying with subsections (1) through (3) must be reimbursed to the county from which certified copies are transferred. Subject to 15-10-420, the county to which records are transferred may levy a property tax against the property that has

been transferred in the amount necessary to reimburse the county that incurred the costs. The property tax levied as provided in this subsection may be collected over a period of up to 5 years.

Section 8. Notification of boundary change — certification of taxable value — indebtedness. (1) Upon implementation of a boundary change under [sections 1 through 9], the county clerk and recorders in the adjoining counties where the boundary was changed shall notify the department of administration, the department of revenue, and the secretary of state of the boundary change.

(2) The department of revenue shall certify to each adjoining county the total taxable value within each county for the year following implementation of the boundary change accounting for the transfer of the property.

(3) The provisions of 7-2-102 apply to a boundary change implemented as provided in [sections 1 through 9].

Section 9. Effect on school districts. Relocation of property from one county to another under [sections 1 through 9] does not affect school district boundaries, the operation of a school district, or the county in which the district was located before the boundary was changed.

Section 10. Section 7-2-103, MCA, is amended to read:

Section 18. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-108, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

(iv) a levy for the support of a study commission under 7-3-184;

(v) a levy for the support of a newly established regional resource authority; ~~or~~

(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703*; or*

(vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under [section 7] upon relocation of a county boundary.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 19. Codification instruction. [Sections 1 through 9] are intended to be codified as an integral part of Title 7, chapter 2, and the provisions of Title 7, chapter 2, apply to [sections 1 through 9].

WHEREAS, the Legislature finds that members of the Montana National Guard, residents of Montana in the federal reserves, and Montana residents serving on active duty in the armed forces have all made sacrifices of various kinds in order to serve the state and their country in times of war or national emergency; and

WHEREAS, the Legislature further finds that while those sacrifices may be difficult to quantify or compare because they range from loss of time with family and friends due to demands of reserve duty to loss of life in the service of the country, those sacrifices have in common that they occurred because of the status of the individual as a member of the armed forces; and

WHEREAS, the Legislature further finds that it has the authority pursuant to Article II, section 35, of the Montana Constitution to recognize and reward this status by providing special consideration to the status of service members and veterans; and

WHEREAS, the Legislature finds that it is appropriate to reward this status and the sacrifices the status represents by facilitating the fulfillment of the

American dream of home ownership for those who serve or have served in the American armed forces; and

WHEREAS, the purpose of the Montana Veterans' Home Loan Mortgage Program Act is not to provide the most substantial return on the investment of money in the coal tax trust fund used for the program but to use some of the money in the trust fund for a mortgage loan program so that first-time home buyers who are eligible veterans can acquire a mortgage loan at a rate lower than prevailing market rates and in this way reward those eligible veterans who have served this country well and reward the unremarried spouses of eligible veterans who have made the ultimate sacrifice in service to their country.

(2) The department may contract with one or more persons for the management of comprehensive physical health services and the management of comprehensive mental health services for medicaid recipients. The department may contract for the provision of these services by means of a fixed monetary or capitated amount for each recipient.

(3) A managed care system is a program organized to serve the medical needs of medicaid recipients in an efficient and cost-effective manner by managing the receipt of medical services for a geographical or otherwise defined population of recipients through appropriate health care professionals.

(4) The provision of medicaid services through managed care and capitated health care systems is not subject to the limitations provided in 53-6-104. The managed care or capitated health care system that is provided to a defined population of recipients may be based on one or more of the medical assistance services provided for in 53-6-101.

(5) The proposed systems, referred to in subsection (1), must be submitted to the legislative finance committee. The legislative finance committee shall review the proposed systems at its next regularly scheduled meeting and shall provide any comments concerning the proposed systems to the department.

(6) A managed care or capitated health care system, except for a primary care case management service, that requires for implementation a waiver from the centers for medicare and medicaid is subject to the provisions of Title 53, chapter 6, part 7."

Section 6. Section 53-6-702, MCA, is amended to read:

"53-6-702. Definitions. As used in this part, the following definitions apply:

(1) "Department" means the department of public health and human services.

(2) "Health maintenance organization" means a health maintenance organization as defined in 33-31-102.

~~(3) (a) "Managed care community network" or "network" means an entity, other than a health maintenance organization, that provides or arranges for comprehensive physical or mental health care services under a contract with the department, that is reimbursed by a capitated rate or a fixed monetary amount for a specified time period with a risk of financial loss or a financial incentive to the entity, and that:~~

~~(i) contracts for an estimated annual value of $1 million or more of state and federal medicaid funds; or~~

~~(ii) operates statewide or covers 20% or more of the medicaid population.~~

~~(b) The term does not include a provider of health care services under a contract with the department on a fee-for-service basis or a PACE organization, as defined in 42 CFR 460.6, that has received a waiver under 33-31-201.~~

~~(4)~~*(3) (a)* "Managed health care entity" or "entity" means a health maintenance organization or ~~a managed care community network~~ *an insurer regulated under Title 33 that:*

(i) contracts for an estimated annual value of $1 million or more of state and federal medicaid funds; or

(ii) operates statewide or covers 20% or more of the medicaid population.

(b) The term does not include:

(i) a provider of health care services under a contract with the department on a fee-for-service basis;

(ii) a medicaid primary care case management service within the meaning of 42 CFR 438; or

(iii) a PACE organization, as defined in 42 CFR 460.6, that has received a waiver under 33-31-201.

~~(5)~~*(4)* "Program" means an element of the integrated health care system created by this part."

Section 7. Section 53-6-704, MCA, is amended to read:

"53-6-704. Different benefit packages. (1) The department may by rule provide for different benefit packages for different categories of persons enrolled in the program. Alcohol and substance abuse services, services for mental disorders, services related to children with chronic or acute conditions requiring longer-term treatment and followup, and rehabilitation care provided by a freestanding rehabilitation hospital or a rehabilitation unit may be excluded from a benefit package and those services may be made available through a separate delivery system. If a service is excluded from the program but made available in a separate delivery system by a managed *health* care entity, that managed *health* care entity is subject to this part. An exclusion does not prohibit the department from developing and implementing demonstration projects for categories of persons or services. Benefit packages for persons eligible for medical assistance under Title 53, chapter 6, parts 1 and 4, may be based on the requirements of those parts and must be consistent with the Title XIX of the Social Security Act. This part applies only to services purchased by the department.

(2) The program established by this part may be implemented by the department in various contracting areas at various times. The health care delivery systems and providers available under the program may vary throughout the state. Except as otherwise provided in a contract for mental health services *and subject to the public comment and review provisions of [sections 1 and 2]*, a licensed managed health care entity must be permitted to contract in any geographic area for which it has a sufficient provider network and that otherwise meets the requirements of the state contract."

Section 8. Section 53-6-705, MCA, is amended to read:

"53-6-705. Requirements for managed health care entities. (1) A managed health care entity that contracts with the department for the provision of services under the program shall comply with the requirements of this section for purposes of the program.

(2) The entity shall provide for reimbursement for health care providers for emergency care, as defined by the department by rule, that must be provided to its enrollees, including emergency room screening services and urgent care that it authorizes for its enrollees, regardless of the provider's affiliation with the managed health care entity. Health care providers must be reimbursed for emergency care in an amount not less than the department's rates for those medical services rendered by health care providers who are not under contract with the entity to enrollees of the entity.

(3) The entity shall maintain a network of health care providers that is sufficient in number and type to ensure that the services approved by the department for delivery to medicaid recipients covered by the entity are available without unreasonable delay as required under the network adequacy and quality assurance provisions of Title 33, chapter 36, and any rules promulgated under that chapter.

~~(3)~~*(4)* The entity shall provide that any health care provider affiliated with a managed health care entity may also provide services on a fee-for-service basis to department clients who are not enrolled in a managed health care entity.

~~(4)~~*(5)* The entity shall provide client education services as determined and approved by the department, including but not limited to the following services:

(a) education regarding appropriate use of health care services in a managed care system;

(b) written disclosure of treatment policies and any restrictions or limitations on health services, including but not limited to physician services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologicals, and radiological examinations; and

(c) written notice that the enrollee may receive from another provider those medicaid-covered services that are not provided by the managed health care entity but that are the financial responsibility of the entity.

~~(5)~~*(6)* The entity shall provide that enrollees within its system will be informed of the full panel of health care providers. Contracts for the provision of services beyond 125 miles from the borders of Montana may not be entered into if services of comparable cost and quality are available within the state of Montana.

~~(6)~~*(7)* The entity may not discriminate in its enrollment or disenrollment practices among recipients of medical services or program enrollees based on health status.

~~(7)~~*(8)* For purposes of participation in the medicaid program, the entity shall comply with quality assurance and utilization review requirements established *in Title 33, chapter 36, and* by the department by rule.

~~(8)~~*(9)* The entity shall require that each provider meets the standards for accessibility and quality of care established by law. The department shall prepare an annual report regarding the effectiveness of the standards on ensuring access and quality of care to enrollees.

~~(9)~~*(10)* The entity shall maintain, retain, and make available to the department records, data, and information, in a uniform manner determined by the department, that ~~is~~ *are:*

(a) sufficient for the department*, the legislative auditor's office, and the state auditor's office* to monitor utilization, accessibility, and quality of care*;* and ~~that is~~

(b) consistent with accepted practices in the health care industry.

~~(10)~~*(11)* Except for health care providers who are prepaid, the entity shall pay all approved claims for covered services that are correctly completed and submitted to the entity within 30 days after receipt of the claim or receipt of the appropriate capitation payment or payments by the entity from the state for the month in which the services included on the claim were rendered, whichever is later. If payment is not made or mailed to the provider by the entity by the due date under this subsection, an interest penalty of 1% of any amount unpaid must be added for each month or fraction of a month after the due date until final payment is made. This part does not prohibit managed health care entities and health care providers from mutually agreeing to terms that require more timely payment.

~~(11)~~*(12)* The entity shall seek cooperation with community-based programs provided by local health departments, such as the women, infants, and children food supplement program, childhood immunization programs, health education programs, case management programs, and health screening programs.

~~(12)~~*(13)* The entity shall seek cooperation with community-based organizations, as defined by rule of the department, that may continue to operate under a contract with the department or a managed health care entity under this part to provide case management services to medicaid clients.

~~(13)~~*(14)* A managed health care entity that provides written notice pursuant to subsection ~~(4)(c)~~ *(5)(c)* to an enrollee of medicaid-covered services available from another provider is responsible for payment for those services by another provider.

(15) A managed health care entity may not begin operation before the approval of any necessary federal waivers and the completion of the review of an application submitted to the department. The department may charge the applicant an application review fee for the department's actual cost of review of the application. The fee must be adopted by rule by the department. Fees collected by the department must be deposited in an account in the special revenue fund to be used by the department to defray the cost of application review."

Section 9. Section 53-6-707, MCA, is amended to read:

"53-6-707. Payment reductions and adjustments — freedom to contract. (1) The department shall by rule establish a method to reduce its payments to managed health care entities to take the following into consideration:

(a) any adjustment payments paid to health care facilities under subsection (2)(b) to the extent that those payments or any part of those payments have been taken into account in establishing capitated rates under 53-6-705; and

(b) the implementation of methodologies to limit financial liability for managed health care entities under 53-6-705.

(2) For key services provided by a hospital *or nursing facility* that contracts with an entity, adjustment payments that are not included in capitated rates must be paid directly to the hospital *or nursing facility* by the department. Adjustment payments ~~may~~ include but ~~need not be~~ *are not* limited to:

(a) adjustment payments to disproportionate share hospitals as defined by department rule;

(b) perinatal center payments; ~~and~~

(c) payments for ~~capital,~~ direct medical education, indirect medical education, and certified registered nurse anesthetists*;*

(d) supplemental medicaid payments to hospitals made pursuant to 53-6-149; and

(e) supplemental medicaid payments to nursing facilities made pursuant to 15-60-211.

(3) For any hospital *or nursing facility* eligible for the adjustment payments described in this section, the department shall maintain, through the period ending June 30, 1996, reimbursement levels in accordance with statutes and rules in effect at the time the payments are made.

(4) The department may not assign an existing agreement with a medicaid provider to a managed health care entity. The managed health care entity shall enter into a new agreement with a provider in order for the provider to be considered a part of the managed health care entity's network of providers.

~~(4)~~*(5)* This part does not limit or otherwise impair the authority of the department to enter into a contract, negotiated pursuant to this part, with a managed health care entity, including a health maintenance organization, that provides for termination or nonrenewal of the contract without cause upon notice as provided in the contract and without a hearing. If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount,

scope, or duration of the medical services made available under the Montana medicaid program and managed care."

Section 10. Section 53-21-701, MCA, is amended to read:

"53-21-701. Mental health managed care allowed — contract. (1) The department of public health and human services may contract with one or more persons for the management of comprehensive mental health services for medicaid recipients, as provided in 53-6-116, and for persons in households not eligible for medicaid with family income that does not exceed 160% of the federal poverty threshold or that does not exceed a lesser amount determined in the discretion of the department. The department shall determine whether or not a potential contractor that will serve medicaid enrollees is a managed *health* care ~~community network~~ *entity*, as defined in 53-6-702, prior to entering into a contract and shall ensure that each contractor that qualifies as a managed *health* care ~~community network~~ *entity* complies with the provisions of Title 53, chapter 6, part 7, for the medicaid portion of the program.

(2) A managed care system is a program organized to serve the mental health needs of recipients in an efficient and cost-effective manner by managing the receipt of comprehensive mental health care and services for a geographical or otherwise defined population of recipients through appropriate health care professionals. The management of mental health care services must provide for services in the most cost-effective manner through coordination and management of the appropriate level of care and appropriate level of services.

(3) The department may enter into one or more contracts with a managed health care entity~~, as defined in 53-6-702,~~ for the administration or delivery of mental health services. These contracts may be based upon a fixed monetary amount or a capitated amount for each individual, and a contractor may assume all or a part of the financial risk of providing and making payment for services to a set population of eligible individuals if the contractor has complied with *Title 33, chapter 31, and* Title 53, chapter 6, part 7. The department may require the participation of recipients in managed care systems based upon geographical, financial, medical, or other factors that the department may determine are relevant to the development and efficient operation of the managed care systems. Any contract for delivery of mental health care services that includes hospitalization or physician services, or both, must include a provision that, prior to final award of a contract, a successful bidder that serves adults shall enter into an agreement regarding the Montana state hospital and the Montana mental health nursing care center that is consistent with 53-1-402, 53-1-413, and 90-7-312 and that includes financial incentives for the development and use of community-based services, rather than the use of the state institutional services.

(4) The department shall formally evaluate contract performance with regard to specific outcome measures. The department shall explicitly identify performance and outcome measures that contractors are required to achieve in order to comply with contract requirements and to continue the contract. The contract must provide for progressive intermediate sanctions that may be imposed for nonperformance. The contract performance evaluation must include a section concerning contract enforcement, including any sanctions imposed along with the rationale for not imposing a sanction when the imposition is authorized. The evaluation must be performed at least annually."

AN ACT REVISING THE UNIFORM PENALTY ASSESSMENTS ON DELINQUENT TAXES; AMENDING THE WAIVER OF INTEREST; PROVIDING THAT THE PENALTIES FOR SUBSTANTIAL UNDERSTATEMENT OF A TAX OR FOR FILING A FRAUDULENT OR

FRIVOLOUS RETURN OR REPORT ARE SIMILAR TO FEDERAL PENALTIES; AMENDING SECTIONS 15-1-206 AND 15-1-216, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-206, MCA, is amended to read:

"15-1-206. Waiver of penalties — interest. (1) The department may, in its discretion, waive, for reasonable cause, any penalty assessed by the department.

(2) Whenever the department waives a penalty provided for in this title, it also may, in its discretion, waive interest not to exceed ~~$100 due upon the tax~~ *$500 due per tax period.* ~~.~~ *When the department enters into a payment plan with a taxpayer that allows the taxpayer to make installment payments of delinquent taxes, interest, and penalties, the department may agree to waive an additional $100 of interest per tax period if the taxpayer makes each payment required by the plan on or before the due date of the payment and complies in a timely manner with all other terms of the payment plan.*"

Section 2. Section 15-1-216, MCA, is amended to read:

"15-1-216. Uniform penalty and interest assessments for violation of tax provisions — applicability — exceptions — uniform provision for interest on overpayments. (1) ~~A~~ *(a) Subject to subsection (1)(b), a* person who fails to file a required tax return or other report with the department by the due date, including any extension of time, of the return or report must be assessed a late filing penalty of ~~$50 or the amount of the tax due, whichever is less~~ *5% of the tax due for each month or fraction of a month during which there is a failure to file the return or report in an amount up to 25% of the tax due. The late filing penalty runs for the period up to the date the department actually receives the late return or report. The penalty is computed only on the net amount of tax due as of the original due date, if any, on the return or report after credit has been given for amounts paid through withholding, estimated tax payments, and other credits claimed on the return.*

(b) A penalty imposed under subsection (1)(a) must be reduced by the amount of the penalty imposed under subsection (2)(a) or (2)(b).

(2) (a) Except as provided in ~~subsection~~ *subsections* (2)(b) *and (2)(d)*, a person who fails to pay a tax when due must be assessed a late payment penalty of 1.2% a month or fraction of a month on the unpaid tax. The penalty may not exceed 12% of the tax due.

(b) ~~A~~ *Except as provided in subsection (2)(d), a* person who fails to pay a tax when due under *Title 15,* chapter 30, part 25, *Title 15,* chapter 53, *Title 15,* chapter 65, or *Title 15,* chapter 68*,* must be assessed a late payment penalty of 1.5% a month or fraction of a month on the unpaid tax. The penalty may not exceed 15% of the tax due.

(c) The penalty imposed under subsection (2)(a) or (2)(b) accrues on the unpaid tax from the original due date of the return regardless of whether the taxpayer has received an extension of time for filing a return.

(d) A penalty may not be imposed under subsection (2)(a) or (2)(b) on the amount of unpaid tax if the taxpayer demonstrates there is reasonable cause for the unpaid amount and the taxpayer acted in good faith with respect to the unpaid amount.

(3) (a) Subject to subsection (3)(b), a person who makes a substantial understatement of tax imposed under Title 15 must be assessed a substantial

understatement penalty in an amount equal to 20% of the understatement. As used in this subsection (3), "understatement" means the amount of the tax required to be shown on the return for the tax year minus the amount of tax imposed that is shown on the return. For purposes of this subsection (3):

(i) there is a substantial understatement of tax imposed under Title 15, chapter 30, if the understatement is the greater of 10% of the amount of tax required to be shown on the return or $3,000; and

(ii) there is a substantial understatement of tax imposed for all other chapters under Title 15 if the understatement exceeds the lesser of:

(A) 10% of the amount of tax required to be shown on the return if the understatement is greater than $10,000; or

(B) $500,000.

(b) The amount of substantial understatement must be reduced by the amount of the understatement that is attributable to:

(i) the tax treatment of any item by the taxpayer if there is or was substantial authority for the treatment; or

(ii) any item if the relevant facts affecting the tax treatment of the item are adequately disclosed in the return or in a statement attached to the return and there is a reasonable basis for the tax treatment of the item by the taxpayer.

~~(3)~~*(4)* A person who purposely or knowingly, as those terms are defined in 45-2-101, fails to file a return *or report as required under Title 15* when due or fails to file a return *or report* within 60 days after receiving written notice from the department that a return must be filed is liable for an additional penalty of ~~not less than $1,000 or more than $10,000~~ *15% a month, up to 75% of the tax due as determined by the department*. The department may bring an action in the name of the state to recover the penalty and any delinquent taxes.

(5) A person who files a fraudulent return or report under Title 15 is liable for an additional penalty of 75% of the tax due on the underpayment of tax attributable to the fraudulent amount reported on the return or report. The department may bring an action in the name of the state to recover the penalty, interest, and any delinquent taxes.

(6) A person who files a frivolous return or report under Title 15 is liable, in addition to any other penalty imposed, for a penalty of $2,500. A frivolous return or report is one that is filed by a person that omits information necessary to determine the taxpayer's tax liability, shows a substantially incorrect tax, is based upon a frivolous position, or is based upon the taxpayer's action to impede collection of taxes. The department may bring an action in the name of the state to recover the penalty, interest, and any delinquent taxes.

~~(4)~~*(7)* (a) Interest on taxes not paid when due must be assessed by the department. The department shall determine the interest ~~rates~~ *rate* established under subsection ~~(4)(a)(i)~~ *(7)(a)(i)* for each calendar year by rule subject to the conditions of this subsection ~~(4)(a)~~ *(7)(a)*. Interest rates on taxes not paid when due for a calendar year are as follows:

(i) For individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is equal to the underpayment rate for individual taxpayers established by the secretary of the United States department of the treasury pursuant to section 6621 of the Internal Revenue Code, 26 U.S.C. 6621, for the fourth quarter of the preceding year or 8%, whichever is greater.

(ii) For all taxes other than individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is 12% *a year*.

(b) Interest on delinquent taxes and on deficiency assessments is computed from the original due date of the return until the tax is paid. Interest accrues daily on the unpaid tax from the original due date of the return regardless of whether the taxpayer has received an extension of time for filing the return.

~~(5)~~*(8)* (a) Except as provided in subsection ~~(5)(b)~~ *(8)(b)*, this section applies to taxes, fees, and other assessments imposed under Titles 15 and 16 [and the former 85-2-276].

(b) This section does not apply to:

(i) property taxes; or

(ii) gasoline and vehicle fuel taxes collected by the department of transportation pursuant to Title 15, chapter 70.

~~(6)~~*(9)* Any changes to interest rates apply to any current outstanding tax balance, regardless of the rate in effect at the time the tax accrued.

~~(7)~~*(10)* Penalty and interest must be calculated and assessed commencing with the due date of the return.

~~(8)~~*(11)* Deficiency assessments are due and payable 30 days from the date of the deficiency assessment.

~~(9)~~*(12)* Interest allowed for the overpayment of taxes or fees is the same rate as is charged for unpaid or delinquent taxes. For the purposes of this subsection, interest charged for unpaid or delinquent taxes is the interest rate determined in subsection ~~(4)(a)(i)~~ *(7)(a)(i)*. (Bracketed language in subsection ~~(5)(a)~~ *(8)(a)* terminates June 30, 2020—sec. 18, Ch. 288, L. 2005.)"

Section 3. Coordination instruction. If Senate Bill No. 199 is not passed and approved, then [this act] is void.

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Applicability. [This act] applies to tax periods beginning after December 31, 2011.

(5) "YDNL" has the meaning provided in 67-1-101.

Section 4. Designation of military affected areas — public hearing required — joint regulation board authorized. (1) A governing body of a political subdivision within which military operations occur may, in consultation with the appropriate military authority, designate a military affected area and may adopt, administer, and enforce military affected area regulations.

(2) The designation of a military affected area must be accompanied by maps and legal descriptions of the military affected area.

(3) (a) Before a governing body designates a military affected area and adopts or amends regulations governing the military affected area, the governing body shall hold at least one public hearing.

(b) The notice of the public hearing must be published as provided in 7-1-2121 if the governing body is a county commission or the commissioners of a regional airport authority and as provided in 7-1-4127 if the governing body is a city commission, a town council, or the commissioners of a municipal airport authority.

(4) If a military affected area encompasses land within the boundaries of more than one political subdivision, the governing bodies of the political

subdivisions may by ordinance or resolution create a joint military affected area regulation board. The joint board must have two members appointed by the governing body of each political subdivision participating in its creation, and a presiding officer must be elected by a majority of the members appointed. The joint board shall consider the zoning regulations and ordinances of each affected political subdivision in developing its recommendations, but the board's recommendations are not binding on the governing bodies of any of the affected political subdivisions.

(5) A governing body may not designate land that is more than 1,200 feet from a launch control center or missile location as part of a military affected area.

Section 5. Military affected area regulations — contents. (1) Regulations adopted for the military affected area must be reasonable, be designed to promote the public health, safety, and general welfare, and protect and facilitate the military missions executed within the military affected area. At a minimum, these regulations must give consideration to:

(a) the safety of persons physically present in a military affected area and the persons and property in the vicinity of the area;

(b) the character of the military operations conducted or expected to be conducted within the area;

(c) the nature of the terrain;

(d) the future development of the military affected area;

(e) United States department of defense recommendations for the safety zones, noise contours, and flight path restrictions for the appropriate type of military operation and the compatibility of surrounding land uses with the recommendations; and

(f) existing and potential future uses of the land proposed to be included in a military affected area.

(2) Military affected area regulations must be limited to addressing current and known future military uses and may be adopted only to:

(a) limit electromagnetic emissions that may interfere with military operations;

(b) describe the military affected area by referencing maps other than those required under [section 4(2)] and describing existing hazards and natural terrain that intrude into the military affected area;

(c) designate and describe zones within the military affected area, along with the height limitations for structures and trees within each zone, considering local conditions and needs;

(d) show the contours for decibel levels of 65 YDNL or greater on the maps that designate a military affected area if a study has been conducted pursuant to United States department of defense regulations and require that information to be considered before any building may occur within the military affected area;

(e) specify the permitted and conditional land uses within each zone of the military affected area by addressing:

(i) residences, schools, hospitals, day-care centers, or other concentrations of people, indoors or outdoors, that are incompatible with activities within the military affected area;

(ii) land uses that are incompatible with the decibel levels described in subsection (2)(d); and

(iii) other land uses that are incompatible with United States department of defense recommendations regarding compatible use of land within a military affected area.

Section 6. Regulations relative to zoning ordinances. (1) Subject to subsection (3), if a governing body has adopted a zoning ordinance or resolution, any regulations adopted under [sections 1 through 13] may be made a part of the zoning ordinance or resolution and may be administered and enforced in connection with it.

(2) If a political subdivision has a planning board, zoning commission, or joint military affected area board, a governing body may request the assistance of those boards or commissions in designating a military affected area or adopting, amending, or repealing military affected area regulations.

(3) When a conflict exists between the regulations adopted pursuant to [sections 1 through 13] and any zoning ordinances or resolutions applicable to the same area that the regulations are intended to govern, the more stringent limitation or requirement prevails.

Section 7. Prior nonconforming uses. (1) All regulations adopted under [sections 1 through 13] must be reasonable and may not require the removal or alteration of any structure or require cessation or alteration of a use that is lawfully in existence when the regulations become effective. Those structures or uses must be treated as prior nonconforming structures or uses that may remain or continue.

(2) A nonconforming structure or use that is destroyed or substantially damaged by fire, flood, or other natural disaster may not be restored as a nonconforming structure or use unless a variance is issued by the appeals board provided for in [section 10] or unless the restoration occurs within 24 months of the damage having occurred and the resulting structure or use occupies the same physical footprint and is used for the same purpose as the original nonconforming structure or use. A nonconforming structure or use is considered to be substantially damaged when 80% or more of a structure is damaged or destroyed.

(3) The regulations may require the owner of structures to permit the political subdivision, at its expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of a hazard in the vicinity of the military affected area.

Section 8. Permit system. (1) The regulations adopted pursuant to [sections 1 through 13] must provide for a permit system for erecting new structures, changing uses of land or structures, and substantially altering or replacing existing structures within the military affected area.

(2) A permit may not be granted that would allow the establishment of an incompatible use or that would allow a nonconforming use or structure to become a greater hazard or cause greater incompatibility with the military affected area.

Section 9. Enforcement. The governing body or its designated agent or agency is responsible for enforcing the regulations adopted pursuant to [sections 1 through 13]. The regulations must provide for an enforcement officer and an appeal process from the decision of the enforcement officer, who may be an existing employee of the local government.

Section 10. Appeals. (1) The governing body that designated the military affected area shall act as a military affected area appeals board or appoint a military affected area appeals board that functions in the same manner as a

board of adjustment provided for in Title 76, chapter 2. If the governing body appoints a military affected area appeals board, the board must have at least three members.

(2) The provisions of 76-2-223 and 76-2-225 through 76-2-228 apply to the governing body of a county or a military affected area appeals board appointed by that governing body and the provisions of 76-2-323 and 76-2-325 through 76-2-328 apply to the governing body of a municipality or a military affected area appeals board appointed by that governing body when considering grievances relating to regulations, variances, or permits.

(3) If a governing body has appointed a board of adjustment under the provisions of 76-2-221 through 76-2-228 or 76-2-321 through 76-2-328, the governing body may designate the members of that board as the military affected area appeals board, in which case the terms of the members for the purposes of [sections 1 through 13] are concurrent with their terms as members of the board of adjustment.

Section 11. Variance. (1) A person intending to erect or increase the height of a structure or use property in a manner that is not in accordance with the requirements of the regulations adopted pursuant to [sections 1 through 13] may apply to the governing body or an enforcement officer appointed for this purpose by the governing body for a variance from the regulations.

(2) If an enforcement officer has been appointed by the governing body, the decision of the officer is final unless it is appealed to either the governing body or the military affected area appeals board, if one exists.

(3) A variance must be granted when a literal application or enforcement of the regulations would result in substantial practical difficulty or unnecessary hardship and when the variance would not be contrary to military missions.

(4) A variance must be granted for a nonconforming use when there is no immediate hazard to safe flying operations or to persons and property in the vicinity of the military affected area and when the noise or vibrations from normal and anticipated normal military operations would not be likely to cause damage to structures.

(5) A variance granted under this section may require the owner of a structure to allow the political subdivision, at the owner's expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of a military affected area hazard.

(6) A person who builds a structure pursuant to a variance from the military affected area regulations or who takes or buys property in a military affected area for which a variance has been granted is considered to be aware that the military affected area existed before the variance was granted and that normal and anticipated normal military operations may result in noise, vibrations, and fumes being projected over the property. A person using a structure built pursuant to a variance may not seek damages from a governing body, a local government, or the federal government for interference with the enjoyment of that structure caused by noise, vibrations, and fumes from normal and anticipated normal military operations.

Section 12. Penalty. A person who violates the provisions of [sections 1 through 13] or the regulations adopted under [section 5] is subject to a civil penalty and a criminal penalty. The civil penalty is a fine of $100 for each day that the violation is not remedied after the governing body has given notification of the violation and held a hearing on the violation. The criminal penalty is a fine of $500 pursuant to 45-2-104.

Section 13. Injunction. A local governing body may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of [sections 1 through 13] or the regulations adopted pursuant to [sections 1 through 13].

Section 14. Codification instruction. [Sections 1 through 13] are intended to be codified as an integral part of Title 10, chapter 1, and the provisions of Title 10, chapter 1, apply to [sections 1 through 13].

~~(3)~~*(4)* It ~~shall be~~ *is* the duty of the department to maintain current the classification of all taxable lands and appraisal of city and town lots and rural and urban improvements, as provided for herein."

Section 2. Section 15-7-102, MCA, is amended to read:

"15-7-102. Notice of classification and appraisal to owners — appeals. (1) (a) Except as provided in 15-7-138, the department shall mail to each owner or purchaser under contract for deed a notice of the classification of the land owned or being purchased and the appraisal of the improvements on the land only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) except as provided in subsection (1)(b), change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) After the first year, the department is not required to mail the notice provided for in subsection (1)(a)(iii) if the change in valuation is the result of an

annual incremental change in valuation caused by the phasing in of a reappraisal under 15-7-111 or the application of the exemptions under 15-6-222 or caused by an incremental change in the tax rate.

(c) The notice must include the following for the taxpayer's informational purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the property tax assistance program under 15-6-134, the extended property tax assistance program under 15-6-193, the disabled or deceased veterans' residence exemption under 15-6-211, and the residential property tax credit for the elderly under 15-30-2337 through 15-30-2341;

~~(d)~~*(e)* Any misinformation provided in the information required by subsection (1)(c) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The department shall notify the county tax appeal board of the date of the mailing.

(3) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department, on forms provided by the department for that purpose, within 30 days after receiving the notice of classification and appraisal from the department. The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review. After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been

determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must be filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 3. Section 15-7-103, MCA, is amended to read:

"15-7-103. Classification and appraisal — general and uniform methods. (1) It is the duty of the department of revenue to implement the provisions of 15-7-101 ~~through 15-7-103~~*, 15-7-102, and this section* by providing:

(a) for a general and uniform method of classifying lands in the state for the purpose of securing an equitable and uniform basis of assessment of lands for taxation purposes;

(b) for a general and uniform method of appraising city and town lots;

(c) for a general and uniform method of appraising rural and urban improvements;

(d) for a general and uniform method of appraising timberlands.

(2) All lands must be classified according to their use or uses.

(3) Land classified as agricultural land or forest land must be subclassified ~~and graded within each class~~ according to soil *type* and productive capacity. ~~In the classification work, use must be made of soil surveys and maps and all other pertinent available information.~~ *In the classification work, use must be made of soil surveys and maps and all other pertinent available information.*

~~(3)~~*(4)* All lands must be classified by parcels or subdivisions not exceeding 1 section each, by the sections, fractional sections, or lots of all tracts of land that have been sectionized by the United States government, or by metes and bounds, whichever yields a true description of the land.

~~(4)~~*(5)* All agricultural lands must be classified and appraised as agricultural lands without regard to the best and highest value use of adjacent or neighboring lands.

~~(5)~~*(6)* In any periodic revaluation of taxable property completed under the provisions of 15-7-111, all property classified in 15-6-134 must be appraised on

the taxable portion of its market value in the same year. The department shall publish a rule specifying the year used in the appraisal.

~~(6)~~*(7)* All sewage disposal systems and domestic use water supply systems of all dwellings may not be appraised, assessed, and taxed separately from the land, house, or other improvements in which they are located. In no event may the sewage disposal or domestic water supply systems be included twice by including them in the valuation and assessing them separately."

Section 4. Section 15-7-139, MCA, is amended to read:

"15-7-139. Requirements for entry on property by property valuation staff employed by department — authority to estimate value of property not entered — rules. (1) Subject to the conditions and restriction of this section, the provisions of 45-6-203 do not apply to property valuation staff employed by the department and acting within the course and scope of the employees' official duties.

(2) A person qualified under subsection (1) may enter private land to appraise or audit property for property tax purposes.

(3) (a) No later than November 30 of each year, the department shall publish in a newspaper of general circulation in each county a notice that the department may enter property for the purpose of appraising or auditing property.

(b) The published notice must indicate:

(i) that a landowner may require that the landowner or the landowner's agent be present when the person qualified in subsection (1) enters the land to appraise or audit property;

(ii) that the landowner shall notify the department in writing of the landowner's requirement that the landowner or landowner's agent be present; and

(iii) that the landowner's written notice must be mailed to the department at an address specified and be postmarked not more than 30 days following the date of publication of the notice. The department may grant a reasonable extension of time for returning the written notice.

(4) The written notice described in subsection (3)(b)(ii) must be legible and include:

(a) the landowner's full name;

(b) the mailing address and property address; and

(c) a telephone number at which an appraiser may contact the landowner during normal business hours.

(5) When the department receives a written notice as described in subsection (4), the department shall contact the landowner or the landowner's agent to establish a date and time for entering the land to appraise or audit the property.

(6) If a landowner or the landowner's agent prevents a person qualified under subsection (1) from entering land to appraise or audit property or fails or refuses to establish a date and time for entering the land pursuant to subsection (5), the department shall estimate the value of the real and personal property located on the land.

(7) A county tax appeal board and the state tax appeal board may not adjust the estimated value of the real or personal property determined under subsection (6) unless the landowner or the landowner's agent:

(a) gives permission to the department to enter the land to appraise or audit the property; or

(b) provides to the department and files with the county tax appeal board or the state tax appeal board an appraisal of the property conducted by an appraiser who is certified by the Montana board of real estate appraisers. The appraisal must be conducted in accordance with current uniform standards of professional appraisal practice established for certified real estate appraisers under 37-54-403. The appraisal must be conducted within 1 year of the reappraisal base year provided for in 15-7-103~~(5)~~*(6)* and must establish a separate market value for each improvement and the land.

(8) A person qualified under subsection (1) who enters land pursuant to this section shall carry on the person identification sufficient to identify the person and the person's employer and shall present the identification upon request.

(9) The authority granted by this section does not authorize entry into improvements, personal property, or buildings or structures without the permission of the owner or the owner's agent.

(10) Vehicular access to perform appraisals and audits is limited to established roads and trails, unless approval for other vehicular access is granted by the landowner.

(11) The department shall adopt rules that are necessary to implement 15-7-140 and this section. The rules must, at a minimum, establish procedures for granting a reasonable extension of time for landowners to respond to notices from the department."

Section 5. Section 15-7-201, MCA, is amended to read:

"15-7-201. Legislative intent — value of agricultural property. (1) Because the market value of many agricultural properties is based upon speculative purchases that do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land must be classified according to its use, which classifications include but are not limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land must be subclassified by ~~production categories~~ *productive capacity*. ~~Production categories are~~ *Productive capacity is* determined ~~from the productive capacity of the land~~ based on yield.

(4) In computing the agricultural land valuation schedules to take effect on the date when each revaluation cycle takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each ~~land use and production category~~ *subclass*;

(b) I is the per-acre net income of agricultural land in each ~~land use and production category~~ *subclass* and is to be determined as provided in subsection (5); and

(c) R is the capitalization rate and, unless the advisory committee recommends a different rate and the department adopts the recommended capitalization rate by rule, is equal to 6.4%. This capitalization rate must remain in effect until the next revaluation cycle.

(5) (a) Net income must be determined separately ~~in each land use based on production categories~~ *for each subclass*.

(b) Net income must be based on commodity price data, which may include grazing fees, crop and livestock share arrangements, cost of production data, and water cost data for the base period using the best available data.

(i) Commodity price data and cost of production data for the base period must be obtained from the Montana Agricultural Statistics, the Montana crop and livestock reporting service, and other sources of publicly available information if considered appropriate by the advisory committee.

(ii) Crop share and livestock share arrangements are based on typical agricultural business practices and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs, energy costs of irrigation, and, unless the advisory committee recommends otherwise and the department adopts the recommended cost by rule, a base water cost of $15 for each acre of irrigated land. Total allowable water costs may not exceed $50 for each acre of irrigated land. Labor and energy costs must be determined as follows:

(A) Labor costs are $5 an acre for pivot sprinkler irrigation systems; $10 an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and $15 an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in the energy cost base year, which is the calendar year immediately preceding the year specified by the department in 15-7-103~~(5)~~*(6)*. By July 1 of the year following the energy cost base year, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in that energy cost base year. In the event that no energy costs were incurred in the energy cost base year, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year's energy costs to reflect costs in the energy cost base year.

(c) The base crop for valuation of irrigated land is alfalfa hay adjusted to 80% of the sales price, and the base crop for valuation of nonirrigated land is spring wheat. The base unit for valuation of grazing lands is animal unit months ~~(AUM)~~, defined as the average monthly requirement of pasture forage to support a ~~1,000-pound~~ *1,200-pound* cow with a calf or its equivalent.

(d) Unless the advisory committee recommends a different base period and the department adopts the recommended base period by rule, the base period used to determine net income must be the most recent 7 years for which data is available prior to the date the revaluation cycle ends. Unless the advisory committee recommends a different averaging method and the department adopts the recommended averaging method by rule, data referred to in subsection (5)(b) must be averaged, but the average must exclude the lowest and highest yearly data in the period.

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The governor shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics. The advisory committee shall include one member of the Montana state university-Bozeman, college of agriculture, staff. The advisory committee shall:

(a) compile and review data required by subsections (4) and (5);

(b) recommend to the department any adjustments to data or to landowners' share percentages if required by changes in government agricultural programs, market conditions, or prevailing agricultural practices;

(c) recommend appropriate base periods and averaging methods to the department;

(d) evaluate the appropriateness of the capitalization rate and recommend a rate to the department;

(e) verify for each class *and subclass* of land that the income determined in subsection (5) reasonably approximates that which the average Montana farmer or rancher could have attained; and

(f) recommend agricultural land valuation schedules to the department. With respect to irrigated land, the recommended value of irrigated land may not be below the value that the land would have if it were not irrigated."

Section 6. Section 15-44-103, MCA, is amended to read:

"15-44-103. Legislative intent — value of forest lands — valuation zones. (1) In order to encourage landowners of private forest lands to retain and improve their holdings of forest lands, to promote better forest practices, and to encourage the investment of capital in reforestation, forest lands must be classified and assessed under the provisions of this section.

(2) The forest productivity value of forest land must be determined by:

(a) capitalizing the value of the mean annual net wood production at the culmination of mean annual increment plus other agriculture-related income, if any; less

(b) annualized expenses, including but not limited to the establishment, protection, maintenance, improvement, and management of the crop over the rotation period.

(3) To determine the forest productivity value of forest lands, the department shall:

(a) divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) establish a uniform system of forest land classification that takes into consideration the productive capacity of the site to grow forest products and furnish other associated agricultural uses.

(4) In computing the forest land *productivity* valuation ~~schedules~~ for each forest valuation zone, the department shall determine the productive capacity value of all forest lands in each forest valuation zone using the formula V = I/R, where:

(a) V is the per-acre forest productivity value of the forest land;

(b) I is the per-acre net income of forest lands in each valuation zone and is determined by the department using the formula I = (M x SV) + AI - C, where:

(i) I is the per-acre net income;

(ii) M is the mean annual net wood production;

(iii) SV is the stumpage value;

(iv) AI is the per-acre agriculture-related income; and

(v) C is the per-unit cost of the forest product and agricultural product produced, if any; and

(c) R is the capitalization rate determined by the department as provided in subsection (6).

(5) Net income must:

(a) be calculated for each year of a base period, which is the most recent 5-year period for which data is available;

(b) be based on a rolling average of stumpage value of timber harvested within the forest valuation zone and on the associated production cost data for the base period from sources considered appropriate by the department; and

(c) include agriculture-related net income for the same time period as the period used to determine average stumpage values.

(6) The capitalization rate must be calculated for each year of the base period and is the average capitalization rate determined by the department after consultation with the forest lands taxation advisory committee, plus the effective tax rate. The capitalization rate must be adopted by rule. However, the capitalization rate for each year of the base period for tax years 2009 through 2014 may not be less than 8%.

(7) The effective tax rate must be calculated for each year of the base period by dividing the total estimated tax due on forest lands subject to the provisions of this section by the total forest value of those lands.

(8) For the purposes of this section, if forest service sales are used in the determination of stumpage values, the department shall take into account purchaser road credits.

(9) In determining the forest productivity value of forest lands and in computing the forest land valuation ~~schedules~~, the department shall use information and data provided by the university of Montana-Missoula.

(10) (a) There is a forest lands taxation advisory committee consisting of:

(i) four members with expertise in forest matters, one appointed by the majority leader of the senate, one by the minority leader of the senate, one by the majority leader of the house of representatives, and one by the minority leader of the house of representatives; and

(ii) three members appointed by the governor, one who is an industrial forest landowner, one who is a nonindustrial forest landowner, and one who is a county commissioner.

(b) The terms of the members expire on June 30 of the first year of each reappraisal cycle.

(c) The advisory committee shall:

(i) review data required by subsections (2) through (6), (8), and (9), including data on productivity value, stumpage value, wood production, capitalization rate, net income, and agriculture-related income;

(ii) recommend to the department any adjustments to data if required by changes in government forest land programs, market conditions, or prevailing forest lands practices;

(iii) recommend appropriate base periods and averaging methods to the department;

(iv) verify for each forest valuation zone and forest land classification *and subclassification* under subsection (3) that the income determined in subsection (5) reasonably approximates that which the average Montana forest landowner could have attained; and

(v) recommend forest land valuation ~~schedules~~ *techniques* to the department."

[SB 35]

AN ACT GENERALLY REVISING AND CLARIFYING LAWS RELATED TO THE TREATMENT OF PROPERTY CONSISTING OF THE BEDS OF NAVIGABLE RIVERS; DEFINING A "NAVIGABLE RIVER"; REQUIRING AUTHORIZATION FROM THE BOARD OF LAND COMMISSIONERS FOR USES ON THE BEDS OF NAVIGABLE RIVERS; REQUIRING THE BOARD OF LAND COMMISSIONERS TO ADOPT RULES FOR PROVIDING LEASES, LICENSES, OR EASEMENTS FOR USES ON THE BEDS OF NAVIGABLE RIVERS; CLARIFYING THE AUTHORITY OF THE BOARD OF LAND COMMISSIONERS TO GRANT EASEMENTS; AND AMENDING SECTIONS 77-1-121, 77-1-134, AND 77-2-101, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — purpose. (1) The legislature finds that:

(a) Article IX, section 3, of the Montana constitution provides that the use of all water that is or may be appropriated for sale, rent, distribution, or other beneficial use, the right-of-way over the lands of others for all ditches, drains, flumes, canals, and aqueducts necessarily used in connection with the beneficial use, and the sites for reservoirs necessary for collecting and storing water are a public use;

(b) a person who has historically used the bed of a navigable river in conjunction with a legal use of water or for other uses or a person who desires to use the bed of a navigable river in conjunction with a legal use of water or for other uses must be able to do so provided that statutory provisions are met; and

(c) any person who uses the bed of a navigable river after [the effective date of this act]shall apply to the state for a lease, license, or easement and pay full market value for the use of the riverbed.

(2) The purpose of [sections 1 through 9] is to clarify theprocess for the use of the beds of navigable rivers and how the state should be compensated for that use.

(3) Nothing in [sections 1 through 9] diminishes the state's ownership of the beds of navigable rivers, streams, or lakes under any other law.

Section 2. Definitions. Solely for the purposes of [sections 1 through 9], the following definitions apply:

(3) "Navigable river" means a river adjudicated as navigable for title purposes by a court of competent jurisdiction.

Section 3. Use of beds of navigable rivers — authorization requirement restricted. The board or the department may require a lease, license, or easement under [sections 1 through 9] only for a footprint on the bed of a navigable river.

Section 4. Historic use of navigable riverbeds — authorization required — exemptions. (1) A person using the bed of a navigable river below the low-water mark without written authorization from the department prior to [the effective date of this act] who wants to continue use of the bed of a navigable river after [the effective date of this act] shall file for authorization of the use on a form prescribed by the department for a lease, license, or easement by July 15, 2017.

(2) A person using the bed of a river below the low-water mark without written authorization from the department who wants to continue use of the bed after the date the river is determined to be a navigable river shall file for authorization of the use on a form prescribed by the department for a lease, license, or easement within 5 years after the date that notice is issued by the department as provided in [section 6].

(3) The application must include:

(a) an application fee of $50;

(b) a notarized affidavit:

(i) demonstrating that the applicant or the applicant's predecessor in interest used the bed of a navigable river and that the use continues;

(ii) describing the acreage covered by the footprint prior to [the effective date of this act] or, for applications under subsection (2), the acreage covered by the footprint prior to the date the river wasdetermined to be navigable; and

(iii) demonstrating that the use applied for under this section is the use shown in the evidence provided in subsection (3)(c); and

(c) (i) aerial photographs demonstrating the use to which the application for authorization applies; or

(ii) other evidence of the use to which the application for authorization applies.

(4) The department shall issue the authorization for a lease, license, or easement if:

(a) the applicant provides evidence to satisfy the requirements of subsection (3);

(b) the applicant pays the application fee and the full market value of the footprint acreage;

(c) the department has, if necessary, made a site inspection of the use to which the application for authorization applies;

(d) the authorization is for only the acreage of the footprint historically used by the applicant or the applicant's predecessor in interest; and

(e) the authorization is approved by the board.

(5) Proceeds from the application fee must be deposited in the account in [section 5] and must be used by the department to administer the provisions of this section.

(6) The full market value collected pursuant to subsection (4)(b) must be deposited in the appropriate trust fund established for receipt of income from the land over which an authorized use is granted.

(7) Issuance of an authorization pursuant to this section is exempt from the requirements of Title 22, chapter 3, part 4, and Title 75, chapter 1, parts 1 and 2.

(8) The department shall waive the survey requirements of 77-2-102 if the department determines that there is sufficient information available to define the boundaries of the proposed use for the purposes of recording the easement or issuing a license or lease.

(9) The requirements of this section do not apply to footprints:

(a) related to hunting, fishing, or trapping;

(b) that existed prior to November 8, 1889;

(c) for which the applicant can show an easement obtained from a state agency prior to [the effective date of this act] or prior to the date the river wasdetermined to be a navigable river; or

(d) associated with a power site regulated pursuant to Title 77, chapter 4, part 2.

(10) A person using the bed of a navigable river who is subject to this section may continue to use the bed of the navigable river for that purpose while applying for a lease, license, or easement or until the applicable timeframe for obtaining a lease, license, or easement expires. The state may not impede access to a footprint or use of a footprint during the applicable timeframe or after a lease, license, or easement is obtained.

(11) The provisions of this section do not restrict the power of the board to seek adjudication of title pursuant to 77-1-105.

Section 5. Historic riverbed use account. (1) There is an account in the state special revenue fund into which the application fees collected pursuant to [section 4] must be deposited.

(2) For a river determined to be a navigable river after [the effective date of this act], the department shall provide notice of the requirements of [sections 1 through 9] to owners of property adjacent to the navigable river. The 5-year period pursuant to [section 4] begins when the department issues this notice and publishes the notice required in subsection (3) of this section.

(3) The department shall publish notice of navigable rivers and the requirements of [sections 1 through 9] twice in a newspaper of general circulation in the area of the navigable river.

Section 7. Navigable riverbed uses — lease, license, or easement required — challenges. (1) (a) After [the effective date of this act], the department shall require a person who proposes to use the bed of a navigable river up to the low-water mark to obtain a lease, license, or easement pursuant to the provisions of this title.

(b) The requirements of subsection (1)(a) do not apply to footprints related to hunting, fishing, or trapping.

(2) An applicant for authorization to use the bed of a navigable river pursuant to [section 4] or for a lease, license, or easement under this section may challenge the requirement of the authorization based on the navigability of the river, the location of the footprint related to the low-water mark, or other factors. There is no presumption of navigability because an entity has applied for or received a lease, license, or easement.

Section 8. Easement transferable — relocation of structure — increased footprint. (1) An easement granted pursuant to [section 4 or 7] runs with the benefited land and may be transferred or assigned.

(2) (a) Pursuant to rules adopted under [section 9], the holder of a lease, license, or easement under [section 4 or 7] may relocate or increase the size of a footprint and associated facilities due to the natural relocation of a navigable river or other factors.

(b) (i) The holder of a lease, license, or easement shall provide written notice to the department when a footprint or associated facilities are proposed to be relocated or increased in size.

(ii) Without prior board approval, the holder of a lease, license, or easement for water diversion structures associated with a water right may relocate or increase the size of the footprint if the relocation or increase is necessary to accomplish the purpose for which the lease, license, or easement was granted. If the footprint is increased in size, the holder shall pay full market value for the portion of the footprint that is greater than the original footprint and shall obtain the appropriate state or federal permits.

(3) Section 77-1-805 applies to the use of navigable rivers for which leases, licenses, or easements for the use of the bed have been granted.

Section 9. Board to adopt rules. To fulfill the requirement of [sections 1 through 9], the board shall adopt rules to:

(1) determine the full market value for the use of the bed of a navigable river and establish a minimum payment for leases and easements;

(2) allow an applicant to choose to apply for a lease, license, or easement depending on the type of proposed use and the duration of the use; and

[SB 410]

AN ACT PROVIDING FOR THE DISPOSITION OF ANY FUNDS RECOVERED BY THE STATE OF MONTANA FROM PPL MONTANA, LLC, FOR THE USE OF NAVIGABLE RIVERBED LANDS FOR POWER GENERATION FROM 2000 THROUGH 2007; ESTABLISHING A STATE SPECIAL REVENUE ACCOUNT FOR ANY RECOVERED FUNDS FOR THE PURPOSE OF PURCHASING REAL PROPERTY; PROVIDING CONSIDERATIONS FOR THE BOARD OF LAND COMMISSIONERS TO TAKE INTO ACCOUNT WHEN DETERMINING WHETHER TO PURCHASE REAL PROPERTY AND APPURTENANCES; PROVIDING FOR THE DISPOSITION OF INTEREST AND INCOME TO THE GUARANTEE ACCOUNT FOR DISTRIBUTION TO PUBLIC SCHOOLS; PROVIDING FOR OFFSETTING OF LAND PURCHASES; ESTABLISHING LIMITS ON ACQUISITION; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTION 77-1-220, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

WHEREAS, on March 30, 2010, the Montana Supreme Court in PPL Montana, LLC v. State, 2010 MT 64, 355 Mont. 402, 229 P.3d 421 (2010), affirmed the decision by the Montana First Judicial District Court, Lewis and Clark County, that the use of navigable riverbed lands for power generation subjected PPL Montana to the payment of damages under Montana's hydroelectric resources laws and held that the navigable riverbeds are part of the state's public land trust under Article X, section 11, of the Montana Constitution; and

WHEREAS, the Montana Supreme Court affirmed the judgment entered for the State of Montana in the amount of $40,956,180, plus postjudgment interest,

as compensatory damages for PPL Montana's use of state-owned riverbeds from 2000 through 2007; and

WHEREAS, the Montana Supreme Court determined the riverbeds are held "in trust for the people", but it did not determine which specific beneficiaries are entitled to recovery from the award of compensatory damages and postjudgment interest; and

WHEREAS, the Montana Supreme Court did not determine whether past, present, or future beneficiaries are entitled to compensation; and

WHEREAS, in 1937 the Montana Legislature enacted legislation providing that when a navigable stream changes course, the abandoned bed belongs to the State of Montana to be held in trust for the benefit of public schools by enacting section 1, Chapter 36, Laws of 1937, now codified as section 77-1-102, MCA; and

WHEREAS, PPL Montana petitioned the United States Supreme Court to review the Montana Supreme Court's decision and overturn the award of damages; and

WHEREAS, compensatory damages and postjudgment interest have not been paid to the state based on PPL Montana's pending appeal to the United States Supreme Court; and

WHEREAS, it is the Legislature's intent to balance the interest of past, present, and future beneficiaries by clarifying that any money received by the State of Montana from PPL Montana as a result of the litigation cited in this preamble must be used to purchase higher-producing state lands while selling lower-producing state lands; and

WHEREAS, it is the Legislature's intent to distribute to the public schools the net interest and income earned on real property and appurtenances purchased.

Be it enacted by the Legislature of the State of Montana:

Section 1. Public land trust acquisition account. (1) There is a public land trust acquisition account in the state special revenue fund established in 17-2-102. Any funds recovered by the state as a result of the claim that PPL Montana, LLC, owes compensation to the state for using state-owned riverbeds from 2000 through 2007 and any interest that accumulates on the funds must be deposited in the account. The account must be administered by the department and is subject to the provisions of Article X, section 11, of the Montana constitution.

(2) Money deposited in the account pursuant to subsection (1) may be used only for costs associated with evaluating potential purchases and for the purpose of purchasing interests in and appurtenances to real property in accordance with [section 2]. Any interest earned on money deposited in the account must be deposited in the guarantee account provided for in 20-9-622 for distribution to public schools on a monthly basis.

Section 2. Public land trust purchases. (1) Subject to legislative appropriation, the board is authorized to evaluate potential purchases and purchase interests in and appurtenances to real property from the proceeds of the account established in [section 1] pursuant to the limitations of 77-1-220, [section 1], and this section. Transactional costs may not exceed 7% of the purchase price of acquired property. Prior to purchasing interests in and appurtenances to real property, the board shall consider the following:

(a) the income-generating potential of the real property and appurtenances;

(b) the opportunity for sustainable forest management activities and outcomes as described in 76-13-701 and 76-13-702;

(c) the opportunity for recreational use of the real property and appurtenances consistent with Title 77, chapter 1, part 8; and

(d) the cost-benefits of potential real property and appurtenance purchases. This cost-benefit analysis must be made available to the public upon request.

(2) Prior to purchasing any real property and appurtenances, the board shall determine that the benefits of the purchase are significant and outweigh the financial risks. In order to reach that determination, the board shall examine the purchase of any real property and appurtenances as if the board had a fiduciary duty as a reasonably prudent trustee of a perpetual trust. For the purposes of this section, that duty requires the board to:

(a) discharge its duties with the care, skill, and diligence that a prudent person acting in a similar capacity with the same resources and familiar with similar matters should exercise in the conduct of an enterprise of similar character and aims;

(b) manage the land holdings purchased pursuant to this section in accordance with an asset management plan to minimize the risk of loss and maximize the sustained rate of return;

(c) discharge its duties and powers solely in the interest of and for the benefit of the public land trust;

(d) discharge its duties subject to the fiduciary standards set forth in 72-34-114; and

(e) determine the potential for job creation.

(3) All interests in real property and appurtenances acquired under this section must be managed pursuant to this title and are subject to the provisions of Article X, section 11, of the Montana constitution.

(4) After deductions for administrative costs pursuant to 77-1-109, the net interest and income earned on real property and appurtenances purchased with funds from the account established in [section 1] must be distributed to the guarantee account provided for in 20-9-622 for distribution to public schools.

Section 3. Section 77-1-220, MCA, is amended to read:

"77-1-220. Offsetting purchases — *proceeds* — *records.* *(1)* To the extent practical and consistent with the board's powers and duties pursuant to 77-1-202, the board shall offset purchases made pursuant to 77-1-218*,* ~~and~~ 77-1-219*, and [section 2]* by selling an equal amount of land.

(2) Proceeds received from offsetting sales may not be used for:

(a) purchasing additional lands; or

(b) the land banking process under 77-2-361 through 77-2-367.

(3) A separate record of the proceeds received from each sale of land must be maintained."

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 77, chapter 1, part 2, and the provisions of Title 77, chapter 1, part 2, apply to [sections 1 and 2].

Section 5. Effective date. [This act] is effective on passage and approval.

Section 6. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to the use of funds identified in [section 1] prior to [the effective date of this act].

Conservation Experiment Station, Bureau of Mines and Geology, and Fire Services Training School], Guaranteed Student Loan Program (12), and Board of Regents (13) are a single biennial lump-sum appropriation.

General fund money, state and federal special revenue, and proprietary fund revenue appropriated to the board of regents are included in all Montana university system programs (5100). All other public funds received by units of the Montana university system (other than plant funds appropriated in House Bill No. 5, relating to long-range building) are appropriated to the board of regents and may be expended under the provisions of 17-7-138(2). The board of regents shall allocate the appropriations to individual university system units, as defined in 17-7-102(13), according to board policy.

The Montana university system, except the office of the commissioner of higher education and the community colleges, shall provide the office of budget and program planning and the legislative fiscal division banner access to the entire university system's banner information system, except for information pertaining to individual students or individual employees that is protected by Article II, sections 9 and 10, of the Montana constitution, 20-25-515, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana university system shall provide the electronic data required for human resource data for the current unrestricted operating funds into the MBARS system. The salary and benefit data provided must reflect approved board of regents operating budgets.

The variable cost of education for each full-time equivalent student at the community colleges, including Summitnet, is $1,872 each year of the 2013 biennium. The general fund appropriation for OCHE—Community College Assistance (04) provides 50.8% of the fixed costs of education plus 50.8% of the variable cost of education for each full-time equivalent student in fiscal year 2012 and 50.8% of the fixed cost of education plus 50.8% of the variable costs of education for each full-time equivalent student in fiscal year 2013. The remaining percentage of the budget must be paid from funds other than those appropriated for OCHE—Community College Assistance.

The general fund appropriation for OCHE—Community College Assistance (04) is calculated to fund education in the community colleges for an estimated 2,858 resident FTE students in fiscal year 2012 and 2,808 resident FTE students in fiscal year 2013. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated number for the biennium, the community colleges shall revert general fund money to the state in accordance with 17-7-142.

Total audit costs are estimated to be $120,700 for the community colleges for the biennium. The general fund appropriation for each community college provides 50.8% of the total audit costs in the 2013 biennium. The remaining 49.2% of these costs must be paid from funds other than those appropriated for OCHE—Community College Assistance. Audit costs for the biennium may not exceed $38,900 for Dawson, $38,900 for Miles, and $42,900 for Flathead Valley community college.

(4) Grant projects listed in subsection (3) are eligible for a loan up to the amounts recommended in subsection (3) in lieu of a grant. The authorization for the loan is contained in House Bill No. 8.

(5) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 2013 biennium pursuant to 17-7-302.

Section 2. Conditions of grants. Disbursement of funds under [sections 1 through 3] for grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Changes in the project scope of work or budget that reduce the public or natural resource benefits as presented in department reports and applicant testimony to the 62nd legislature may result in the proportional reduction in grant amount.

(2) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource grant and loan program project recommendations and biennium report submitted to the 62nd legislature for the 2013 biennium or, in the case of emergency, irrigation development, and private grant and planning grant applications, of conditions specified at the time of written notification of approved grant authority;

(3) execution of a grant agreement with the department; and

(4) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal to the legislature.

Section 3. Appropriations established. For any entity of state government that receives a grant under [sections 1 and 2], an appropriation is established for the amount of the grant listed in [section 1(3)]. Grants to entities from prior biennia are reauthorized for completion of contract work.

Section 4. Review of previously authorized grants. Recipients of renewable resource grants authorized by previous legislatures that have not completed startup conditions must be notified by the department of natural resources and conservation that the legislature, at the next regular session, will

review renewable resource grants to determine if the commitment of the renewable resource grant should be withdrawn.

Section 5. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. Effective date. [This act] is effective July 1, 2011.

CHAPTER NO. 366

[HB 8]

AN ACT REAUTHORIZING RENEWABLE RESOURCE PROJECTS AUTHORIZED BY THE 61ST LEGISLATURE; APPROPRIATING MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR LOANS UNDER THE RENEWABLE RESOURCE GRANT AND LOAN PROGRAM; AUTHORIZING THE ISSUANCE OF COAL SEVERANCE TAX BONDS; AUTHORIZING THE CREATION OF STATE DEBT AND APPROPRIATING COAL SEVERANCE TAXES FOR DEBT SERVICE; PLACING CERTAIN CONDITIONS ON LOANS; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Projects not completing requirements — projects reauthorized. (1) The legislature finds that the following renewable resource projects that were approved by the 61st legislature in Chapter 372, Laws of 2009, may not complete the requirements necessary to obtain the loan funds prior to June 30, 2011. The projects described in this section are reauthorized. The department of natural resources and conservation is authorized to make loans to the political subdivisions of state government and local governments listed in subsections (2) and (3) in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(2) The interest rate for the project in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 15 years.

Loan	Amount
DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION - WATER RESOURCES DIVISION	
Ruby Dam Rehabilitation Project	$2,000,000

(3) The interest rate for the project in this group is 3.0% or the rate at which the state bonds are sold, whichever is lower, for up to 20 years.

Loan	Amount
DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION - CONSERVATION AND RESOURCE DEVELOPMENT DIVISION	
Refinance Existing Debt or Rehabilitation of Water and Sewer Facilities	$2,859,000

(4) The interest rate for the project in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 30 years.

Loan	Amount
SUNSET IRRIGATION DISTRICT	
Gravity Flow Irrigation Pipelines	$1,465,266

Section 2. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 6]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed $13,724,457, of which $6,324,266 is to be used to finance the projects approved in [section 1], $5,610,044 is to be used to finance additional loans in lieu of grants listed in House Bill No. 6, and up to $1,790,147 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [section 1] and this section and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the natural resources projects state special revenue account established in 15-38-302.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 3. Conditions of loans. (1) Disbursement of funds under [sections 1 and 2] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report;

(d) execution of a loan agreement with the department; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 4. Private and discount purchase of loans. Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 5. Appropriations established. For any entity that receives a loan under [sections 1 and 2], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 6. Creation of state debt — appropriation of coal severance tax — bonding provisions. (1) Because [section 2] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 2].

(2) The legislature, through the enactment of [sections 1 through 6] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 2] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 6] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

Section 7. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective July 1, 2011.

CHAPTER NO. 373

[HB 460]

AN ACT REQUIRING THE DEPARTMENT OF REVENUE TO ESTABLISH BY RULE A METHOD FOR VALUING TOWNHOUSES; DEFINING "TOWNHOUSE" AND "TOWNHOME"; PROVIDING THAT THE UNIT OWNERSHIP ACT MAY APPLY TO TOWNHOUSES; CONFORMING PROVISIONS OF THE UNIT OWNERSHIP ACT WITH THE DEFINITIONS OF "TOWNHOUSE" AND "TOWNHOME"; AMENDING SECTIONS 15-8-111, 70-23-102, 70-23-103, 70-23-301, AND 76-3-203, MCA; PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as otherwise provided.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) If the department uses construction cost as one approximation of market value, the department shall fully consider reduction in value caused by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) If the department uses the capitalization-of-net-income method as one approximation of market value and sufficient, relevant information on comparable sales and construction cost exists, the department shall rely upon the two methods that provide a similar market value as the better indicators of market value.

(d) Except as provided in subsection (3), the market value of special mobile equipment and agricultural tools, implements, and machinery is the average wholesale value shown in national appraisal guides and manuals or the value before reconditioning and profit margin. The department shall prepare valuation schedules showing the average wholesale value when a national appraisal guide does not exist.

(3) The department may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the average wholesale value category as shown in Guides 2000, Northwest Region Official Guide, published by the North American equipment dealers association, St. Louis, Missouri. If the guide or the average wholesale value category is unavailable, the department shall use a comparable publication or wholesale value category.

(b) for agricultural implements and machinery not listed in an official guide, the department shall prepare a supplemental manual in which the values reflect the same depreciation as those found in the official guide;

(c) *(i)* for condominium property, the department shall establish the value as provided in subsection (4); *and*

(ii) for a townhome or townhouse, as defined in 70-23-102, the department shall determine the value in a manner established by the department by rule; and

(d) as otherwise authorized in Titles 15 and 61.

(4) (a) Subject to subsection (4)(c), if sufficient, relevant information on comparable sales is available, the department shall use the comparable sales method to appraise residential condominium units. Because the undivided interest in common elements is included in the sales price of the condominium units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(b) Subject to subsection (4)(c), if sufficient, relevant information on income is made available to the department, the department shall use the capitalization-of-net-income method to appraise commercial condominium units. Because the undivided interest in common elements contributes directly to the income-producing capability of the individual units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(c) If sufficient, relevant information on comparable sales is not available for residential condominium units or if sufficient, relevant information on income is not made available for commercial condominium units, the department shall value condominiums using the construction-cost method. When using the construction-cost method, the department shall determine the value of the entire condominium project and allocate a percentage of the total value to each

individual unit. The allocation is equal to the percentage of undivided interest in the common elements for the unit as expressed in the declaration made pursuant to 70-23-403, regardless of whether the percentage expressed in the declaration conforms to market value.

(5) For purposes of taxation, assessed value is the same as appraised value.

(6) The taxable value for all property is the percentage of market or assessed value established for each class of property.

(7) The assessed value of properties in 15-6-131 through 15-6-134, 15-6-143, and 15-6-145 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503 or, if applicable, as provided in 15-23-515, 15-23-516, 15-23-517, or 15-23-518.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-134, under class four, are assessed at the applicable percentage of market value minus any portion of market value that is exempt from taxation under 15-6-222.

(e) Properties in 15-6-143, under class ten, are assessed at 100% of the forest productivity value of the land when valued as forest land.

(f) Railroad transportation properties in 15-6-145 are assessed based on the valuation formula described in 15-23-205.

(8) Land and the improvements on the land are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town."

AN ACT REVISING LAWS RELATED TO THE PREVENTION AND CONTROL OF AQUATIC INVASIVE SPECIES IN MONTANA; REVISING THE MONTANA AQUATIC INVASIVE SPECIES ACT; AUTHORIZING COLLABORATION WITH THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; ELIMINATING THE COORDINATING AUTHORITY; AUTHORIZING THE USE OF QUARANTINE MEASURES IN AN INVASIVE SPECIES MANAGEMENT AREA; APPROPRIATING FUNDS FROM THE STATE GENERAL FUND; AMENDING SECTIONS 80-7-1002, 80-7-1003, 80-7-1005, 80-7-1006, 80-7-1007, 80-7-1008, AND 80-7-1011, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 80-7-1002, MCA, is amended to read:

"80-7-1002. Legislative findings and purpose. (1) The legislature finds that:

(a) invasive species can wreak damage on the economy, environment, recreational opportunities, and human health in Montana;

(b) there is reason to be concerned about the further introduction, importation, and infestation of Eurasian watermilfoil (Myriophyllum spicatum) and the introduction, importation, and infestation of additional invasive species ~~not yet present~~ in Montana, such as the zebra mussel (Dreissena polymorpha) and the quagga mussel (Dreissena bugensis), that could cause catastrophic damage to not only our waterways, rivers, and lakes, our water storage, delivery, and irrigation systems, our hydroelectric power structures and systems, and our aquatic ecosystems, but also to the entire state economy;

(c) as infestations of threatening invasive species move ever closer to Montana's borders, protecting Montana against these species is of utmost importance to the state economy, environment, recreational opportunities, and human health for the benefit of all Montanans;

(d) preventing the introduction, importation, and infestation of invasive species is the most effective and least costly strategy for combating invasive species that, once established, are often difficult to control or eradicate;

(e) the use of check stations, at which ~~the exterior of~~ vessels *and trailers transporting vessels* may be inspected for the presence of invasive species and cleaned if an invasive species is detected, is an effective way to prevent the introduction, importation, and infestation of invasive species that are easily transferred from infested areas to uninfested areas when proper precautions are not taken; and

(f) preventing the introduction, importation, and infestation of invasive species is best accomplished through coordinated educational and management activities.

(2) The purpose of this part is to establish a mechanism for Montana to take concerted action to detect, control, and manage invasive species, including preventing further introduction, importation, and infestation, by educating the

public about the threat of these species, coordinating public and private efforts and expertise to combat these species, and authorizing the use of check stations to prevent the intrastate movement of invasive species from infested areas to uninfested areas to protect the state's economy, environment, recreational opportunities, and human health for the benefit of all Montanans."

Section 2. Section 80-7-1003, MCA, is amended to read:

"80-7-1003. Definitions. As used in this part, the following definitions apply:

(1) "Departments" means the department of agriculture, ~~and~~ the department of fish, wildlife, and parks*, and the department of natural resources and conservation*.

(2) "Invasive species" means, upon the mutual agreement of the directors of the departments, ~~of agriculture and fish, wildlife, and parks,~~ a nonnative, aquatic species that has caused, is causing, or is likely to cause harm to the economy, environment, recreational opportunities, or human health.

(3) "Invasive species management area" means a designation made by a department for a specific area~~,~~ *or* for a body or bodies of water~~, or for the entire state~~ for a specific or indeterminate amount of time that regulates invasive species or potential carriers of invasive species within the boundaries of that area.

(4) "Person" means an individual, partnership, corporation, association, limited partnership, limited liability company, governmental subdivision, agency, or public or private organization of any character.

(7) ~~Penalty~~ *Except as provided in 15-30-2604, penalty* and interest must be calculated and assessed commencing with the due date of the return.

(8) Deficiency assessments are due and payable 30 days from the date of the deficiency assessment.

There must be attached to the return the affidavit or affirmation of the persons making the return to the effect that the statements contained in the return are true. Blank forms of return must be furnished by the department upon application, but failure to secure the form does not relieve ~~any~~ *the* taxpayer of the obligation to make any return required under this chapter. Each taxpayer liable for a tax under this chapter shall pay a minimum tax of $1.

(2) (a) Subject to subsections (2)(b) and (2)(c), a taxpayer is allowed an automatic extension of time for filing the taxpayer's return of up to 6 months following the date prescribed for filing of the tax return.

(c) that the facility minimizes adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives;

(d) in the case of an electric, gas, or liquid transmission line or aqueduct:

(i) what part, if any, of the line or aqueduct will be located underground;

(ii) that the facility is consistent with regional plans for expansion of the appropriate grid of the utility systems serving the state and interconnected utility systems; and

(iii) that the facility will serve the interests of utility system economy and reliability;

(e) that the location of the facility as proposed conforms to applicable state and local laws and regulations, except that the department may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, the law or regulation is unreasonably restrictive in view of the existing technology, of factors of cost or economics, or of the needs of consumers, whether located inside or outside the directly affected government subdivisions;

(f) that the facility will serve the public interest, convenience, and necessity;

(g) that the department or board has issued any necessary air or water quality decision, opinion, order, certification, or permit as required by 75-20-216(3); and

public lands *or federally designated energy corridors for that facility* were selected whenever their use ~~is as economically practicable as the use of private lands~~ *was compatible with:*

(i) the requirements of subsections (1)(a) through (1)(g); and

(ii) transmission line reliability criteria established by transmission reliability agencies for a facility defined in 75-20-104(8)(a).

(2) In determining that the facility will serve the public interest, convenience, and necessity under subsection (1)(f), the department shall consider:

(b) that unmitigated impacts, including those that cannot be reasonably quantified or valued in monetary terms, will not result in:

(i) a violation of a law or standard that protects the environment; or

(ii) a violation of a law or standard that protects the public health and safety.

(4) For facilities defined in 75-20-104, if the department cannot make the findings required in this section, it shall deny the certificate."

Section 3. Section 75-20-303, MCA, is amended to read:

(3) A certificate issued by the department must include the following:

(a) an environmental evaluation statement related to the facility being certified. The statement must include but is not limited to analysis of the following information:

(i) the environmental impact of the proposed facility; and

(ii) any adverse environmental effects that cannot be avoided by issuance of the certificate;

(b) a plan for monitoring environmental effects of the proposed facility;

(ii) For a facility as defined in 75-20-104(8)(a) that is 30 miles or less in length, construction must be completed within 5 years.

(iii) For a facility as defined in 75-20-104(8)(c), construction must begin within 6 years and continue with due diligence in accordance with preliminary construction plans established in the certificate.

(b) Unless extended, a certificate lapses and is void if the facility is not constructed or if construction of the facility is not commenced within the time limits provided in this section.

(c) The time limit may be extended for a reasonable period upon a showing by the applicant to the department that a good faith effort is being undertaken to complete construction under subsections (4)(a)(i) and (4)(a)(ii). Under this subsection, a good faith effort includes the process of acquiring any necessary state or federal permit or certificate for the facility and the process of judicial review of a permit or certificate.

(d) Construction may begin immediately upon issuance of a certificate unless the department finds that there is substantial and convincing evidence that a delay in the commencement of construction is necessary and should be established for a particular facility.

(5) (a) For a facility defined in 75-20-104(8)(a) and (8)(b), the environmental review conducted pursuant to Title 75, chapter 1, parts 1 through 3, prepared by the department must designate a 1-mile-wide facility siting corridor along the facility route.

(6) (a) A certificate holder may submit an adjustment of the location of a facility outside the corridor designated pursuant to subsection (5) to the department. The adjustment must be accompanied by the written agreement of the affected property owner and all contiguous property owners that would be affected. The submission must include a map showing the approved facility location and the proposed adjustment.

(b) The certificate holder may construct the facility as described in the submission unless the department notifies the certificate holder within 15 days of the submission that the department has determined that:

(i) the adjustment would change the basis of any finding required under 75-20-301 to the extent that the department would have selected a different location for the facility; or

(ii) the adjustment would materially increase unmitigated adverse impacts.

(c) Siting of a facility within the corridor designated pursuant to subsection (5) or an adjustment pursuant to subsection (6)(a) is not subject to:

(i) Title 75, chapter 1, part 2;

(ii) a certificate amendment under 75-20-219; or

(iii) a board review under 75-20-223."

Section 4. Effective date. [This act] is effective on passage and approval.

"87-1-216. Wild buffalo or bison as species in need of management — policy — department duties. (1) The legislature finds that significant potential exists for the spread of contagious disease to persons or livestock in Montana and for damage to persons and property by wild buffalo or bison. It is the purpose of this section:

(a) to designate publicly owned wild buffalo or bison originating from Yellowstone national park as a species requiring disease control;

(b) to designate other wild buffalo or bison as a species in need of management; and

(c) to set out specific duties for the department for management of the species.

(2) The department:

(a) is responsible for the management, including but not limited to public hunting, of wild buffalo or bison in this state that have not been exposed to or infected with a dangerous or contagious disease but may threaten persons or property;

(b) shall consult and coordinate with the department of livestock on implementation of the provisions of subsection (2)(a) to the extent necessary to ensure that wild buffalo or bison remain disease-free; and

(c) shall cooperate with the department of livestock in managing publicly owned wild buffalo or bison that enter the state on public or private land from a herd that is infected with a dangerous disease, as provided in 81-2-120, under a plan approved by the governor. The department of livestock is authorized under the provisions of 81-2-120 to regulate publicly owned wild buffalo or bison in this state that pose a threat to persons or livestock in Montana through the transmission of contagious disease. The department may, after agreement and authorization by the department of livestock, authorize the public hunting of wild buffalo or bison that have been exposed to or infected with a contagious disease, pursuant to 87-2-730. *The department may, following consultation with*

the department of livestock, adopt rules to authorize the taking of bison where and when necessary to prevent the transmission of a contagious disease.

~~(3) The department may adopt rules with regard to wild buffalo or bison that have not been exposed to or infected with a contagious disease but are in need of management because of potential damage to person or property.~~

(3) The department may adopt rules with regard to wild buffalo or bison that have not been exposed to or infected with a contagious disease but are in need of management because of potential damage to person or property.

(4) The department may not release, transplant, or allow wild buffalo or bison on any private or public land in Montana that has not been authorized for that use by the private or public owner.

(5) Subject to subsection (4), the department shall develop and adopt a management plan before any wild buffalo or bison under the department's jurisdiction may be released or transplanted onto private or public land in Montana. A plan must include but is not limited to:

(a) measures to comply with any applicable animal health protocol required under Title 81, under subsection (2)(b), or by the state veterinarian;

(b) any animal identification and tracking protocol required by the department of livestock to identify the origin and track the movement of wild buffalo or bison for the purposes of subsections (2)(b) and (5)(c);

(c) animal containment measures that ensure that any animal transplanted or released on private or public land will be contained in designated areas. Containment measures must include but are not limited to:

(i) any fencing required;

(ii) contingency plans to expeditiously relocate wild buffalo or bison that enter private or public property where the presence of the animals is not authorized by the private or public owner;

(iii) contingency plans to expeditiously fund and construct more effective containment measures in the event of an escape; and

(iv) contingency plans to eliminate or decrease the size of designated areas, including the expeditious relocation of wild buffalo or bison if the department is unable to effectively manage or contain the wild buffalo or bison.

(d) a reasonable means of protecting public safety and emergency measures to be implemented if public safety may be threatened;

(e) a reasonable maximum carrying capacity for any proposed designated area using sound management principles, including but not limited to forage-based carrying capacity, and methods for not exceeding that carrying capacity; and

(f) identification of long-term, stable funding sources that would be dedicated to implementing the provisions of the management plan for each designated area.

(6) When developing a management plan in accordance with subsection (5), the department shall provide the opportunity for public comment and hold a public hearing in the affected county or counties. Prior to making a decision to release or transplant wild buffalo or bison onto private or public land in Montana, the department shall respond to all public comment received and publish a full record of the proceedings at any public hearing.

(7) The department is liable for all costs incurred, including costs arising from protecting public safety, and any damage to private property that occurs as a result of the department's failure to meet the requirements of subsection (5).

~~(4)~~*(8)* When adopting and implementing rules regarding the special wild buffalo or bison license issued pursuant to 87-2-730, the department shall consult and cooperate with the department of livestock regarding when and where public hunting may be allowed and the safe handling of wild buffalo or bison parts in order to minimize the potential for spreading any contagious disease to persons or to livestock."

Section 2. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Public funds may not be expended for any form of commercial advertising in support of or opposition to a bond issue or levy submitted to the electors.

(c) This subsection (3) is not intended to restrict the right of a public officer or public employee to express personal political views.

(4) *(a)* A candidate, as defined in 13-1-101(6)(a), may not use or permit the use of state funds for any advertisement or public service announcement in a newspaper, on radio, or on television that contains the candidate's name, picture, or voice except in the case of a state or national emergency and then only if the announcement is reasonably necessary to the candidate's official functions.

(b) A state officer may not use or permit the use of public time, facilities, equipment, supplies, personnel, or funds to produce, print, or broadcast any advertisement or public service announcement in a newspaper, on radio, or on television that contains the state officer's name, picture, or voice except in the case of a state or national emergency if the announcement is reasonably necessary to the state officer's official functions or in the case of an announcement directly related to a program or activity under the jurisdiction of the office or position to which the state officer was elected or appointed.

(5) A public officer or public employee may not participate in a proceeding when an organization, other than an organization or association of local government officials, of which the public officer or public employee is an officer or director is:

(a) involved in a proceeding before the employing agency that is within the scope of the public officer's or public employee's job duties; or

(b) attempting to influence a local, state, or federal proceeding in which the public officer or public employee represents the state or local government.

(7) A listing by a public officer or a public employee in the electronic directory provided for in 30-17-101 of any product created outside of work in a public agency is not in violation of subsection (2)(a) of this section. The public officer or public employee may not make arrangements for the listing in the electronic directory during work hours.

(8) A department head or a member of a quasi-judicial or rulemaking board may perform an official act notwithstanding the provisions of subsection (2)(e) if participation is necessary to the administration of a statute and if the person complies with the disclosure procedures under 2-2-131.

(9) Subsection (2)(d) does not apply to a member of a board, commission, council, or committee unless the member is also a full-time public employee.

(10) Subsections (2)(b) and (2)(e) do not prevent a member of the governing body of a local government from performing an official act when the member's participation is necessary to obtain a quorum or to otherwise enable the body to act. The member shall disclose the interest creating the appearance of impropriety prior to performing the official act."

Section 2. Section 2-2-136, MCA, is amended to read:

"2-2-136. Enforcement for state officers, legislators, and state employees — referral of complaint involving county attorney. (1) (a) A person alleging a violation of this part by a state officer, legislator, or state employee may file a complaint with the commissioner of political practices. The commissioner does not have jurisdiction for a complaint concerning a legislator if a legislative act is involved in the complaint. The commissioner also has jurisdiction over complaints against a county attorney that are referred by a local government review panel pursuant to 2-2-144 or filed by a person directly with the commissioner pursuant to 2-2-144(6). The commissioner may request additional information from the complainant or the person who is the subject of the complaint to make an initial determination of whether the complaint states a potential violation of this part.

(b) The commissioner may dismiss a complaint that is frivolous, does not state a potential violation of this part, or does not contain sufficient allegations to enable the commissioner to determine whether the complaint states a potential violation of this part. If the issues presented in a complaint have been addressed and decided in a prior decision and the commissioner determines that no additional factual development is necessary, the commissioner may issue a summary decision without holding an informal contested case hearing on the complaint.

(c) Except as provided in subsection (1)(b), if the commissioner determines that the complaint states a potential violation of this part, the commissioner shall hold an informal contested case hearing on the complaint as provided in Title 2, chapter 4, part 6. The commissioner shall issue a decision based upon the record established before the commissioner.

(2) *(a)* ~~If~~ *Except as provided in subsection (2)(b), if* the commissioner determines that a violation of this part has occurred, the commissioner may impose an administrative penalty of not less than $50 or more than $1,000~~, and if~~.

(b) If the commissioner determines that a violation of 2-2-121(4)(b) has occurred, the commissioner may impose an administrative penalty of not less than $500 or more than $10,000.

(c) If the violation was committed by a state employee, the commissioner may also recommend that the employing state agency discipline the employee.

The employing entity of a state employee may take disciplinary action against an employee for a violation of this part, regardless of whether the commissioner makes a recommendation for discipline. The commissioner may assess the costs of the proceeding against the person bringing the charges if the commissioner determines that a violation did not occur or against the officer or employee if the commissioner determines that a violation did occur.

(3) A party may seek judicial review of the commissioner's decision, as provided in chapter 4, part 7, of this title, after a hearing, a dismissal, or a summary decision issued pursuant to subsection (1)(b).

(4) Except for records made public in the course of a hearing held under subsection (1) and records that are open for public inspection pursuant to Montana law, a complaint and records obtained or prepared by the commissioner in connection with an investigation or complaint are confidential documents and are not open for public inspection. The complainant and the person who is the subject of the complaint shall maintain the confidentiality of the complaint and any related documents released to the parties by the commissioner until the commissioner issues a decision. However, the person who is the subject of a complaint may waive, in writing, the right of confidentiality provided in this subsection. If a waiver is filed with the commissioner, the complaint and any related documents must be open for public inspection. The commissioner's decision issued after a hearing is a public record open to inspection.

(5) When a complaint is filed, the commissioner may issue statements or respond to inquiries to confirm that a complaint has been filed, to identify against whom it has been filed, and to describe the procedural aspects and status of the case.

(6) The commissioner may adopt rules to carry out the responsibilities and duties assigned by this part."

Section 3. Section 17-2-304, MCA, is amended to read:

"17-2-304. Reports required. (1) The approving authority for a state agency shall annually report in writing to the legislative finance committee by September 15:

(4) If sufficient funds are available, this section constitutes a valid obligation of funds to the grant recipients listed in subsection (3) for purposes of encumbering the treasure state endowment state special revenue account funds during the 2013 biennium pursuant to 17-7-302. However, a grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(5) If funds deposited into the treasure state endowment special revenue account during the biennium ending June 30, 2013, are insufficient to fully fund the projects numbered 1 through 30 in subsection (3) that have satisfied the conditions described in [section 4(1)] by June 30, 2013, these projects may be funded from deposits into the treasure state endowment special revenue account made during the 2015 biennium before projects authorized by the 63rd legislature receive funding from the account. However, any of the projects numbered 1 through 30 listed in subsection (3) that have not completed the conditions described in [section 4(1)] by January 1, 2013, must be reviewed by the next regular session of the legislature to determine if the authorized grant should be withdrawn.

(6) Projects numbered 31 through 36 listed in subsection (3) that have satisfied the conditions described in [section 4(1)] may not receive grant funds unless sufficient funds have been deposited into the treasure state endowment special revenue account to fully fund the projects numbered 1 through 30 in subsection (3). However, if a subsequent legislature withdraws funding for any of the projects numbered 1 through 30 listed in subsection (3), if the department determines that any of the projects numbered 1 through 30 listed in subsection (3) will be unable to meet the startup condition described in [section 4(1)(b)], or if a project submits a written withdrawal to the department indicating it no longer requires a grant, those funds may be made available to projects numbered 31 through 36 listed in subsection (3) that have completed the conditions described in [section 4(1)].

(7) In the event that any remaining funds deposited into the treasure state endowment state special revenue account during the 2013 biennium are insufficient to fully fund any one of the grant recipients listed in subsection (3), the department may make the remaining funds available to the first grant recipient that has satisfied the conditions described in [section 4(1)] and that is able to firmly commit the balance of the amount necessary to fund the project in its entirety.

(8) Grant recipients shall complete all of the conditions described in [section 4(1)] by December 31, 2014, or the grant contract will be terminated.

Section 2. Contingent appropriation from treasure state endowment state special revenue account. (1) On or before July 15, 2011, the department of commerce shall determine how much of the loan of $6,512,000 authorized by subsection (6) of section 1, Chapter 458, Laws of 2009, was borrowed from the board of investments, how many projects satisfied the conditions described in subsection (1) of section 3, Chapter 458, Laws of 2009, the amount of the loan that will not be encumbered based on the inability of projects to satisfy the conditions, and the difference between the $6,512,000 loan and the amount of the loan that will not be encumbered. The department shall report these findings to the board of investments, the legislative fiscal division, and the office of budget and program planning on or before July 19, 2011.

(2) The board of investments shall use the difference between the $6,512,000 loan authorization and the amount of the loan authorization that will not be encumbered to determine the maximum level of debt service that may be

required by the treasure state endowment program for fiscal years 2012 and 2013. For the purpose of this analysis, the board of investments shall assume that the amount reported by the department was an obligation of the treasure state endowment program on July 1, 2011, and the cost of the loan will be an obligation to the program. On or before August 1, 2011, the board of investments shall certify the resulting maximum level of debt service for fiscal years 2012 and 2013 to the department, the legislative fiscal division, and the office of budget and program planning.

(3) Subject to an appropriation limit, as provided in this subsection, if the maximum level of debt service for fiscal years 2012 and 2013 is less than $840,000, then the difference between $840,000 and the maximum level of debt service is appropriated from the treasure state endowment state special revenue account to the department of commerce to finance the grants authorized in [section 1]. The appropriation provided for in this subsection may not exceed $840,000.

(4) If funds are appropriated in this section, they must be used to increase the appropriation in [section 1(1)] for the purpose set forth in [section 1].

Section 1. Section 87-1-301, MCA, is amended to read:

"87-1-301. Powers of commission. (1) The commission:

(a) shall set the policies for the protection, preservation, management, and propagation of the wildlife, fish, game, furbearers, waterfowl, nongame species, and endangered species of the state and for the fulfillment of all other responsibilities of the department as provided by law;

(b) shall establish the hunting, fishing, and trapping rules of the department;

(c) shall establish the rules of the department governing the use of lands owned or controlled by the department and waters under the jurisdiction of the department;

(d) must have the power within the department to establish wildlife refuges and bird and game preserves;

(e) shall approve all acquisitions or transfers by the department of interests in land or water, except as provided in 87-1-209(4);

(f) shall review and approve the budget of the department prior to its transmittal to the budget office;

(g) shall review and approve construction projects that have an estimated cost of more than $1,000 but less than $5,000; and

(h) shall manage elk, deer, and antelope populations based on habitat estimates determined as provided in 87-1-322 and maintain elk, deer, and antelope population numbers at or below population estimates as provided in 87-1-323. In developing or implementing an elk management plan, the commission shall consider landowner tolerance when deciding whether to restrict elk hunting on surrounding public land in a particular hunting district. As used in this subsection (1)(h), "landowner tolerance" means the written or documented verbal opinion of an affected landowner regarding the impact upon the landowner's property within the particular hunting district where a restriction on elk hunting on public property is proposed.

(2) The commission may adopt rules regarding the use and type of archery equipment that may be employed for hunting and fishing purposes, taking into account applicable standards as technical innovations in archery equipment change.

(3) The commission may adopt rules regarding the establishment of special licenses or permits, seasons, conditions, programs, or other provisions that the commission considers appropriate to promote or enhance hunting by Montana's youth and persons with disabilities.

(4) (a) The commission may adopt rules regarding nonresident big game combination licenses to:

(i) separate deer licenses from nonresident elk combination licenses;

(ii) set the fees for the separated deer combination licenses and the elk combination licenses without the deer tag;

(iii) condition the use of the deer licenses; and

(iv) limit the number of licenses sold.

(b) The commission may exercise the rulemaking authority in subsection (4)(a) when it is necessary and appropriate to regulate the harvest by nonresident big game combination license holders:

(i) for the biologically sound management of big game populations of elk, deer, and antelope;

(ii) to control the impacts of those elk, deer, and antelope populations on uses of private property; and

(iii) to ensure that elk, deer, and antelope populations are at a sustainable level as provided in 87-1-321 through 87-1-325.

(5) ~~The~~ *Subject to the provisions of [section 2], the* commission may adopt rules establishing license preference systems to distribute hunting licenses and permits:

(a) giving an applicant who has been unsuccessful for a longer period of time priority over an applicant who has been unsuccessful for a shorter period of time; and

(b) giving a qualifying landowner a preference in drawings. As used in this subsection (5)(b), "qualifying landowner" means the owner of land that provides some significant habitat benefit for wildlife, as determined by the commission.

(6) (a) The commission may adopt rules to:

(i) limit the number of nonresident mountain lion hunters in designated hunting districts; and

(ii) determine the conditions under which nonresidents may hunt mountain lion in designated hunting districts.

(b) The commission shall consider, but is not limited to consideration of, the following factors:

(i) harvest of lions by resident and nonresident hunters;

(ii) history of quota overruns;

(iii) composition, including age and sex, of the lion harvest;

(iv) historical outfitter use;

(v) conflicts among hunter groups;

(vi) availability of public and private lands; and

(vii) whether restrictions on nonresident hunters are more appropriate than restrictions on all hunters."

Section 2. Nonresident elk and deer license preference point system. (1) The department shall establish a preference point system to distribute Class B-10 nonresident big game combination licenses and Class B-11 nonresident deer combination licenses.

(2) In addition to payment of any fees established in 87-2-113, 87-2-505, and 87-2-510, nonresidents applying to purchase a Class B-10 or Class B-11 license may purchase a preference point, upon payment of a nonrefundable $50 fee, that gives an applicant who has more preference points priority to receive a Class B-10 or Class B-11 license over an applicant who has purchased fewer preference points.

(3) An applicant may:

(a) purchase only one preference point per license year; and

(b) purchase a preference point without applying for a Class B-10 or Class B-11 license. An applicant not applying for a Class B-10 or Class B-11 license may purchase a preference point only between July 1 and September 30 prior to the applicable license year. The department shall delete an applicant's accumulated preference points if the applicant does not apply for a Class B-10 or Class B-11 license for 2 consecutive years.

(4) Except as provided in subsection (3)(b), the department may not delete an applicant's accumulated preference points unless the applicant obtains the

license applied for, in which case the department shall delete the applicant's accumulated preference points.

(5) The department shall issue 75% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants in the order of which applicants have purchased the greatest number of preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (6).

(6) The department shall issue 25% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants who have not purchased any preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have not purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (5).

(7) Up to five applicants may apply as a party under this section. The department shall use an average of the number of preference points accumulated by those applicants to determine their priority in receiving licenses issued pursuant to subsection (5). The department shall consider any fraction that results from the calculation of an average when determining that priority.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-121, MCA, is amended to read:

"15-1-121. Entitlement share payment — *purpose* — appropriation. (1) *As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.* ~~The amount calculated pursuant to this subsection, as adjusted pursuant to subsection (3)(a)(i), is each local government's base entitlement~~

~~share. The department shall estimate the total amount of revenue that each local government received from the following sources for the fiscal year ending June 30, 2001:~~

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

(viii) 5% of the fees collected under 61-10-122;

(iii) 25-9-506; and

(iv) 27-9-103;

(o) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

~~(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses,~~

~~and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.~~

~~(b)~~*(3)* The *total* amount ~~estimated pursuant to subsections (1) and (2)(a)~~ *received by each local government in fiscal year 2011 as an entitlement share payment under this section is the base component for fiscal year 2012 and 2013 distributions, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7),* is each local government's base ~~year~~ component. The sum of all local governments' base ~~year~~ components is the ~~base~~ *fiscal* year entitlement share pool. ~~For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.~~

(b) By October 1 of each ~~even-numbered~~ year, the department shall calculate the growth rate of the entitlement share pool for ~~each~~ *the current* year ~~of the next biennium~~ in the following manner:

~~(C) for incorporated cities and towns, 70%.~~ *entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide budgeting and accounting system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsection (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporation income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.*

(ii) Except as provided in subsection (4)(b)(iii), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. The entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

~~(4)~~*(5)* As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection ~~(6)~~ *(8)*. ~~For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government.~~ The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources ~~listed in subsection (1)~~ *for which reimbursement is provided in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.*

~~(5)~~*(6)* (a) The entitlement share pools calculated in this section and the ~~block grants~~ *funding* provided for in subsection ~~(6)~~ *(8)* are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. ~~Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool.~~ The distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. ~~For the purposes of subsection (5)(b)(ii)(A), a county with a negative~~

~~base year component has a base year component of zero.~~ The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool ~~not represented by~~ *before* the growth amount *or adjustments made under subsection (7) are applied* is *to be* distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

~~(6)~~*(8)* (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any ~~block grant~~ *funding*. If a tax increment financing district referred to in subsection ~~(6)(b)~~ *(8)(b)* terminates, then the ~~block grant~~ *funding for the district* provided for in subsection ~~(6)(b)~~ *(8)(b)* terminates.

(b) One-half of the payments provided for in this subsection ~~(6)(b)~~ *(8)(b)* must be made by November 30 and the other half by May 31 of each year. Subject to subsection ~~(6)(a)~~ *(8)(a)*, the entitlement share for tax increment financing districts is as follows:

~~Cascade~~	~~Great Falls - downtown~~	~~$468,966~~
Deer Lodge	TIF District 1	~~3,148~~ *$2,833*
Deer Lodge	TIF District 2	~~3,126~~ *2,813*
~~Flathead~~	~~Kalispell - District 1~~	~~758,359~~
Flathead	Kalispell - District 2	~~5,153~~ *4,638*
Flathead	Kalispell - District 3	~~41,368~~ *37,231*
Flathead	Whitefish District	~~164,660~~ *148,194*
Gallatin	Bozeman - downtown	~~34,620~~ *31,158*

Missoula	Missoula - ~~1-1B &~~ 1-1C	~~1,100,507~~ *225,251*
Missoula	Missoula - 4-1C	~~33,343~~ *30,009*
Silver Bow	Butte - uptown	~~283,801~~ *255,421*
~~Yellowstone~~	~~Billings~~	~~436,815~~

~~(7)~~*(9)* The estimated ~~base~~ *fiscal* year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from *tax increment financing districts, from* countywide transportation block grants*, or from countywide retirement block grants*.

~~(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.~~

~~(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.~~

~~(9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).~~

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base ~~year~~ component, the entitlement share ~~pool~~ growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

Section 2. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the

completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity*:*

(a) may increase the number of mills to account for a decrease in reimbursements*; and*

(b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-108, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

(iv) a levy for the support of a study commission under 7-3-184;

(v) a levy for the support of a newly established regional resource authority; or

(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 3. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 4. Effective date. [This act] is effective July 1, 2011.

Section 5. Applicability. [This act] applies to fiscal years beginning after June 30, 2011.

The report must include *unduplicated count* data for ~~both employee and contract attorneys~~ *all cases for which representation is paid for by the office of public defender*, the number of new cases opened, the number of cases closed, the number of cases that remain open and active, the number of cases that remain open but are inactive, and the average number of days between case opening

and closure for each case type. ~~The report for fiscal year 2009 must be provided to the legislative finance committee by January 1, 2010, and the report for fiscal year 2010 must be provided to the legislative finance committee by September 30, 2010.~~

(b) The office of public defender is required to report to the legislative finance committee for each fiscal year *by September 30 of the subsequent fiscal year* on the amount of funds collected as reimbursement for services rendered, including the number of cases for which a collection is made, the number of cases for which an amount is owed, the amount collected, and the amount remaining unpaid. ~~The report for fiscal year 2009 must be provided to the legislative finance committee by January 1, 2010, and the report for fiscal year 2010 must be provided to the legislative finance committee by September 30, 2010.~~"

Section 3. Montana school for the deaf and blind exempt from vacancy savings. (1) Vacancy savings may not be imposed on authorized positions in the Montana school for the deaf and blind, as described in 20-8-101.

(2) Each fiscal year, the board shall provide to the legislative audit committee provided for in 5-13-201 a detailed report on all authorized positions in the Montana school for the deaf and blind. At a minimum, the report must include the following information:

(a) the number of positions that were filled during the year and the average salary paid at hire; and

(b) the total number of vacancies incurred during the year broken out by position title, the cause of each vacancy, and the length of time the position remained vacant.

(3) For purposes of this section, the following definitions apply:

(a) "Authorized positions" means those positions included in the list of current authorized positions that the board is required to maintain under 2-18-206.

(c) "Vacancy savings" means the difference between the cost of fully funding authorized positions for an entire fiscal year and the actual cost of those authorized positions during that period.

Section 4. Benchmarks — budget action taken if not met. (1) Categorizing petroleum storage tank release sites as resolved is a higher priority than investigation of new releases unless the new release is an imminent danger to the health and safety of the public.

(2) The department shall develop a list of open release sites prioritized by danger to the health and safety of the public and anticipated date of categorizing the sites as resolved.

(3) (a) The cumulative benchmarks that are provided in subsection (3)(b) must be met. If the benchmarks are not met, money appropriated for petroleum storage tank leak prevention may not be included in the department's base budget, as defined in 17-7-102, for the current biennium.

(b) The cumulative benchmarks are as follows:

Date	Total Number of Resolved Sites
December 31, 2011	45

(4) The department shall report to the environmental quality council established by 5-16-101 at the next regularly scheduled meeting of the council following the passing of each benchmark date in subsection (3)(b).

(5) As used in this section, the following definitions apply:

(a) "Petroleum storage tank" has the same meaning as prescribed in 75-11-302.

(b) "Release" has the same meaning as prescribed in 75-11-302.

(c) "Resolved" means a determination by the department that all cleanup requirements have been met and that conditions at the site ensure present and long-term protection of human health, safety, and the environment.

CHAPTER NO. 395

[HB 619]

AN ACT REVISING FISH, WILDLIFE, AND PARKS FOREST MANAGEMENT LAWS BY REQUIRING THE CALCULATION OF AN ANNUAL SUSTAINABLE YIELD; ESTABLISHING A FOREST MANAGEMENT PLAN AND A SUSTAINABLE YIELD STUDY; ESTABLISHING THAT COSTS TO IMPLEMENT THE FOREST MANAGEMENT PLAN ARE AN AUTHORIZED EXPENDITURE; AMENDING SECTIONS 87-1-201 AND 87-1-621, MCA; AND PROVIDING AN EFFECTIVE DATE.

(2) The department, under the direction of the commission, shall, before July 1, 2012, commission a study by a qualified independent third party to determine, using scientific principles, the annual sustainable yield on forested

department lands. The department shall direct the qualified independent third party to determine the annual sustainable yield pursuant to all state and federal laws.

(3) The annual timber sale requirement for the timber sale program administered by the department to address fire mitigation, pine beetle infestation, and wildlife habitat enhancement may not exceed the annual sustainable yield.

(4) The commission shall review and redetermine the annual sustainable yield at least once every 5 years.

(5) Expenditures necessary to meet the requirements of this section are authorized to be made by the department pursuant to 87-1-601.

(6) For the purposes of this section, the term "annual sustainable yield" means the quantity of timber that can be harvested from forested department lands each year, taking into account the ability of forested lands to generate replacement tree growth and in accordance with:

(a) the provisions of 87-1-201(9)(a)(iv);

(b) state and federal laws, including but not limited to the laws pertaining to wildlife, recreation, and maintenance of watersheds; and

(c) water quality standards that protect fisheries and aquatic life and that are adopted under the provisions of Title 75, chapter 5.

Section 2. Section 87-1-201, MCA, is amended to read:

"87-1-201. Powers and duties. (1) The department shall supervise all the wildlife, fish, game, game and nongame birds, waterfowl, and the game and fur-bearing animals of the state and may implement voluntary programs that encourage hunting access on private lands and that promote harmonious relations between landowners and the hunting public. Money collected or received from the sale of hunting and fishing licenses or permits, from the sale of seized game or hides, from fines or damages collected for violations of the fish and game laws, or from appropriations or received by the department from any other sources is under the control of the department and is available for appropriation to the department.

(4) The department may discharge any appointee or employee of the department for cause at any time.

(5) The department may dispose of all property owned by the state used for the protection, preservation, management, and propagation of fish, game, fur-bearing animals, and game and nongame birds that is of no further value or use to the state and shall turn over the proceeds from the sale to the state treasurer to be credited to the fish and game account in the state special revenue fund.

(6) The department may not issue permits to carry firearms within this state to anyone except regularly appointed officers or wardens.

(ii) manage listed species, sensitive species, or a species that is a potential candidate for listing under 87-5-107 or under the federal Endangered Species Act, 16 U.S.C. 1531, et seq., in a manner that assists in the maintenance or recovery of those species;

(iii) manage elk, deer, and antelope populations based on habitat estimates determined as provided in 87-1-322 and maintain elk, deer, and antelope population numbers at or below population estimates as provided in 87-1-323. In implementing an elk management plan, the department shall, as necessary to achieve harvest and population objectives, request that land management agencies open public lands and public roads to public access during the big game hunting season.

(iv) *in accordance with the forest management plan required by [section 1],* address fire mitigation, pine beetle infestation, and wildlife habitat enhancement giving priority to forested lands in excess of 50 contiguous acres in any state park, fishing access site, or wildlife management area under the department's jurisdiction.

(b) In maintaining or recovering a listed species, a sensitive species, or a species that is a potential candidate for listing, the department shall seek, to the fullest extent possible, to balance maintenance or recovery of those species with the social and economic impacts of species maintenance or recovery.

(c) Any management plan developed by the department pursuant to this subsection (9) is subject to the requirements of Title 75, chapter 1, part 1.

(d) This subsection (9) does not affect the ownership or possession, as authorized under law, of a privately held listed species, a sensitive species, or a species that is a potential candidate for listing.

(10) The department shall publish an annual game count, estimating to the department's best ability the numbers of each species of game animal, as defined in 87-2-101, in the hunting districts and administrative regions of the state. CHAPTER NO. 396

[SB 233]

AN ACT REVISING ENVIRONMENTAL IMPACT LAWS; REVISING STATUTES RELATED TO AN ENVIRONMENTAL IMPACT ANALYSIS AND AN ENVIRONMENTAL ASSESSMENT; PROVIDING DEFINITIONS; CLARIFYING THAT ALTERNATIVES INCLUDED IN AN ALTERNATIVES ANALYSIS ARE DISCRETIONARY; PROVIDING THAT THE SCOPE OF AN ENVIRONMENTAL REVIEW IS ONLY WITHIN MONTANA'S BORDERS; PROVIDING THE REMEDY FOR FAILURE BY AN AGENCY TO COMPLY WITH THE REQUIREMENTS OF THE MONTANA ENVIRONMENTAL POLICY ACT; REVISING THE ENVIRONMENTAL REVIEW FEE ASSESSMENT; AMENDING SECTIONS 75-1-102, 75-1-201, 75-1-203, 75-1-208, AND 75-1-220, MCA; AND PROVIDING EFFECTIVE DATES, AN APPLICABILITY DATE, AND A CONTINGENT TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-1-102, MCA, is amended to read:

"75-1-102. Intent — purpose. (1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Environmental Policy Act. The Montana Environmental Policy Act is procedural, and it is the legislature's

intent that the requirements of parts 1 through 3 of this chapter provide for the adequate review of state actions in order to ensure that*:*

(a) environmental attributes are fully considered *by the legislature in enacting laws to fulfill constitutional obligations; and*

(b) the public is informed of the anticipated impacts in Montana of potential state actions.

(2) The purpose of parts 1 through 3 of this chapter is to declare a state policy that will encourage productive and enjoyable harmony between humans and their environment, to protect the right to use and enjoy private property free of undue government regulation, to promote efforts that will prevent*, mitigate,* or eliminate damage to the environment and biosphere and stimulate the health and welfare of humans, to enrich the understanding of the ecological systems and natural resources important to the state, and to establish an environmental quality council.

(3) (a) The purpose of requiring an environmental assessment and an environmental impact statement under part 2 of this chapter is to assist the legislature in determining whether laws are adequate to address impacts to Montana's environment and to inform the public and public officials of potential impacts resulting from decisions made by state agencies.

(b) Except to the extent that an applicant agrees to the incorporation of measures in a permit pursuant to 75-1-201(6)(b), it is not the purpose of parts 1 through 3 of this chapter to provide for regulatory authority, beyond authority explicitly provided for in existing statute, to a state agency."

Section 2. Section 75-1-201, MCA, is amended to read:

"75-1-201. General directions — environmental impact statements. (1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in ~~subsection (2)~~ *subsections (2) and (3)*, shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking *for a state-sponsored project* that may have an impact on the *Montana* human environment *by projects in Montana*; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) ~~through (1)(b)(iv)(C)(III)~~ *and (1)(b)(iv)(C)(II)* and, if requested by the project sponsor or if determined by the agency to be necessary, subsection ~~(1)(b)(iv)(C)(IV)~~ *(1)(b)(iv)(C)(III)*;

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking *for state-sponsored projects*, along with economic and technical considerations;

(iii) identify and develop methods and procedures that will ensure that state government actions that may impact the human environment *in Montana* are evaluated for regulatory restrictions on private property, as provided in subsection (1)(b)(iv)(D);

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of the human environment *in Montana* a detailed statement on:

(A) the environmental impact of the proposed action;

(B) any adverse ~~environmental~~ effects *on Montana's environment* that cannot be avoided if the proposal is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor's comments regarding the proposed alternative;

~~(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.~~

~~(IV)~~*(III)* the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the *Montana* human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented;

(G) the customer fiscal impact analysis, if required by 69-2-216; and

(H) the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources~~;~~. *If the alternatives analysis is conducted for a project that is not a state-sponsored project and alternatives are recommended, the project sponsor may volunteer to implement the alternative. Neither the alternatives analysis nor the resulting recommendations bind the project sponsor to take a*

recommended course of action, but the project sponsor may agree pursuant to subsection (6)(b) to a specific course of action.

(vi) recognize the ~~national and~~ *potential* long-range character of environmental ~~problems~~ *impacts in Montana* and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize ~~national~~ cooperation in anticipating and preventing a decline in the quality of ~~the world~~ *Montana's* environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of ~~the~~ *Montana's* environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the *legislature and the* environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved *in Montana* and with any *Montana* local government, as defined in 7-12-1103, that may be directly impacted by the project. The responsible state official shall also consult with and obtain comments from any state agency *in Montana* with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) (a) Except as provided in subsection (2)(b), an environmental review conducted pursuant to subsection (1) may not include a review of actual or potential impacts beyond Montana's borders. It may not include actual or potential impacts that are regional, national, or global in nature.

(b) An environmental review conducted pursuant to subsection (1) may include a review of actual or potential impacts beyond Montana's borders if it is conducted by:

(i) the department of fish, wildlife, and parks for the management of wildlife and fish;

(ii) an agency reviewing an application for a project that is not a state-sponsored project to the extent that the review is required by law, rule, or regulation; or

(iii) by a state agency and a federal agency to the extent the review is required by the federal agency.

~~(2)~~*(3)* The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

~~(3)~~*(4)* (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the

decision. Except as provided in subsection ~~(3)(b)~~ *(4)(b)*, in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. ~~A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law.~~ A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of any action challenging or seeking review of the agency's decision.

(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its ~~findings of fact and administrative decision~~ *environmental review document* before the district court considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the adequacy or content of the agency's environmental review document may not be remanded to the agency. ~~The district court shall review the agency's findings and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.~~

~~(4)~~*(5)* To the extent that the requirements of ~~subsections~~ *subsection* (1)(b)(iv)(C)(I) ~~and (1)(b)(iv)(C)(III)~~ are inconsistent with federal requirements, the requirements of ~~subsections~~ *subsection* (1)(b)(iv)(C)(I) ~~and (1)(b)(iv)(C)(III)~~ do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.

~~(5)~~*(6)* (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection ~~(5)~~ *(6)* prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

~~(6)~~*(7)* (a) (i) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection ~~(6)(a)(ii)~~ *(7)(a)(ii)* must take precedence over other cases or matters in the district court unless otherwise provided by law.

(c) Any judicial action or proceeding brought in district court under subsection ~~(6)(a)~~ *(7)(a)* involving an equine slaughter or processing facility must comply with 81-9-240 and 81-9-241.

(d) The remedy in any action brought for failure to comply with or for inadequate compliance with a requirement of parts 1 through 3 of this chapter is limited to remand to the agency to correct deficiencies in the environmental review conducted pursuant to subsection (1).

(e) A permit, license, lease, or other authorization issued by an agency is valid and may not be enjoined, voided, nullified, revoked, modified, or suspended pending the completion of an environmental review that may be remanded by a court.

~~(7)~~*(8)* The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

~~(8)~~*(9)* A project sponsor may request a review of the significance determination or recommendation made under subsection ~~(7)~~ *(8)* by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

Section 3. Section 75-1-203, MCA, is amended to read:

"75-1-203. Fee schedule — maximums. (1) In prescribing fees to be assessed against applicants for a lease, permit, contract, license, or certificate as specified in 75-1-202, an agency may adopt a fee schedule that may be adjusted depending upon the size and complexity of the proposed project. A fee may not be assessed unless the application for a lease, permit, contract, license, or certificate will result in the agency incurring expenses in excess of ~~$2,500~~ *$2,501* to compile an environmental impact statement.

(2) The maximum fee that may be imposed by an agency may not exceed 2% of any estimated cost up to $1 million, plus 1% of any estimated cost over $1 million and up to $20 million, plus 1/2 of 1% of any estimated cost over $20 million and up to $100 million, plus 1/4 of 1% of any estimated cost over $100 million and up to $300 million, plus 1/8 of 1% of any estimated cost in excess of $300 million.

(3) If an application consists of two or more facilities, the filing fee must be based on the total estimated cost of the combined facilities. The estimated cost must be determined by the agency and the applicant at the time the application is filed.

(4) Each agency shall review and revise its rules imposing fees as authorized by this part at least every 2 years.

(5) In calculating fees under this section, the agency may not include in the estimated project cost the project sponsor's property or other interests already owned by the project sponsor at the time the application is submitted. Any fee assessed may be based only on the projected cost of acquiring all of the information and data needed for the environmental impact statement."

Section 4. Section 75-1-208, MCA, is amended to read:

"75-1-208. Environmental review procedure. (1) (a) Except as provided in 75-1-205(4) and subsection (1)(b) of this section, an agency shall comply with this section when completing any environmental review required under this part.

(b) To the extent that the requirements of this section are inconsistent with federal requirements, the requirements of this section do not apply to an environmental review that is being prepared jointly by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that must comply with the requirements of the National Environmental Policy Act.

(2) A project sponsor may, after providing a 30-day notice, appear before the environmental quality council at any regularly scheduled meeting to discuss issues regarding the agency's environmental review of the project. The environmental quality council shall ensure that the appropriate agency personnel are available to answer questions.

(3) If a project sponsor experiences problems in dealing with the agency or any consultant hired by the agency regarding an environmental review, the project sponsor may submit a written request to the agency director requesting a meeting to discuss the issues. The written request must sufficiently state the issues to allow the agency to prepare for the meeting. If the issues remain unresolved after the meeting with the agency director, the project sponsor may submit a written request to appear before the appropriate board, if any, to discuss the remaining issues. A written request to the appropriate board must sufficiently state the issues to allow the agency and the board to prepare for the meeting.

(4) (a) Subject to the requirements of subsection (5), to ensure a timely completion of the environmental review process, an agency is subject to the time limits listed in this subsection (4) unless other time limits are provided by law. All time limits are measured from the date the agency receives a complete application. An agency has:

(i) 60 days to complete a public scoping process, if any;

(ii) 90 days to complete an environmental review unless a detailed statement pursuant to 75-1-201(1)(b)(iv) or 75-1-205(4) is required; and

(iii) 180 days to complete a detailed statement pursuant to 75-1-201(1)(b)(iv).

(b) The period of time between the request for a review by a board and the completion of a review by a board under ~~75-1-201(1)(b)(iv)(C)(III) or (8)~~ *75-1-201(9)* or subsection (10) of this section may not be included for the purposes of determining compliance with the time limits established for conducting an environmental review under this subsection or the time limits established for permitting in 75-2-211, 75-2-218, 75-20-216, 75-20-231, 76-4-125, 82-4-122, 82-4-231, 82-4-337, and 82-4-432.

(5) An agency may extend the time limits in subsection (4) by notifying the project sponsor in writing that an extension is necessary and stating the basis for the extension. The agency may extend the time limit one time, and the extension may not exceed 50% of the original time period as listed in subsection (4). After one extension, the agency may not extend the time limit unless the agency and the project sponsor mutually agree to the extension.

(6) If the project sponsor disagrees with the need for the extension, the project sponsor may request that the appropriate board, if any, conduct a review of the agency's decision to extend the time period. The appropriate board may, at

its discretion, submit an advisory recommendation to the agency regarding the issue.

(7) (a) Except as provided in subsection (7)(b), if an agency has not completed the environmental review by the expiration of the original or extended time period, the agency may not withhold a permit or other authority to act unless the agency makes a written finding that there is a likelihood that permit issuance or other approval to act would result in the violation of a statutory or regulatory requirement.

(b) Subsection (7)(a) does not apply to a permit granted under Title 75, chapter 2, or under Title 82, chapter 4, parts 1 and 2.

(8) Under this part, an agency may only request that information from the project sponsor that is relevant to the environmental review required under this part.

(9) An agency shall ensure that the notification for any public scoping process associated with an environmental review conducted by the agency is presented in an objective and neutral manner and that the notification does not speculate on the potential impacts of the project.

(10) An agency may not require the project sponsor to provide engineering designs in greater detail than that necessary to fairly evaluate the proposed project. The project sponsor may request that the appropriate board, if any, review an agency's request regarding the level of design detail information that the agency believes is necessary to conduct the environmental review. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue.

(11) An agency shall, when appropriate, ~~consider~~ *evaluate* the cumulative impacts of a proposed project. However, related future actions may only be considered when these actions are under concurrent consideration by any agency through preimpact statement studies, separate impact statement evaluations, or permit processing procedures."

Section 5. Section 75-1-220, MCA, is amended to read:

~~(5)~~*(6)* "Project sponsor" means any applicant, owner, operator, agency, or other entity that is proposing an action that requires an environmental review. If the action involves state agency-initiated actions on state trust lands, the term also includes each institutional beneficiary of any trust as described in The Enabling Act of Congress (approved February 22, 1899, 25 Stat. 676), as amended, the Morrill Act of 1862 (7 U.S.C. 301 through 308), and the Morrill Act of 1890 (7 U.S.C. 321 through 329).

Section 6. Coordination instruction. If [this act] is passed and approved and Senate Bill No. 317 is not passed and approved or if both [this act] and Senate Bill No. 317 are passed and approved, then Senate Bill No. 317 is void, the amendments to 75-1-201 contained in [section 2 of this act] are void, and 75-1-201 must be amended as follows:

"**75-1-201. General directions — environmental impact statements.** (1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in ~~subsection (2)~~ *subsections (2) and (3)*, shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking *for a state-sponsored project* that may have an impact on the *Montana* human environment *by projects in Montana*; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) ~~through (1)(b)(iv)(C)(III)~~ *and (1)(b)(iv)(C)(II)* and, if requested by the project sponsor or if determined by the agency to be necessary, subsection ~~(1)(b)(iv)(C)(IV)~~ *(1)(b)(iv)(C)(III)*;

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking *for state-sponsored projects*, along with economic and technical considerations;

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of the human environment *in Montana* a detailed statement on:

(A) the environmental impact of the proposed action;

(B) any adverse ~~environmental~~ effects *on Montana's environment* that cannot be avoided if the proposal is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor's comments regarding the proposed alternative;

~~(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.~~

~~(IV)~~*(III)* the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the *Montana* human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources~~;~~. *If the alternatives analysis is conducted for a project that is not a state-sponsored project and alternatives are recommended, the project sponsor may volunteer to implement the alternative. Neither the alternatives analysis nor the resulting recommendations bind the project sponsor to take a recommended course of action, but the project sponsor may agree pursuant to subsection (4)(b) to a specific course of action.*

(vi) recognize the ~~national and~~ *potential* long-range character of environmental ~~problems~~ *impacts in Montana* and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize ~~national~~ cooperation in anticipating and preventing a decline in the quality of ~~the world~~ *Montana's* environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of ~~the~~ *Montana's* environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the *legislature and the* environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise

with respect to any environmental impact involved *in Montana* and with any *Montana* local government, as defined in 7-12-1103, that may be directly impacted by the project. The responsible state official shall also consult with and obtain comments from any state agency *in Montana* with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) (a) Except as provided in subsection (2)(b), an environmental review conducted pursuant to subsection (1) may not include a review of actual or potential impacts beyond Montana's borders. It may not include actual or potential impacts that are regional, national, or global in nature.

(b) An environmental review conducted pursuant to subsection (1) may include a review of actual or potential impacts beyond Montana's borders if it is conducted by:

(i) the department of fish, wildlife, and parks for the management of wildlife and fish;

(ii) an agency reviewing an application for a project that is not a state-sponsored project to the extent that the review is required by law, rule, or regulation; or

(iii) a state agency and a federal agency to the extent the review is required by the federal agency.

~~(2)~~*(3)* The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

~~(3) (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the decision. Except as provided in subsection (3)(b), in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law. A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of any action challenging or seeking review of the agency's decision.~~

~~(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its findings of fact and administrative decision before the district court~~

~~considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the adequacy or content of the agency's environmental review document may not be remanded to the agency. The district court shall review the agency's findings and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.~~

~~(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.~~

~~(5)~~*(4)* (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection ~~(5)~~ *(4)* prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

~~(6)~~*(5)* (a) (i) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection ~~(6)(a)(ii)~~ *(5)(a)(ii)* must take precedence over other cases or matters in the district court unless otherwise provided by law.

(c) Any judicial action or proceeding brought in district court under subsection ~~(6)(a)~~ *(5)(a)* involving an equine slaughter or processing facility must comply with 81-9-240 and 81-9-241.

(6) (a) (i) In an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3, including a challenge to an agency's decision that an environmental review is not required or a claim that the environmental review is inadequate, the agency shall compile and submit to the court the certified record of its decision at issue, and except as provided in subsection (6)(b), the person challenging the decision has the burden of proving the claim by clear and convincing evidence contained in the record.

(ii) Except as provided in subsection (6)(b), in a challenge to the agency's decision or the adequacy of an environmental review, a court may not consider any information, including but not limited to an issue, comment, argument, proposed alternative, analysis, or evidence, that was not first presented to the

agency for the agency's consideration prior to the agency's decision or within the time allowed for comments to be submitted.

(iii) Except as provided in subsection (6)(b), the court shall confine its review to the record certified by the agency. The court shall affirm the agency's decision or the environmental review unless the court specifically finds that the agency's decision was arbitrary and capricious or was otherwise not in accordance with law.

(iv) A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of an action challenging or seeking review of the agency's decision.

(b) (i) When a party challenging the decision or the adequacy of the environmental review or decision presents information not in the record certified by the agency, the challenging party shall certify under oath in an affidavit that the information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or the adequacy of the agency's environmental review.

(ii) If upon reviewing the affidavit the court finds that the proffered information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or to the adequacy of the agency's environmental review, the court shall remand the new evidence to the agency for the agency's consideration and an opportunity to modify its decision or environmental review before the court considers the evidence as a part of the administrative record under review.

(iii) If the court finds that the information in the affidavit does not meet the requirements of subsection (6)(b)(i), the court may not remand the matter to the agency or consider the proffered information in making its decision.

(c) The remedy in any action brought for failure to comply with or for inadequate compliance with a requirement of parts 1 through 3 of this chapter is limited to remand to the agency to correct deficiencies in the environmental review conducted pursuant to subsection (1).

(d) A permit, license, lease, or other authorization issued by an agency is valid and may not be enjoined, voided, nullified, revoked, modified, or suspended pending the completion of an environmental review that may be remanded by a court.

(e) An individual or entity seeking a lease, permit, license, certificate, or other entitlement or authority to act may intervene in a lawsuit in court challenging a decision or statement by a department or agency of the state as a matter of right if the individual or entity has not been named as a defendant.

(f) Attorney fees or costs may not be awarded to the prevailing party in an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3.

(7) For purposes of judicial review, to the extent that the requirements of this section are inconsistent with the provisions of the National Environmental Policy Act, the requirements of this section apply to an environmental review or any severable portion of an environmental review within the state's jurisdiction that is being prepared by a state agency pursuant to this part in conjunction with a federal agency proceeding pursuant to the National Environmental Policy Act.

~~(7)~~*(8)* The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

~~(8)~~*(9)* A project sponsor may request a review of the significance determination or recommendation made under subsection ~~(7)~~ *(8)* by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

~~(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.~~

~~(5)~~*(4)* (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection ~~(5)~~ *(4)* prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

~~(6)~~*(5)* (a) (i) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection ~~(6)(a)(ii)~~ *(5)(a)(ii)* must take precedence over other cases or matters in the district court unless otherwise provided by law.

(c) Any judicial action or proceeding brought in district court under subsection ~~(6)(a)~~ *(5)(a)* involving an equine slaughter or processing facility must comply with 81-9-240 and 81-9-241.

(6) (a) (i) In an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3, including a challenge to an agency's decision that an environmental review is not required or a claim that the environmental review is inadequate, the agency shall compile and submit to the court the certified record of its decision at issue, and except as provided in subsection

(6)(b), the person challenging the decision has the burden of proving the claim by clear and convincing evidence contained in the record.

(ii) Except as provided in subsection (6)(b), in a challenge to the agency's decision or the adequacy of an environmental review, a court may not consider any information, including but not limited to an issue, comment, argument, proposed alternative, analysis, or evidence, that was not first presented to the agency for the agency's consideration prior to the agency's decision or within the time allowed for comments to be submitted.

(iii) Except as provided in subsection (6)(b), the court shall confine its review to the record certified by the agency. The court shall affirm the agency's decision or the environmental review unless the court specifically finds that the agency's decision was arbitrary and capricious or was otherwise not in accordance with law.

(iv) A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of an action challenging or seeking review of the agency's decision.

(b) (i) When a party challenging the decision or the adequacy of the environmental review or decision presents information not in the record certified by the agency, the challenging party shall certify under oath in an affidavit that the information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or the adequacy of the agency's environmental review.

(ii) If upon reviewing the affidavit the court finds that the proffered information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or to the adequacy of the agency's environmental review, the court shall remand the new evidence to the agency for the agency's consideration and an opportunity to modify its decision or environmental review before the court considers the evidence as a part of the administrative record under review.

(iii) If the court finds that the information in the affidavit does not meet the requirements of subsection (6)(b)(i), the court may not remand the matter to the agency or consider the proffered information in making its decision.

(c) (i) The remedies provided in this section for successful challenges to a decision of the agency or the adequacy of the statement are exclusive.

(ii) Notwithstanding the provisions of 27-19-201 and 27-19-314, a court having considered the pleadings of parties and intervenors opposing a request for a temporary restraining order, preliminary injunction, permanent injunction, or other equitable relief may not enjoin the issuance or effectiveness of a license or permit or a part of a license or permit issued pursuant to Title 75 or Title 82 unless the court specifically finds that the party requesting the relief is more likely than not to prevail on the merits of its complaint given the uncontroverted facts in the record and applicable law and, in the absence of a temporary restraining order, a preliminary injunction, a permanent injunction, or other equitable relief, that the:

(A) party requesting the relief will suffer irreparable harm in the absence of the relief;

(B) issuance of the relief is in the public interest. In determining whether the grant of the relief is in the public interest, a court:

(I) may not consider the legal nature or character of any party; and

(II) shall consider the implications of the relief on the local and state economy and make written findings with respect to both.

(C) relief is as narrowly tailored as the facts allow to address both the alleged noncompliance and the irreparable harm the party asking for the relief will suffer. In tailoring the relief, the court shall ensure, to the extent possible, that the project or as much of the project as possible can go forward while also providing the relief to which the applicant has been determined to be entitled.

(d) The court may issue a temporary restraining order, preliminary injunction, permanent injunction, or other injunctive relief only if the party seeking the relief provides a written undertaking to the court in an amount reasonably calculated by the court as adequate to pay the costs and damages sustained by any party that may be found to have been wrongfully enjoined or restrained by a court through a subsequent judicial decision in the case. If the party seeking an injunction or a temporary restraining order objects to the amount of the written undertaking for any reason, including but not limited to its asserted inability to pay, that party shall file an affidavit with the court that states the party's income, assets, and liabilities in order to facilitate the court's consideration of the amount of the written undertaking that is required. The affidavit must be served on the party enjoined.

(e) An individual or entity seeking a lease, permit, license, certificate, or other entitlement or authority to act may intervene in a lawsuit in court challenging a decision or statement by a department or agency of the state as a matter of right if the individual or entity has not been named as a defendant.

(f) Attorney fees or costs may not be awarded to the prevailing party in an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3.

(7) For purposes of judicial review, to the extent that the requirements of this section are inconsistent with the provisions of the National Environmental Policy Act, the requirements of this section apply to an environmental review or any severable portion of an environmental review within the state's jurisdiction that is being prepared by a state agency pursuant to this part in conjunction with a federal agency proceeding pursuant to the National Environmental Policy Act.

~~(7)~~*(8)* The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

~~(8)~~*(9)* A project sponsor may request a review of the significance determination or recommendation made under subsection ~~(7)~~ *(8)* by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective dates. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) The amendments to 75-1-201 contained in [section 7] are effective on the date that the contingency provided for in [section 11] occurs.

Section 10. Applicability. [This act] applies to an environmental assessment and an environmental impact statement begun on or after [the effective date of this act].

Section 11. Termination — contingency. If either subsection (6)(c) or (6)(d) of 75-1-201, as included in [section 6], is invalidated or found to be unconstitutional by the Montana supreme court, then the amendments to 75-1-201 contained in [section 6] terminate on the date of the invalidation or the finding of unconstitutionality.

This January 2007 conversion factor is applicable for state fiscal years 2008, 2009, 2010, 2011, 2012, and 2013. In state fiscal year 2014 and for each state fiscal year thereafter, the conversion factor is the average of the conversion factors used by the top five insurers or third-party administrators providing disability insurance to the most beneficiaries within the state who use the resource-based relative value scale to determine fees for covered services~~ *dollar value that is multiplied by the appropriate relative value unit to calculate a price for a service provided by a physician*.

(6) "Relative value unit" means a numerical value assigned in the resource-based relative value scale to each procedure code used to bill for services provided by a physician.

(7) "Resource-based relative value scale" means the medicare resource-based relative value scale contained in the physician's medicare fee schedule adopted by the centers for medicare and medicaid services of the U.S. department of health and human services."

Section 2. Section 53-6-125, MCA, is amended to read:

"53-6-125. Physician services reimbursement. (1) The fee for a covered service provided by a physician under the medicaid program is determined by multiplying ~~a percentage of~~ the conversion factor times the relative value unit for that service times any applicable policy adjusters.

(2) ~~(a) For state fiscal years 2008 and 2009, the percentage of the conversion factor will be determined by the appropriation of the 2007 legislature for physician reimbursement.~~

~~(c) For state fiscal year 2011, the 2010 percentage of the conversion factor will be increased by a minimum of 6%.~~

~~(d) For state fiscal year 2012, the 2011 percentage of the conversion factor will be increased by a minimum of 6%.~~

~~(e) For state fiscal year 2013, the 2012 percentage of the conversion factor will be increased by a minimum of 6%.~~

(a) For state fiscal years 2011 through 2013, the conversion factor is $40.09. The conversion factor may be adjusted by the department in order to maintain reimbursement, at a minimum, at the fiscal year 2010 reimbursement rate.

~~(f)~~*(b)* For state fiscal year 2014 and for each *subsequent* state fiscal year ~~thereafter, the percentage of~~, the conversion factor ~~will~~ *must* be ~~equivalent~~ *increased*, at a minimum, ~~to state fiscal year 2013~~ *by the same percentage increase as the consumer price index for medical care for the previous year, as calculated by the bureau of labor statistics of the United States department of labor*."

(a) the reclaimed terrain closely resembles the general surface configuration if it is comparable to the premine terrain. For example, if the area was basically level or gently rolling before mining, it should retain these features after mining, recognizing that rolls and dips need not be restored to their original locations and that level areas may be increased.

(b) the reclaimed area blends with and complements the drainage pattern of the surrounding area so that water intercepted within or from the surrounding terrain flows through and from the reclaimed area in an unobstructed and controlled manner;

(c) postmining drainage basins may differ in size, location, configuration, orientation, and density of ephemeral drainageways compared to the premining topography if they are hydrologically stable, soil erosion is controlled to the extent appropriate for the postmining land use, and the hydrologic balance *as defined in 82-4-203* is protected; and

(d) the reclaimed surface configuration is appropriate for the postmining land use.

[SB 295]

AN ACT REVISING THE MANNER OF APPRAISING CERTAIN PROPERTIES FOR PROPERTY TAX PURPOSES; ALLOWING ANNUAL INFORMAL REVIEWS OF CLASSIFICATION AND APPRAISAL FOR AGRICULTURAL, RESIDENTIAL AND COMMERCIAL, AND FOREST PROPERTY; REQUIRING CERTAIN INFORMATION BE PROVIDED TO AN OBJECTOR FOR USE IN INFORMAL REVIEWS; PROHIBITING AN INCREASE IN THE VALUE OF PROPERTY THROUGH AN INFORMAL REVIEW EXCEPT DUE TO A PHYSICAL CHANGE IN A PROPERTY OR A

MISTAKE IN A PROPERTY DESCRIPTION; PROVIDING THAT THE CONSIDERATION PAID ON A MORTGAGE FORECLOSURE MUST BE DISCLOSED IN A REALTY TRANSFER CERTIFICATE; REQUIRING THE USE OF THE UNIFORM STANDARDS OF PROFESSIONAL APPRAISAL PRACTICE; REQUIRING THAT ERRONEOUS CALCULATION ERRORS MUST BE CORRECTED FOR ALL AFFECTED PROPERTIES; AMENDING SECTIONS 15-7-102, 15-7-307, 15-8-111, AND 15-8-601, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-102, MCA, is amended to read:

"15-7-102. Notice of classification and appraisal to owners — appeals. (1) (a) Except as provided in 15-7-138, the department shall mail to each owner or purchaser under contract for deed a notice of the classification of the land owned or being purchased and the appraisal of the improvements on the land only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) except as provided in subsection (1)(b), change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) After the first year, the department is not required to mail the notice provided for in subsection (1)(a)(iii) if the change in valuation is the result of an annual incremental change in valuation caused by the phasing in of a reappraisal under 15-7-111 or the application of the exemptions under 15-6-222 or caused by an incremental change in the tax rate.

(c) The notice must include the following for the taxpayer's informational purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the property tax assistance program under 15-6-134, the extended property tax assistance program under 15-6-193, the disabled or deceased veterans' residence exemption under 15-6-211, and the residential property tax credit for the elderly under 15-30-2337 through 15-30-2341;

(ii) the total amount of mills levied against the property in the prior year; and

(iii) a statement that the notice is not a tax bill.

(d) Any misinformation provided in the information required by subsection (1)(c) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as

provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The department shall notify the county tax appeal board of the date of the mailing.

(3) *(a)* If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department~~,~~ on forms provided by the department for that purpose~~,~~. *For property other than class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection must be submitted* within 30 days after receiving the notice of classification and appraisal from the department. *For class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection may be made at any time but only once each valuation cycle.*

(b) For properties valued using sales price or the capitalization of net income method as an indication of value, the form must include a provision that the objector agrees to confidentiality requirements for receipt of comparable sales data from information received from realty transfer certificates under 15-7-308. Within 4 weeks of submitting an objection, if the objection relates to residential and commercial property, the department shall provide the objector by posted mail or e-mail, unless the objector waives receiving the information, with:

(i) data from comparable sales used by the department to value the property;

(ii) the methodology and sources of data used by the department in the valuation of the property; and

(iii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) For properties valued using the capitalization of net income method as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(d) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(e) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. *The department may not determine an appraised value that is higher than the value that was the subject of the objection unless the reason for an increase was the result of a physical change in the property or caused by an error in the description of the property that is kept by the department and used for calculating the appraised value.* In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must be filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 2. Section 15-7-307, MCA, is amended to read:

"15-7-307. Certificate — exceptions. The certificate required by this part applies to all transfers. However, the certificate filed for the following transfers need not disclose the consideration paid or to be paid for the real estate transferred:

(1) an instrument recorded prior to July 1, 1975;

(2) the sale of agricultural land when the land is used for agricultural purposes;

(3) the sale of timberland when the land is used for producing timber;

(5) an instrument that (without added consideration) confirms, corrects, modifies, or supplements a previously recorded instrument;

(6) a transfer pursuant to a court decree;

(13) a sale for delinquent taxes or assessments, *a* sheriff's sale, *or a sale pursuant to a* bankruptcy ~~action~~ *court order*~~, or mortgage foreclosure~~;

(14) a transfer made in contemplation of death."

Section 3. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as otherwise provided.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) If the department uses construction cost as one approximation of market value, the department shall fully consider reduction in value caused by depreciation, whether through physical depreciation, functional obsolescence, or economic obsolescence.

(c) If the department uses the capitalization-of-net-income method as one approximation of market value and sufficient, relevant information on comparable sales and construction cost exists, the department shall rely upon the two methods that provide a similar market value as the better indicators of market value.

(d) Except as provided in subsection ~~(3)~~ *(4)*, the market value of special mobile equipment and agricultural tools, implements, and machinery is the average wholesale value shown in national appraisal guides and manuals or the value before reconditioning and profit margin. The department shall prepare valuation schedules showing the average wholesale value when a national appraisal guide does not exist.

(3) In valuing class four residential and commercial property described in 15-6-134, the department shall conduct the appraisal following the appropriate uniform standards of professional appraisal practice for mass appraisal promulgated by the appraisal standards board of the appraisal foundation. In valuing the property, the department shall use information available from any source considered reliable. Comparable properties used for valuation must represent similar properties within an acceptable proximity of the property being valued.

~~(3)~~*(4)* The department may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the average wholesale value category as shown in Guides 2000, Northwest Region Official Guide, published by the North American equipment dealers association, St. Louis, Missouri. If the guide or the average wholesale value category is unavailable, the department shall use a comparable publication or wholesale value category.

(b) for agricultural implements and machinery not listed in an official guide, the department shall prepare a supplemental manual in which the values reflect the same depreciation as those found in the official guide;

(c) for condominium property, the department shall establish the value as provided in subsection ~~(4)~~ *(5)*; and

(d) as otherwise authorized in Titles 15 and 61.

~~(4)~~*(5)* (a) Subject to subsection ~~(4)(c)~~ *(5)(c)*, if sufficient, relevant information on comparable sales is available, the department shall use the comparable sales method to appraise residential condominium units. Because the undivided interest in common elements is included in the sales price of the condominium

units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(b) Subject to subsection ~~(4)(c)~~ *(5)(c)*, if sufficient, relevant information on income is made available to the department, the department shall use the capitalization-of-net-income method to appraise commercial condominium units. Because the undivided interest in common elements contributes directly to the income-producing capability of the individual units, the department is not required to separately allocate the value of the common elements to the individual units being valued.

(c) If sufficient, relevant information on comparable sales is not available for residential condominium units or if sufficient, relevant information on income is not made available for commercial condominium units, the department shall value condominiums using the construction-cost method. When using the construction-cost method, the department shall determine the value of the entire condominium project and allocate a percentage of the total value to each individual unit. The allocation is equal to the percentage of undivided interest in the common elements for the unit as expressed in the declaration made pursuant to 70-23-403, regardless of whether the percentage expressed in the declaration conforms to market value.

~~(5)~~*(6)* For purposes of taxation, assessed value is the same as appraised value.

~~(6)~~*(7)* The taxable value for all property is the percentage of market or assessed value established for each class of property.

~~(7)~~*(8)* The assessed value of properties in 15-6-131 through 15-6-134, 15-6-143, and 15-6-145 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503 or, if applicable, as provided in 15-23-515, 15-23-516, 15-23-517, or 15-23-518.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-134, under class four, are assessed at the applicable percentage of market value minus any portion of market value that is exempt from taxation under 15-6-222.

(e) Properties in 15-6-143, under class ten, are assessed at 100% of the forest productivity value of the land when valued as forest land.

(f) Railroad transportation properties in 15-6-145 are assessed based on the valuation formula described in 15-23-205.

~~(8)~~*(9)* Land and the improvements on the land are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town."

Section 4. Section 15-8-601, MCA, is amended to read:

"15-8-601. Assessment revision — conference for review. (1) (a) Except as provided in subsection (1)(b), whenever the department discovers that

any taxable property of any person has in any year escaped assessment, been erroneously assessed, or been omitted from taxation, the department may assess the property provided that the property is under the ownership or control of the same person who owned or controlled it at the time it escaped assessment, was erroneously assessed, or was omitted from taxation. All revised assessments must be made within 10 years after the end of the calendar year in which the original assessment was or should have been made.

(b) Within the time limits set by 15-23-116, whenever the department discovers property subject to assessment under Title 15, chapter 23, that has escaped assessment, been erroneously assessed, or been omitted from taxation, the department may issue a revised assessment to the person, firm, or corporation who owned the property at the time it escaped assessment, was erroneously assessed, or was omitted from taxation, regardless of the ownership of the property at the time of the department's revised assessment.

(c) If an erroneous assessment is due to a calculation error by the department, the department shall revise the assessment of like properties that were also erroneously assessed using the same calculation.

(2) When the department proposes to revise the statement reported by the taxpayer under 15-8-301, the action of the department is subject to the notice and conference provisions of this section. Revised assessments of centrally assessed property are subject to review pursuant to 15-1-211.

(3) (a) Notice of revised assessment pursuant to this section must be made by the department by postpaid letter addressed to the person interested within 10 days after the revised assessment has been made. If the property is locally assessed, the notice must include the opportunity for a conference on the matter, at the request of the person interested, within 30 days after notice is given.

(b) An assessment revision review conference is not a contested case as defined in the Montana Administrative Procedure Act. The department shall keep minutes in writing of each assessment revision review conference, and the minutes are public records.

(c) Following an assessment revision review conference or expiration of the opportunity for a conference, the department shall order an assessment that it considers proper. Any party to the conference aggrieved by the action of the department or a taxpayer who does not request a conference may appeal to the county tax appeal board within 30 days of receipt of the revised assessment or the department's assessment made pursuant to the conference.

(4) The department shall enter in the property tax record all changes and corrections made by it."

CHAPTER NO. 401

[SB 409]

AN ACT GENERALLY REVISING STATE LAND CABIN SITE LAWS; AUTHORIZING AN ALTERNATIVE RENTAL MARKET VALUATION COMPETITIVE BID PROCESS; AUTHORIZING THE SALE OF STATE-LEASED CABIN OR HOME SITES OR CITY OR TOWN LOTS; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 77-1-208, AND 77-2-318, MCA; REPEALING SECTION 77-2-319, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Alternative rental market valuation — open competitive bidding process. (1) (a) In order to establish full rental market value, the board shall establish an open competitive bidding process for all vacant cabin site properties. Except as provided in subsection (1)(c), the minimum bid must be initially set at 2% of the most recent cabin site appraisal value as determined by the department of revenue.

(b) (i) The board shall, within 180 days from the date that a cabin site property becomes vacant, put that site up for open competitive bidding.

(ii) In providing notice of the open competitive bidding process, the board shall notify prospective bidders that a bidder other than the current lessee or licensee is obligated to purchase the improvements pursuant to 77-1-208(4) if that bidder offers the highest bid.

(iii) A lease or license term for a bidder that offers the highest bid and acquires a lease or license must be for a minimum period of 15 years.

(iv) The fee for each subsequent year must be adjusted using the average annual consumer price index as published by the U.S. bureau of labor statistics.

(c) If pursuant to subsection (1)(a) the board does not receive the minimum bid within 180 days, the board may reduce the bid incrementally until a bid is received.

(2) Subject to [section 2], a lessee or licensee may voluntarily put the lessee's or licensee's cabin site up for open competitive bid as provided in subsection (1) of this section. A lessee choosing to voluntarily place a cabin site lease up for competitive bid is not entitled to a preference right to meet the high bid. Prior to the open competitive bidding process, the board shall follow the procedures provided in 77-1-208(3) to establish the market value of improvement.

(3) By January 1, 2012, the board shall adopt rules to ensure that:

(a) the open competitive bidding process authorized pursuant to this section is orderly and consistent with the board's constitutional fiduciary duties and that the number of leased cabin or home sites or city or town lots made available for competitive bid at any given time is consistent with the board's constitutional fiduciary duty of attaining full rental market value; and

(b) the information used to determine the rental market percentage pursuant to this section is posted on the department's website and periodically updated.

Section 2. Rental market valuation lease program — transition. (1) (a) Subject to subsection (2), the board shall offer all existing cabin site lessees or licensees the option of 15-year lease contracts based on the rental market valuation process provided in [section 1].

(b) (i) At least three winning bids made pursuant to [section 1] must be referenced against the most recent appraised value of the cabin site property by the department of revenue in order to establish a rental market percentage. All rental market percentages that have been determined pursuant to [section 1] must be grouped together by geographic location and averaged together to determine a final rental market percentage for each geographic location. If there are not three winning bids in any one geographic location, then three bids from similar locations may be averaged to establish a rental market percentage.

(ii) The final rental market percentage determined for each geographic location pursuant to this subsection (1)(b) must be applied to the department of revenue's most recent appraised value for each cabin site property in that location that did not go through the open competitive bidding process to determine the initial lease amount for each cabin site property.

(c) If no properties in a particular geographic location go through an open competitive bidding process, the most applicable comparable location, as determined based on professional appraisal standards, must be chosen and the final rental market percentage must be applied as provided in subsection (1)(b).

(2) The lease amount for the first year must be set as provided in subsection (1). The annual lease rental fee for each subsequent year must be adjusted using the average annual consumer price index as published by the U.S. bureau of labor statistics.

(3) By January 1, 2012, the board shall adopt rules for the orderly transition for cabin site lessees or licensees who have chosen the lease option pursuant to subsection (1) that is consistent with the board's constitutional fiduciary duty of attaining full rental market value.

(4) Nothing in this chapter prevents:

(a) an existing lessee or licensee from completing or renewing the lessee's or licensee's current lease or license based on existing methods of valuation as provided in 77-1-208; or

(b) a lessee or licensee that has abandoned a lease or license from bidding on the abandoned lease or license.

Section 3. Section 77-1-208, MCA, is amended to read:

"77-1-208. Cabin site licenses and leases — method of establishing value. (1) The board shall set the annual fee based on full market value for each cabin site and for each licensee or lessee who at any time wishes to continue or assign the license or lease. The fee must attain full market value based on *one of the following methods:*

(a) appraisal of the cabin site value as determined by the department of revenue. The licensee or lessee has the option to pay the entire fee on March 1 or to divide the fee into two equal payments due March 1 and September 1. The value may be increased or decreased as a result of the statewide periodic revaluation of property pursuant to 15-7-111 without any adjustments as a result of phasing in values. An appeal of a cabin site value determined by the department of revenue must be conducted pursuant to Title 15, chapter 15.

(b) establishing full rental market value through the use of an open competitive bidding process as provided in [section 1].

(2) A current licensee or lessee may complete or renew the licensee's or lessee's current lease based on valuation methods provided in subsection (1)(a), or at the end of the lease or license contract, the licensee or lessee may choose to proceed with the valuation option provided in subsection (1)(b).

~~(2)~~*(3)* The board shall set the fee of each initial cabin site license or lease or each current cabin site license or lease of a person who does not choose to retain the license or lease. The initial fee must be based upon a system of competitive bidding. The fee for a person who wishes to retain that license or lease must be determined under the method provided for in subsection (1).

~~(3)~~*(4) (a)* ~~The~~ *Subject to subsection (4)(b), the* board shall follow the procedures set forth in 77-6-302, 77-6-303, and 77-6-306 for the disposal or valuation of any fixtures or improvements placed upon the property by the then-current licensee or lessee and shall require the subsequent licensee or lessee whose bid is accepted by the board to purchase those fixtures or improvements in the manner required by the board.

(b) (i) A subsequent licensee or lessee may not take occupancy unless the license or lease contract and the sale of improvements have been finalized. If a winning bidder has been identified and the transaction for the sale of the improvements is in process, the current lessee shall pay a prorated lease fee based on the current lease until the date that the sale of the improvements is finalized.

(ii) The valuation of improvements must be applicable to residential property inclusive of all improvements.

(iii) A licensee or lessee may assign or rent any improvements.

(iv) Within 3 years of canceling, terminating, or abandoning a cabin site lease, the owner of the improvements shall sell the improvements, remove the

improvements, or transfer ownership of the improvements to the state. If ownership is transferred to the state, proceeds from the sale of the improvements must be paid to the owner who transferred the improvements. The board shall set the conditions of the sale of transferred improvements in order to sell the improvements in an expedient manner."

Section 4. Section 77-2-318, MCA, is amended to read:

"77-2-318. Sale of leased cabin or home sites or city or town lots. (1) At the request of the lessee and if consistent with the orderly development and management of state lands, the board may make available for sale, in the manner provided in this part, any leased cabin or home site or city or town lot that ~~was~~ *is* under lease ~~on October 1, 1989~~ *during the 15th year of any 15-year lease that was established through the open competitive bidding process or through the transition process provided for in [section 2] or subsection (4) of this section*.

(2) The lessee requesting the sale shall have prepared a current certificate of survey for the property. The cost of preparation of the certificate of survey must be included in the settlement for improvements, as provided for in 77-2-325, if a person other than the lessee is the purchaser.

(3) The sale of a lease is exempt from the subdivision laws, except that the development of any new, replacement, or additional water supply or sewage disposal system on the property must be approved pursuant to the review procedure, fee, and other requirements of Title 76, chapter 4, part 1.

~~(4) The sale of a leased cabin or home site or city or town lot under 77-2-318 through 77-2-320 must be completed no later than 10 years after October 1, 1989 . A lessee may request a lease sale at any time during the 10-year period. Upon request, the board may grant a lessee with a disability or a lessee 65 years of age or older an additional 10-year period to request a sale of leased land.~~

(4) By January 1, 2012, the board shall adopt rules to ensure that the sales process authorized pursuant to this section is orderly and consistent with its constitutional fiduciary duties and that the number of leased cabin or home sites or city or town lots made available for sale at any given time is consistent with the board's constitutional duty of attaining full market value.

(5) Upon a sale of leased land, the department shall, upon compliance with 77-2-101 through 77-2-106, grant a permanent easement across state lands to secure access using current routes."

(ii) transferred to qualified tribal entities that participate in the disease control program provided for in this subsection (1)(d). Acquisition of wild buffalo or *wild* bison by a qualified tribal entity must be done in a manner that does not jeopardize compliance with a state-administered or federally administered livestock disease control program. The department may adopt rules consistent with this section governing tribal participation in the program or enter into cooperative agreements with tribal organizations for the purposes of carrying out the disease control program.

(e) Proceeds from the sale of live, brucellosis-free, vaccinated wild buffalo or *wild* bison must be deposited in the state special revenue fund to the credit of the department.

(f) Any revenue generated in excess of the costs referred to in subsection (1)(d)(i) must be deposited in the state special revenue fund provided for in 87-1-513(2).

(2) Whenever the department is responsible for the death of a wild buffalo or *wild* bison, either purposefully or unintentionally, the carcass of the animal must be disposed of by the most economical means, including but not limited to burying, incineration, rendering, or field dressing for donation or delivery to a department-approved slaughterhouse or slaughter destination.

(3) In disposing of the carcass, the department:

(a) as first priority, may donate a wild buffalo or *wild* bison carcass to a charity or to an Indian tribal organization; or

(b) may sell a wild buffalo or *wild* bison carcass to help defray expenses of the department. If the carcass is sold in this manner, the department shall deposit any revenue derived from the sale of the wild buffalo or *wild* bison carcass to the state special revenue fund to the credit of the department.

(4) The department may adopt rules with regard to management of publicly owned wild buffalo or *wild* bison that enter Montana on private or public land and that are from a herd that is infected with a contagious disease that may spread to persons or livestock and may jeopardize compliance with other state-administered or federally administered livestock disease control programs."

Section 4. Section 81-2-121, MCA, is amended to read:

"81-2-121. Taking of publicly owned wild buffalo or *wild* bison that are present on private property — notice — supplemental feeding — penalty. (1) This chapter may not be construed to impose, by implication or otherwise, criminal liability on a landowner or the agent of a landowner for the taking of a publicly owned wild buffalo or *wild* bison that is suspected of carrying disease and that is present on the landowner's private property and is potentially associating with or otherwise threatening the landowner's livestock if:

(a) the landowner or agent notifies or makes a good faith effort to notify the department in order to allow as much time as practicable for the department to first take or remove the publicly owned wild buffalo or *wild* bison that is present on the landowner's property;

(b) the landowner or agent makes a good faith effort to notify the department that a taking has occurred and to retain all parts for disposal by the department; and

(c) the landowner or agent is not in violation of subsection (2).

(2) A person may not intentionally provide supplemental feed to game animals in a manner that results in artificial concentration of game animals that may potentially contribute to the transmission of disease. A person who violates this subsection is guilty of a misdemeanor and is subject to the penalty provided in 87-1-102(1). This subsection does not apply to supplemental feeding activities conducted by the department for disease control purposes."

AN ACT REVISING THE LOCAL ABATEMENT OF THE COAL GROSS PROCEEDS TAX ON COAL PRODUCED BY A NEW OR EXPANDING UNDERGROUND COAL MINE; PROVIDING THAT THE TAX ABATEMENT MAY BE 50% OR LESS FOR AN UNDERGROUND MINE TAXED AT 5% OF THE VALUE OF COAL; PROVIDING AN INITIAL COAL GROSS PROCEEDS TAX OF 2.5% ON COAL PRODUCED FROM A NEW OR EXISTING UNDERGROUND MINE FOR AN INITIAL 10-YEAR PERIOD; AMENDING SECTIONS 15-23-703 AND 15-23-715, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-23-703, MCA, is amended to read:

"15-23-703. Taxation of gross proceeds — taxable value for county classification and nontax purposes. (1) (a) The department shall compute from the reported value of coal gross proceeds a tax roll that must be transmitted to the county treasurer on or before September 15 of each year. The department may not levy or assess any mills against coal gross proceeds but shall, subject to subsection (1)(b) *and except as provided in subsection (1)(c)*, levy a tax of 5% against the value of coal as provided in 15-23-701(4). The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(b) If the county grants a tax abatement for production from a new or expanding underground mine as provided in 15-23-715, the department shall levy a tax at a rate that would, after providing for payment to the state of the amount attributable to all applicable state mill levies as if the tax rate were 5%, reduce the tax received by county taxing jurisdictions and any school district on the new or expanded production by ~~50%~~ *the percentage amount of the tax abated by the county under 15-23-715*.

(c) (i) For tax years beginning after December 31, 2011, the initial tax on coal mined from a new underground coal mine is 2.5% against the value of coal as provided in 15-23-701(4) for the first 10 years of coal production. After 10 years, coal production from the mine is taxed as provided in subsection (1)(a).

(ii) For tax years beginning on or after January 1, 2011, and ending December 31, 2020, the initial tax rate under subsection (1)(c)(i) applies to coal mined from an existing underground coal mine producing coal from the mine as of December 31, 2010. For tax years beginning after December 31, 2020, coal production is taxed as provided in subsection (1)(a).

(2) For county classification and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102.

(3) (a) Except as provided in subsections (4) and (7) and subject to subsection (3)(b), coal gross proceeds taxes must be allocated to the state, county, and school districts in the same relative proportions as the taxes were distributed in fiscal year 1990.

(b) The county treasurer shall multiply the coal gross proceeds taxes collected in the county under this part by the relative proportions determined for the state, county, and school districts under subsection (3)(a). Those amounts must be distributed as follows:

(i) the state share must be distributed in the relative proportions required by levies for state purposes in the same manner as property taxes were distributed in fiscal year 1990;

(ii) except as provided in subsection (5), the county share must be distributed in the relative proportions required by levies for county purposes, other than an elementary school or high school, in the same manner as property taxes were distributed in the previous fiscal year;

(iii) except as provided in subsection (6), the school districts' share must be distributed in the relative proportions required by levies for school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(4) If there is a distribution of coal gross proceeds from a new or expanding underground mine with a tax abatement as provided under 15-23-715, the county treasurer shall distribute:

(a) the state's share of the coal gross proceeds determined under subsection (1)(b) in the relative proportion required by the appropriate levies for state purposes; and

(b) the county's share and any school district's share of the coal gross proceeds determined under subsection (1)(b) as provided in this section.

(5) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (3)(b)(i), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in the previous fiscal year.

(b) If the allocation in subsection (5)(a) exceeds the total budget of a taxing unit, the commissioners may direct the county treasurer to reallocate the excess to any taxing unit within the county.

(6) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in the previous fiscal year.

(b) If the allocation under subsection (6)(a) exceeds the total budget for a fund, the trustees may reallocate the excess to any budgeted fund of the school district.

(7) Except as provided in subsections (8) and (9), the county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

(8) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds under subsection (7) in the same manner as provided in subsection (5).

(9) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under subsection (7) in the same manner as provided in subsection (6)."

Section 2. Section 15-23-715, MCA, is amended to read:

"15-23-715. New or expanding underground mines — tax abatement. (1) A county may abate taxation under this chapter for production from a new or expanding underground coal mine *that is taxed at the rate provided in 15-23-703(1)(a)* by 50% *or less* for 5 or 10 years by directing the department to levy the tax at a lower tax rate as provided in 15-23-703(1)(b).

(2) An abatement must be authorized by the governing body of a county. Before an abatement authorization is effective, the school boards of all affected school districts must be notified of the abatement. The authorization must be made by a resolution of the county governing body after a public hearing. The county governing body shall publish notice of the hearing in a newspaper that meets the requirements of 7-1-2121. The notice must be published twice, with at least 6 days separating publications. The first publication may be no more than 30 days prior to the hearing and the last publication must be at least 3 days prior to the hearing.

(3) An abatement authorization may be made for a 5-tax-year period, and upon expiration of that period, it may be authorized for one more 5-tax-year period. *The abatement of taxation for the second 5-tax-year period may be 50% or less.* An abatement authorization must be made prior to the beginning of the property tax year in which abatement is in effect. The department must be notified of each abatement authorization prior to the beginning of the tax year.

(4) (a) Production from a new underground mine is all production from a mine that in the year prior to the tax year in which the first abatement will apply had production of less than 500,000 tons of coal and the production during the course of the abatement period is estimated to be and actually amounts to at least five times the preabatement production amount.

(b) Production from an expanding underground mine is that portion of the mine's production that exceeds the average production for the previous 3 years. To qualify for the abatement, the total of the prior average production and the new production may not decrease during the time of the abatement."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2010.

[SB 286]

AN ACT REVISING COAL PROSPECTING LAWS; MODIFYING CERTAIN COAL PROSPECTING PROCEDURES; AMENDING SECTION 82-4-226, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-226, MCA, is amended to read:

"82-4-226. Prospecting permit. (1) Except as provided in subsection ~~(8)~~ *(7)*, prospecting by any person on land not included in a valid strip-mining or

underground-mining permit is unlawful without possessing a valid prospecting permit issued by the department as provided in this section. A prospecting permit may not be issued until the person submits an application, the application is examined, amended if necessary, and approved by the department, and an adequate reclamation performance bond is posted, all of which prerequisites must be done in conformity with the requirements of this part.

(2) ~~An~~ *Except for an application filed pursuant to subsection (8), an* application for a prospecting permit must be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application must include among other things a prospecting map and a prospecting reclamation plan of substantially the same character as required for a surface-mining or underground-mining map and reclamation plan under this part. The department shall determine by rules the precise nature of the required prospecting map and reclamation plan. Any applicant who intends to prospect by means of core drilling shall specify the location and number of holes to be drilled, methods to be used in sealing aquifers, and other information that may be required by the department. The applicant shall state what types of prospecting and excavating techniques will be employed on the affected land. The application must also include any other or further information that the department may require.

(3) Before the department gives final approval to the prospecting permit application, the applicant shall file with the department a reclamation and revegetation bond in a form and in an amount as determined in the same manner for strip-mining or underground-mining reclamation and revegetation bonds under this part.

(4) In the event that the holder of a prospecting permit desires to strip mine or underground mine the area covered by the prospecting permit and has fulfilled all the requirements for a strip-mining or underground-mining permit, the department may permit the postponement of the reclamation of the acreage prospected if that acreage is incorporated into the complete reclamation plan submitted with the application for a strip-mining or underground-mining permit. Any land actually affected by prospecting or excavating under a prospecting permit and not covered by the strip-mining or underground-mining reclamation plan must be promptly reclaimed.

(5) The prospecting permit is valid for 1 year and is subject to renewal, suspension, and revocation in the same manner as strip-mining or underground-mining permits under this part.

(6) The holder of the prospecting permit shall file with the department the same progress reports, maps, and revegetation progress reports as are required of strip-mining or underground-mining operators under this part.

(7) *(a)* Prospecting that is not conducted in an area designated unsuitable for coal mining pursuant to 82-4-227 or 82-4-228, that is not conducted for the purpose of determining the location, quality, or quantity of a mineral deposit, and that does not remove more than 250 tons of coal is not subject to subsections (1) through (6). In addition, *coal* prospecting that is conducted to determine the location, quality, or quantity of a mineral deposit outside an area designated unsuitable, that does not remove more than 250 tons of coal, and that does not substantially disturb the natural land surface is not subject to subsections (1) through (6). However, *except for a prospecting operation for which a permit is required by subsection (7)(b),* a person who conducts prospecting described in this subsection shall file with the department a notice of intent to prospect that

contains the information required by the department before commencing prospecting operations. If this prospecting substantially disturbs the natural land surface, it must be conducted in accordance with the performance standards of the board's rules regulating the conduct and reclamation of prospecting operations that remove coal. The department may inspect these prospecting and reclamation operations at any reasonable time.

(b) Prospecting conducted to determine the location, quality, or quantity of coal outside an area designated unsuitable that is not included in a valid strip-mining or underground-mining permit and that does not remove more than 250 tons of coal may not be conducted without a valid prospecting permit issued pursuant to subsection (8).

(8) (a) An application for a coal prospecting permit required by subsection (7)(b) must contain:

(i) the name, address, and telephone number of the person who seeks to prospect;

CHAPTER NO. 408

[SB 297]

AN ACT DEFINING "COAL BENEFICIATION PLANT"; EXCLUDING COAL BENEFICIATION PLANTS FROM PERMITTING AND REGULATION UNDER THE MONTANA STRIP AND UNDERGROUND MINING RECLAMATION ACT; CLARIFYING THAT A COAL PREPARATION FACILITY REGULATED UNDER THAT ACT DOES NOT INCLUDE A FACILITY WHERE COAL IS PREPARED AND THEN CONVERTED INTO ANOTHER ENERGY FORM OR TO A GASEOUS OR LIQUID HYDROCARBON; CLARIFYING THAT A MINING OPERATION DOES NOT INCLUDE A FACILITY OR SURFACE PREMISES WHERE COAL IS CONVERTED INTO ANOTHER ENERGY FORM OR TO A GASEOUS OR LIQUID HYDROCARBON OR A COAL BENEFICIATION PLANT; AMENDING SECTION 82-4-203, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-203, MCA, is amended to read:

"82-4-203. Definitions. Unless the context requires otherwise, in this part, the following definitions apply:

(1) "Abandoned" means an operation in which a mineral is not being produced and that the department determines will not continue or resume operation.

(2) "Adjacent area" means the area outside the permit area where a resource or resources, determined in the context in which the term is used, are or could reasonably be expected to be adversely affected by proposed mining operations, including probable impacts from underground workings.

(3) (a) "Alluvial valley floor" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities.

(b) The term does not include upland areas that are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion and deposits by unconcentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(4) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls, spoil piles, and coal refuse piles eliminated, so that:

(a) the reclaimed terrain closely resembles the general surface configuration if it is comparable to the premine terrain. For example, if the area was basically level or gently rolling before mining, it should retain these features after mining, recognizing that rolls and dips need not be restored to their original locations and that level areas may be increased.

(b) the reclaimed area blends with and complements the drainage pattern of the surrounding area so that water intercepted within or from the surrounding terrain flows through and from the reclaimed area in an unobstructed and controlled manner;

(c) postmining drainage basins may differ in size, location, configuration, orientation, and density of ephemeral drainageways compared to the premining topography if they are hydrologically stable, soil erosion is controlled to the extent appropriate for the postmining land use, and the hydrologic balance is protected; and

(d) the reclaimed surface configuration is appropriate for the postmining land use.

(5) "Aquifer" means any geologic formation or natural zone beneath the earth's surface that contains or stores water and transmits it from one point to another in quantities that permit or have the potential to permit economic development as a water source.

(6) (a) "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden is to be or has been deposited.

(b) The term includes:

(i) all land overlying any tunnels, shafts, or other excavations used to extract the mineral;

(ii) lands affected by the construction of new railroad loops and roads or the improvement or use of existing railroad loops and roads to gain access and to haul the mineral;

(iii) processing facilities at or near the mine site or other mine-associated facilities, waste deposition areas, treatment ponds, and any other surface or subsurface disturbance associated with strip mining or underground mining; and

(iv) all activities necessary and incident to the reclamation of the mining operations.

(7) "Bench" means the ledge, shelf, table, or terrace formed in the contour method of strip mining.

(8) "Board" means the board of environmental review provided for in 2-15-3502.

~~(9)~~*(10)* "Coal conservation plan" means the planned course of conduct of a ~~strip-~~ *strip-mining* or underground-mining operation and includes plans for the removal and use of minable and marketable coal located within the area planned to be mined.

~~(10)~~*(11)* (a) "Coal preparation" means the chemical or physical processing of coal and its cleaning, concentrating, or other processing or preparation.

(b) The term does not mean the conversion of coal to another energy form or to a gaseous or liquid hydrocarbon, except for incidental amounts that do not leave the plant, nor does the term mean processing for other than commercial purposes.

~~(11)~~*(12) (a)* "Coal preparation plant" means a commercial facility where coal is subject to coal preparation *in connection with a strip-mine or underground-coal-mine*. The term includes commercial facilities associated with coal preparation activities but is not limited to loading buildings, water treatment facilities, water storage facilities, settling basins and impoundments, and coal processing and other waste disposal areas.

(b) The term does not mean:

(i) a facility where coal is prepared and converted into another energy form or to a gaseous or liquid hydrocarbon; or

(ii) a coal beneficiation plant.

~~(12)~~*(13)* "Contour strip mining" means that strip-mining method commonly carried out in areas of rough and hilly topography in which the coal or mineral seam outcrops along the side of the slope and entrance are made to the seam by excavating a bench or table cut at and along the site of the seam outcropping, with the excavated overburden commonly being cast down the slope below the mineral seam and the operating bench.

~~(13)~~*(14)* "Cropland" means land used for the production of adapted crops for harvest, alone or in rotation with grasses and legumes, that include row crops, small grain crops, hay crops, nursery crops, orchard crops, and other similar crops.

~~(14)~~*(15)* "Degree" means a measurement from the horizontal. In each case, the measurement is subject to a tolerance of 5% error.

~~(18)~~*(19)* "Failure to conserve coal" means the nonremoval or nonuse of minable and marketable coal by an operation. However, the nonremoval or nonuse of minable and marketable coal that occurs because of compliance with reclamation standards established by the department is not considered failure to conserve coal.

~~(19)~~*(20)* "Fill bench" means that portion of a bench or table that is formed by depositing overburden beyond or downslope from the cut section as formed in the contour method of strip mining.

~~(20)~~*(21)* "Fish and wildlife habitat" means land dedicated wholly or partially to the production, protection, or management of species of fish or wildlife.

~~(24)~~*(25)* "Hydrologic balance" means the relationship between the quality and quantity of water inflow to, water outflow from, and water storage in a hydrologic unit, such as a drainage basin, aquifer, soil zone, lake, or reservoir, and encompasses the dynamic relationships among precipitation, runoff, evaporation, and changes in ground water and surface water storage.

~~(25)~~*(26)* "Imminent danger to the health and safety of the public" means the existence of any condition or practice or any violation of a permit or other requirement of this part in a ~~strip-~~ *strip-mining* or underground-coal-mining and reclamation operation that could reasonably be expected to cause substantial physical harm to persons outside the permit area before the condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not willingly be exposed to the danger during the time necessary for abatement.

~~(26)~~*(27)* "Industrial or commercial" means land used for:

(a) extraction or transformation of materials for fabrication of products, wholesaling of products, or long-term storage of products. This includes all heavy and light manufacturing facilities.

Violation of a water quality standard, whether or not an existing water use is affected, is material damage.

~~(31)~~*(32)* "Method of operation" means the method or manner by which the cut, open pit, shaft, or excavation is made, the overburden is placed or handled,

AN ACT PROVIDING THAT A GOVERNING BODY MAY NOT DENY A PROPOSED SUBDIVISION BASED SOLELY ON A CERTAIN WILDLAND-URBAN INTERFACE DESIGNATION; AND AMENDING SECTION 76-3-608, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-608, MCA, is amended to read:

"76-3-608. Criteria for local government review. (1) The basis for the governing body's decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational services *or based solely on parcels within the subdivision having been designated as wildland-urban interface parcels under 76-13-145*.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (6) of this section or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the impact on agriculture, agricultural water user facilities, local services, the natural environment, wildlife, wildlife habitat, and public health and safety;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements within and to the proposed subdivision for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the proposed subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce.

(7) A governing body may not require as a condition of subdivision approval that a property owner waive a right to protest the creation of a special improvement district or a rural improvement district for capital improvement projects that does not identify the specific capital improvements for which protest is being waived. A waiver of a right to protest may not be valid for a time period longer than 20 years after the date that the final subdivision plat is filed with the county clerk and recorder."

(B) at least 1 mile apart at their closest point.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation:

(i) exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases; and

(ii) exclude access roads for which the person, firm, or corporation submits a bond to the department in the amount of the estimated total cost of reclamation along with a description of the location of the road and the specifications to which it will be constructed.

(c) A small miner may hold an operating permit that allows disturbance of 100 acres or less. The permit may be amended to add new disturbance areas, but the total area permitted for disturbance may not exceed 100 acres at any time.

~~(17)~~*(18)* "Soil materials" means earth material found in the upper soil layers that will support plant growth.

~~(18)~~*(19)* (a) "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining.

(b) Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium or excavation or grading conducted for onsite farming, onsite road construction, or other onsite building construction.

~~(19)~~*(20)* "Underground mining" means all methods of mining other than surface mining.

~~(20)~~*(21)* "Unit of surface-mined area" means that area of land and surface water included within an operating permit actually disturbed by surface mining during each 12-month period of time, beginning at the date of the issuance of the permit. The term includes the area from which overburden or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations that by virtue of mining use are susceptible to erosion in excess of the surrounding undisturbed portions of land.

~~(21)~~*(22)* "Vegetative cover" means the type of vegetation, grass, shrubs, trees, or any other form of natural cover considered suitable at time of reclamation."

Section 2. Section 82-4-305, MCA, is amended to read:

"82-4-305. Exemption — small miners — written agreement. (1) Except as provided in subsections (3) through (11), the provisions of this part do not apply to a small miner if the small miner annually agrees in writing:

(a) that the small miner will not pollute or contaminate any stream;

(b) that the small miner will provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals;

(c) that the small miner will provide a map locating the miner's mining operations. The map must be of a size and scale determined by the department.

(d) if the small miner's operations are placer or dredge mining, that the small miner shall salvage and protect all soil materials for use in reclamation of that site and shall reclaim all land disturbed by the operations to comparable utility and stability as that of adjacent areas.

(2) For small-miner exemptions obtained after September 30, 1985, a small miner may not obtain or continue an exemption under subsection (1) unless the small miner annually certifies in writing:

(a) if the small miner is an individual, that:

(i) no business association or partnership of which the small miner is a member or partner has a small-miner exemption; and

(ii) no corporation of which the small miner is an officer, director, or owner of record of 25% or more of any class of voting stock has a small-miner exemption; or

(b) if the small miner is a partnership or business association, that:

(i) none of the associates or partners holds a small-miner exemption; and

(ii) none of the associates or partners is an officer, director, or owner of 25% or more of any class of voting stock of a corporation that has a small-miner exemption; or

(c) if the small miner is a corporation, that no officer, director, or owner of record of 25% or more of any class of voting stock of the corporation:

(i) holds a small-miner exemption;

(ii) is a member or partner in a business association or partnership that holds a small-miner exemption;

(iii) is an officer, director, or owner of record of 25% or more of any class of voting stock of another corporation that holds a small-miner exemption.

(3) A small miner whose operations are placer or dredge mining shall post a performance bond equal to the state's documented cost estimate of reclaiming the disturbed land, although the bond may not exceed $10,000 for each operation. If the small miner has posted a bond for reclamation with another government agency, the small miner is exempt from the requirement of this subsection.

(4) If a small miner who conducts a placer or dredge mining operation fails to reclaim the operation, the small miner is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and for state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.

(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (5), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of

its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(7) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation in which the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of. The acreage disturbed by the operation using cyanide ore-processing reagents or other metal leaching solvents or reagents and covered by the operating permit is excluded from the 5-acre limit specified in ~~82-4-303(16)(a)(i)~~ *82-4-303(17)(a)(i)* and ~~(16)(a)(ii)~~ *(17)(a)(ii).*

(8) (a) Except for a small miner proposing to conduct a placer or dredge mining operation, a small miner who intends to use an impoundment to store waste from ore processing shall obtain approval for the design, construction, operation, and reclamation of that impoundment and post a performance bond for that part of the small miner's operation before constructing an impoundment. The small miner shall post a performance bond equal to the state's documented cost estimate of reclaiming the disturbed land. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(a).

(b) The department shall conduct a review of the adequacy of the bond posted by a small miner using an impoundment pursuant to this section at least once every 5 years and adjust the bond if necessary to ensure reclamation of the impoundment. The acreage disturbed by the portion of the operation that uses an impoundment to store waste from ore processing is included in the 5-acre limit specified in ~~82-4-303(16)(a)(i)~~ *82-4-303(17)(a)(i)* and ~~(16)(a)(ii)~~ *(17)(a)(ii)* and is subject to the provisions of this subsection (8).

(c) If a small miner under this subsection (8) fails to reclaim the operation, the small miner is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and for state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(d) If a small miner under this subsection (8) fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the

reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (8)(e), before or after it incurs those costs.

(e) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (8)(d), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(f) Except for a small miner who conducts a placer or dredge mining operation, a small miner utilizing an impoundment to store waste from ore processing on or after April 28, 2005, shall obtain approval of the design, construction, operation, and reclamation of that impoundment and post a performance bond within 6 months of April 28, 2005. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(f).

(9) The exemption provided in this section does not apply to a person:

(a) whose failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond, unless that person meets the conditions described under 82-4-360;

(b) who has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) who has failed to post a reclamation bond required by this section, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation; or

(d) who has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(10) The exemption provided in this section does not apply to an area:

(a) under permit pursuant to 82-4-335;

(b) that has been permitted pursuant to 82-4-335 and reclaimed by the permittee, the department, or any other state or federal agency; or

(c) that has been reclaimed by or has been subject to remediation of contamination or pollution by a public agency, under supervision of a public agency, or using public funds.

(11) A small miner may not use mercury except in a contained facility that prevents the escape of any mercury into the environment."

Section 3. Section 82-4-335, MCA, is amended to read:

"82-4-335. Operating permit — limitation — fees. (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents or other metal leaching solvents or reagents, or disturb land in anticipation of

those activities in the state without first obtaining ~~an~~ *a final* operating permit from the department. Except as provided in subsection (2), a separate*, final,* operating permit is required for each complex.

(2) (a) A person who engages in the mining of rock products or a landowner who allows another person to engage in the mining of rock products from the landowner's land may obtain an operating permit for multiple sites if each of the multiple sites does not:

(i) operate within 100 feet of surface water or in ground water or impact any wetland, surface water, or ground water;

(ii) have any water impounding structures other than for storm water control;

(iii) have the potential to produce acid, toxic, or otherwise pollutive solutions;

(iv) adversely impact a member of or the critical habitat of a member of a wildlife species that is listed as threatened or endangered under the Endangered Species Act of 1973; or

(v) impact significant historic or archaeological features.

(b) A landowner who is a permittee and who allows another person to mine on the landowner's land remains responsible for compliance with this part, the rules adopted pursuant to this part, and the permit for all mining activities conducted on sites permitted pursuant to this subsection (2) with the landowner's permission. The performance bond required under this part is and must be conditioned upon compliance with this part, the rules adopted pursuant to this part, and the permit of the landowner and any person who mines with the landowner's consent.

(3) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation where the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of.

(4) Prior to receiving an operating permit from the department, a person shall pay the basic permit fee of $500. The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The board may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed $5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

(5) The person shall submit an application on a form provided by the department, which must contain the following information and any other pertinent data required by rule:

(a) the name and address of the operator and, if a corporation or other business entity, the name and address of its officers, directors, owners of 10% or more of any class of voting stock, partners, and the like and its resident agent for service of process, if required by law;

(b) the minerals expected to be mined;

(c) a proposed reclamation plan;

(d) the expected starting date of operations;

(e) a map showing the specific area to be mined and the boundaries of the land that will be disturbed, the topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, and the location of proposed access roads to be built;

(f) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the land within the permit area and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the permit area, provided that the department is not required to verify this information;

(g) the names and addresses of the present owners of record and any purchasers under contracts for deed of all minerals in the land within the permit area, provided that the department is not required to verify this information;

(h) the source of the applicant's legal right to mine the mineral on the land affected by the permit, provided that the department is not required to verify this information;

(i) the types of access roads to be built and manner of reclamation of road sites on abandonment;

(j) a plan that will provide, within limits of normal operating procedures of the industry, for completion of the operation;

(k) ground water and surface water hydrologic data gathered from a sufficient number of sources and length of time to characterize the hydrologic regime;

(l) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable;

(m) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water;

(n) an evaluation of the expected life of any tailings impoundment or waste area and the potential for expansion of the tailings impoundment or waste site; and

(o) an assessment of the potential for the postmining use of mine-related facilities for other industrial purposes, including evidence of consultation with the county commission of the county or counties where the mine or mine-related facilities will be located.

(6) Except as provided in subsection (8), the permit provided for in subsection (1) for a large-scale mineral development, as defined in 90-6-302, must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the department, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(7) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the department with proof that the permittee has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that the permittee has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. If the permittee does not file the required proof or if the hard-rock mining impact board certifies to the department that the permittee has failed to comply with the hard-rock mining impact review and implementation requirements in Title 90, chapter 6, parts 3 and 4, the department shall suspend the permit until the permittee files the required proof or until the hard-rock mining impact board certifies that the permittee has complied with the hard-rock mining impact review and implementation requirements.

(8) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(9) A person may not be issued an operating permit if:

(a) that person's failure, or the failure of any firm or business association of which that person was a principal or controlling member, to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in either the receipt of bond proceeds by the department or the completion of reclamation by the person's surety or by the department, unless that person meets the conditions described in 82-4-360;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305; or

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(10) A person may not be issued a permit under this part unless, at the time of submission of a bond, the person provides the current information required in subsection (5)(a) and:

(a) (i) certifies that the person is not currently in violation in this state of any law, rule, or regulation of this state or of the United States pertaining to air quality, water quality, or mined land reclamation; or

(ii) presents a certification by the administering agency that the violation is in the process of being corrected to the agency's satisfaction or is the subject of a bona fide administrative or judicial appeal; and

(b) if the person is a partnership, corporation, or other business association, provides the certification required by subsection (10)(a)(i) or (10)(a)(ii), as applicable, for any partners, officers, directors, owners of 10% or more of any class of voting stock, and business association members."

Section 4. Section 82-4-337, MCA, is amended to read:

"82-4-337. Inspection — issuance of operating permit — modification, amendment~~, or revision~~, *or revision*. (1) (a) The department shall review all applications for operating permits for completeness *and compliance with the requirements of this part and rules adopted pursuant to this part* within ~~60~~ *90* days of receipt of the initial application and within 30 days of receipt of responses to notices of deficiencies. The initial ~~completeness~~ notice must note all deficiency issues, and the department may not in a later

~~completeness~~ notice raise an issue pertaining to the initial application that was not raised in the initial notice. ~~The department may, however, raise any deficiency during the adequacy review pursuant to subsection (1)(b).~~ The department shall notify the applicant concerning completeness *and compliance* as soon as possible. An application is considered complete *and compliant* unless the applicant is notified of ~~any~~ deficiencies within the appropriate review period.

~~(b) Except as provided in 75-1-205(4) and 75-1-208(4)(b), unless the review period is extended as provided in this section, the department shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the department does not notify the applicant of any deficiencies in the application.~~

(b) The review for completeness and compliance is limited to areas in regard to which the department has statutory authority.

(c) When providing notice of deficiencies, the department shall identify each section in this part or rules adopted pursuant to this part related to the deficiency.

(d) When an application is complete and compliant, the department shall:

(i) declare in writing that the application is complete and compliant;

(ii) detail in writing the substantive requirements of this part and how the application complies with those requirements; and

(iii) issue a draft permit. The department may, as a condition of issuing the draft permit, require that the applicant obtain other permits required by law but not provided for in this part. However, the department may not withhold issuance of the draft permit in the absence of those permits.

(e) Prior to issuance of a draft permit, the department shall inspect the site. If the site is not accessible because of extended adverse weather conditions, the department shall inspect the site at the first available opportunity and may extend the time period prescribed in subsection (1)(a) by a term agreed to by the applicant.

(f) Issuance of the draft permit as a final permit is the proposed state action subject to review required by Title 75, chapter 1.

(g) If the applicant is not notified ~~of~~ *that there are* deficiencies or inadequacies in the ~~proposed reclamation plan and plan of operation~~ *application or that the application is compliant* within the time period *required by subsection (1)(a)*, the *final* operating permit must be issued upon receipt of the bond as required in 82-4-338 and pursuant to the requirements of subsection ~~(1)(c)~~ *(1)(h)* of this section. The department shall promptly notify the applicant of the form and amount of bond that will be required. *After the department notifies the applicant of deficiencies in the application within the time period required by subsection (1)(a), no further action by the department is required until the applicant has responded to the deficiency notification.*

~~(c)~~*(h)* ~~A~~ *Except as provided in (1)(g), a final* permit may not be issued until:

(i) sufficient bond has been submitted pursuant to 82-4-338;

(ii) the information and certification have been submitted pursuant to 82-4-335(10); ~~and~~

(iii) the department has found that permit issuance is not prohibited by 82-4-335(9) or 82-4-341(7)*;*

(iv) the review pursuant to Title 75, chapter 1, is completed or 1 year has elapsed after the date the draft permit was issued, whichever is less. The applicant may by written waiver extend this time period.

(v) the department has made a determination that the application and the final permit meet the substantive requirements of this part and the rules adopted pursuant to this part.

~~(d) (i) Prior to issuance of a permit, the department shall inspect the site, unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible because of extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department shall serve written notice of extension upon the applicant in person or by certified mail, and any extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.~~

~~(ii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed for analysis to determine whether a detailed environmental impact statement is necessary under 75-1-201, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) of this section by not more than 75 days to permit reasonable analysis. The applicant may by written waiver extend this period.~~

~~(iii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) of this section by not more than 365 days in order to permit reasonable review. The applicant may by written waiver extend this time period.~~

~~(iv)~~*(i)* If the department decides to hire a third-party contractor to prepare an environmental impact statement on the application, the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

~~(v) Failure of the department to act upon a complete application within the extension period constitutes approval of the application, and the permit must be issued promptly upon receipt of the bond as required in 82-4-338.~~

(2) (a) After issuance of a draft permit but prior to receiving a final permit, an applicant may propose modifications to the application. If the proposed modifications substantially change the proposed plan of operation or reclamation, the department may terminate the draft permit and review the application as modified pursuant to subsection (1) for completeness and compliance and issuance of a new draft permit.

(b) The department shall consult with the applicant before placing stipulations in a draft or final permit. Permit stipulations in a draft or final permit may, unless the applicant consents, address only compliance issues within the substantive requirements of this part or rules adopted pursuant to this part. For a stipulation imposed without the applicant's consent, the department shall provide to the applicant in writing the reason for the stipulation, a citation to the statute or rule that gives the department the authority to impose the stipulation, and, for a stipulation imposed in the final

permit that was not contained in the draft permit, the reason that the stipulation was not contained in the draft permit.

(c) Within 40 days of the completion of the review required by Title 75, chapter 1, or 1 year from the date the draft permit is issued, whichever is less, the department shall issue its bond determination.

(d) When the department prepares an environmental review jointly with a federal agency acting under the National Environmental Policy Act, the applicant may by written waiver extend the 1-year deadline contained in subsection (1)(g)(iv).

(e) Upon submission of the bond and subject to subsection (1)(h), the department shall issue the final permit.

~~(2)~~*(3)* The *final* operating permit must be granted for the period required to complete the operation and is valid until the operation authorized by the permit is completed or abandoned, unless the permit is suspended or revoked by the department as provided in this part.

~~(3)~~*(4)* The *final* operating permit must provide that the reclamation plan may be modified by the department, upon proper application of the permittee or after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so that they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations *not permitted under the terms of regulatory permits held by the permittee* are revealed by field inspection *and the department has the authority to address them under the provisions of this part*.

~~(4) (a)~~*(5) (a)* The modification of ~~an~~ *a final* operating permit ~~may be a major or minor permit~~ *may be a major or minor permit* amendment or a ~~permit~~ revision. ~~A modification of the operating permit, including a~~ *permit revision. A modification of the operating permit, including a* modification necessary to ~~conform to~~ *comply with* the requirements of existing law as interpreted by a court of competent jurisdiction~~,~~ must be processed in accordance with the procedures for an application for a permit amendment ~~or revision~~ *or revision* that are established pursuant to 82-4-342 and this section~~, including any environmental analysis required by Title 75, chapter 1, part 2~~.

(b) The modification of an operating permit may not be finalized and an existing bond amount may not be increased until the permit modification procedures and analysis described in subsection (5)(a) are completed.

~~(b) The modification of an operating permit may not be finalized and an existing bond amount may not be increased until the permit modification procedures and analysis described in subsection (4)(a) are completed.~~

~~(5) During the term of an operating permit, an operator may apply for an amendment or revision to the permit. The operator may not apply for an amendment to delete disturbed acreage from the permit.~~

~~(6) Applications for major amendments must be processed in the same manner as applications for new permits.~~

~~(7) Major amendments are those that may significantly affect the environment. Minor amendments are those that will not significantly affect the environment. The board may by rule establish criteria for classification of~~

~~amendments as major or minor. The rules must establish requirements for the content of applications for amendments and revisions and procedures for processing of minor amendments.~~

~~(8) If the department demonstrates that a revision may result in a significant environmental impact that was not previously and substantially evaluated in an environmental impact statement, the application must be processed in the same manner as is provided for new permits. Except as provided in 75-1-208(4)(b), applications for minor amendments and other revisions must be processed within 30 days of receipt of an application.~~"

Section 5. Section 82-4-342, MCA, is amended to read:

"82-4-342. Amendment to operating permits. (1) During the term of an operating permit issued under this part, an operator may apply for *a permit revision as described in subsections (5)(g) through (5)(j) or* an amendment to the permit. The operator may not apply for an amendment to delete disturbed acreage except following reclamation, as required under 82-4-336, and bond release for the disturbance, as required under 82-4-338.

(2) ~~(a)~~*(a)* The board may by rule establish criteria for the ~~classification of amendments as major or minor. The board shall adopt rules establishing requirements for the~~ *classification of amendments as major or minor. The board shall adopt rules establishing requirements for the* content of applications for ~~major and minor~~ *revisions and major and minor* amendments and the procedures for processing ~~minor~~ *revisions and minor* amendments.

~~(b) An amendment must be considered minor if:~~

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-121, MCA, is amended to read:

"15-1-121. Entitlement share payment — *purpose* — appropriation. (1) *As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.* ~~The amount calculated pursuant to this subsection, as adjusted pursuant to subsection (3)(a)(i), is each local government's base entitlement share. The department shall estimate the total amount of revenue that each local government received from the following sources for the fiscal year ending June 30, 2001:~~

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

(b) vehicle, boat, and aircraft taxes and fees pursuant to:

(i) Title 23, chapter 2, part 5;

(ii) Title 23, chapter 2, part 6;

(iii) Title 23, chapter 2, part 8;

(iv) 61-3-317;

(v) 61-3-321;

(vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;

(vii) Title 61, chapter 3, part 7;

(viii) 5% of the fees collected under 61-10-122;

(ix) 61-10-130;

(x) 61-10-148; and

(xi) 67-3-205;

(c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);

(d) district court fees pursuant to:

(i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);

(ii) 25-1-202;

(iii) 25-9-506; and

(iv) 27-9-103;

(e) certificate of title fees for manufactured homes pursuant to 15-1-116;

(f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;

(g) all beer, liquor, and wine taxes pursuant to:

(i) 16-1-404;

(ii) 16-1-406; and

(iii) 16-1-411;

(h) late filing fees pursuant to 61-3-220;

(i) title and registration fees pursuant to 61-3-203;

(j) veterans' cemetery license plate fees pursuant to 61-3-459;

(k) county personalized license plate fees pursuant to 61-3-406;

(l) special mobile equipment fees pursuant to 61-3-431;

(m) single movement permit fees pursuant to 61-4-310;

(n) state aeronautics fees pursuant to 67-3-101; and

(o) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

~~(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.~~

~~(b)~~*(3)* The *total* amount ~~estimated pursuant to subsections (1) and (2)(a)~~ *received by each local government in fiscal year 2010 as an entitlement share payment under this section is the base component for the fiscal year 2011 distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7),* is each local government's base ~~year~~ component. The sum of all local governments' base ~~year~~ components is the ~~base~~ *fiscal* year entitlement share pool. ~~For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.~~

~~(3)~~*(4)* (a) The base ~~year~~ entitlement share pool must be increased annually by a growth rate as provided for in this subsection ~~(3)~~ *(4)*. The amount determined through the application of annual growth rates is the entitlement

share pool for each fiscal year. By October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

~~(i) Before applying the growth rate for fiscal year 2007 to determine the fiscal year 2007 entitlement share payments, the department shall subtract from the fiscal year 2006 entitlement share payments the following amounts:~~

~~(ii)~~*(i)* The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for ~~the following periods:~~

~~(A)~~ the last 4 calendar years for which the information has been published~~; and~~

~~(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A)~~.

~~(iii)~~*(ii)* The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for ~~the following periods:~~

~~(A)~~ the last 4 calendar years for which the information has been published~~; and~~

~~(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A)~~.

(b) ~~(i)~~ The entitlement share pool growth rate for ~~the first~~ *each* year ~~of the biennium~~ must be the following percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(B)~~ *(4)(a)(i)* and ~~(3)(a)(iii)(B)~~ *(4)(a)(ii)*:

~~(A)~~*(i)* for counties, 54%;

~~(B)~~*(ii)* for consolidated local governments, 62%; and

~~(C)~~*(iii)* for incorporated cities and towns, 70%.

~~(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):~~

~~(A) for counties, 54%;~~

~~(B) for consolidated local governments, 62%; and~~

~~(C) for incorporated cities and towns, 70%.~~

~~(4)~~*(5)* As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection ~~(6)~~ *(8)*. ~~For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government.~~ The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably

reflects each special district's loss of revenue sources ~~listed in subsection (1)~~ *for which reimbursement is provided in this section*.

~~(5)~~*(6)* (a) The entitlement share pools calculated in this section*, the amounts determined under [section 3(2)] for local governments,* ~~and~~ the ~~block grants~~ *funding* provided for in subsection ~~(6)~~ *(8), and the amounts determined under [section 3(4)] for tax increment financing districts* are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. ~~Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool.~~ ~~The~~ *Except for the distribution made under [section 3(2)(b)], the* distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. ~~For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero.~~ The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the ~~base~~ *prior fiscal* year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool ~~not represented by~~ *before* the growth amount *or adjustments made under subsection (7) are applied* is *to be* distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

~~(6)~~*(8)* (a) ~~If~~ *Except for a tax increment financing district entitled to a reimbursement under [section 3(4)], if* a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any ~~block grant~~ *funding*. If a tax increment financing district referred to in subsection ~~(6)(b)~~ *(8)(b)* terminates, then the ~~block grant~~ *funding for the district* provided for in subsection ~~(6)(b)~~ *(8)(b)* terminates.

(b) ~~One-half~~ *Except for the reimbursement made under [section 3(4)(b)], one-half* of the payments provided for in this subsection ~~(6)(b)~~ *(8)(b)* must be made by November 30 and the other half by May 31 of each year. Subject to subsection ~~(6)(a)~~ *(8)(a)*, the entitlement share for tax increment financing districts is as follows:

~~Cascade~~	~~Great Falls - downtown~~	~~$468,966~~
Deer Lodge	TIF District 1	~~3,148~~ *$3,148*
Deer Lodge	TIF District 2	3,126
~~Flathead~~	~~Kalispell - District 1~~	~~758,359~~
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
~~Lewis and Clark~~	~~Helena - #2~~	~~731,614~~
Missoula	Missoula - ~~1-1B &~~ 1-1C	~~1,100,507~~ *250,279*
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
~~Yellowstone~~	~~Billings~~	~~436,815~~

~~(7)~~*(9)* The estimated ~~base~~ *fiscal* year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from *tax increment financing districts, from* countywide transportation block grants*, or from countywide retirement block grants*.

~~(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.~~

~~(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.~~

~~(9)~~*(10)* A three-fifths vote of each house *of the legislature* is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through ~~(3)~~ *(4)*.

~~(10)~~*(11)* When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

~~(11)~~*(12)* A local government may appeal the department's estimation of the base ~~year~~ component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

~~(12)~~*(13)* A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

Section 5. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity*:*

(a) may increase the number of mills to account for a decrease in reimbursements*; and*

(b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-108, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 6. Section 15-23-101, MCA, is amended to read:

"15-23-101. Properties centrally assessed. The department shall centrally assess each year:

Transfers may not be made with funds approved by the voters or with funds raised by a nonvoted levy unless*:*

(2) Except as provided in subsection (6), when the records pertaining to a youth pursuant to this section are sealed, an agency, other than the department, that has in its possession copies of the sealed records shall destroy the copies of the records. Anyone violating the provisions of this subsection is subject to contempt of court.

(3) Except as provided in subsection (6), this section does not prohibit the destruction of records with the consent of the youth court judge or county attorney after 10 years from the date of sealing.

(b) The department of public health and human services and the department shall disassociate the offense and disposition information from the name of the youth in the respective management information system. The offense and disposition information must be maintained separately and may be used only:

(b) The informal youth court records may be maintained and inspected only by youth court personnel upon a new offense prior to the youth's 18th birthday.

(c) Except as provided in subsection (7)(a), when a youth becomes 18 years of age or when extended supervision ends and the youth was involved only in informal proceedings, informal youth court records that are in hard-copy form must be destroyed and any electronic records in the youth court management information system must disassociate the offense and disposition information from the name of the youth and may be used only for the following purposes:

(i) for research and program evaluation authorized by the office of the court administrator and subject to any applicable laws; and

(ii) as provided in Title 5, chapter 13.

(8) Nothing in this section prohibits the intra-agency use or information sharing of formal or informal youth court records within the juvenile probation

management information system. Electronic records of the youth court may not be shared except as provided in 41-5-1524. If a person authorized under 41-5-215 is in need of a copy of a record that is in electronic form, the juvenile probation officer shall make only a physical copy of the record that is authorized and the person receiving the record shall destroy the record after it has fulfilled its purpose or as provided in subsection (2) of this section.

(9) This section does not prohibit the intra-agency use or information sharing of formal or informal youth court records within the department's youth management information system. Electronic records of the department's youth management information system may not be shared except as provided in subsection (5). If a person authorized under 41-5-215 is in need of a copy of a record that is in electronic form, the department shall make only a physical copy of the record that is authorized and the person receiving the record shall destroy the record after it has fulfilled its purpose or as provided in subsection (2) of this section.

The court shall forward the license and a copy of the sentencing order to the department of justice. The defendant may apply to the department for issuance of a probationary license under 61-2-302.

(2) If a person with a registry identification card issued pursuant to [section 4 or 5] is convicted of an offense under this chapter, the court shall:

(a) at the time of sentencing, require the person to surrender the registry identification card; and

(b) notify the department of public health and human services of the conviction in order for the department to carry out its duties under [section 15]."

Section 29. Section 46-18-202, MCA, is amended to read:

(f) a requirement that the offender surrender any registry identification card issued under [section 3];

~~(f)~~*(g)* any other limitation reasonably related to the objectives of rehabilitation and the protection of the victim and society.

(2) Whenever the sentencing judge imposes a sentence of imprisonment in a state prison for a term exceeding 1 year, the sentencing judge may also impose the restriction that the offender is ineligible for parole and participation in the supervised release program while serving that term. If the restriction is to be imposed, the sentencing judge shall state the reasons for it in writing. If the sentencing judge finds that the restriction is necessary for the protection of society, the judge shall impose the restriction as part of the sentence and the judgment must contain a statement of the reasons for the restriction.

(3) If a sentencing judge requires an offender to surrender a registry identification card issued under [section 3], the court shall return the card to the department of public health and human services and provide the department with information on the offender's sentence. The department shall revoke the card for the duration of the sentence and shall return the card if the offender successfully completes the terms of the sentence before the expiration date listed on the card."

Section 30. Section 50-46-201, MCA, is amended to read:

"50-46-201. Medical use of marijuana — legal protections — limits on amount — presumption of medical use. (1) A person who possesses a registry identification card issued ~~pursuant to 50-46-103~~ *before [the effective date of this section]* may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by a professional licensing board or the department of labor and industry, if:

(a) the qualifying patient or caregiver acquires, possesses, cultivates, manufactures, delivers, transfers, or transports marijuana not in excess of the amounts allowed in subsection (2); or

(b) the qualifying patient uses marijuana for medical use.

(2) A qualifying patient and that qualifying patient's caregiver may not possess more than six marijuana plants and 1 ounce of usable marijuana each.

(3) (a) A qualifying patient or caregiver is presumed to be engaged in the medical use of marijuana if the qualifying patient or caregiver:

(i) is in possession of a registry identification card; and

(ii) is in possession of an amount of marijuana that does not exceed the amount permitted under subsection (2).

(b) The presumption may be rebutted by evidence that the possession of marijuana was not for the purpose of alleviating the symptoms or effects of a qualifying patient's debilitating medical condition.

(4) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor and industry, for providing written certification for the medical use of marijuana to qualifying patients.

(5) An interest in or right to property that is possessed, owned, or used in connection with the medical use of marijuana or acts incidental to medical use may not be forfeited under any provision of law providing for the forfeiture of property other than as a sentence imposed after conviction of a criminal offense.

(6) A person may not be subject to arrest or prosecution for constructive possession, conspiracy, as provided in 45-4-102, or other provisions of law or any other offense for simply being in the presence or vicinity of the medical use of marijuana as permitted under this chapter.

(7) Possession of or application for a registry identification card does not alone constitute probable cause to search the person or property of the person possessing or applying for the registry identification card or otherwise subject the person or property of the person possessing or applying for the card to inspection by any governmental agency, including a law enforcement agency.

(8) A registry identification card or its equivalent issued by another state government to permit the medical use of marijuana by a qualifying patient or to permit a person to assist with a qualifying patient's medical use of marijuana has the same force and effect as a registry identification card issued by the department."

Section 31. Section 50-46-202, MCA, is amended to read:

"50-46-202. Disclosure of confidential information relating to medical use of marijuana — penalty. *(1) The department shall maintain a confidential list of the persons to whom the department has issued registry identification cards. ~~(1)~~*(2)* A person, including an employee or official of the department or other state or local government agency, commits the offense of disclosure of confidential information relating to medical use of marijuana if the person knowingly or purposely discloses confidential information in violation of ~~50-46-103~~ *this section*.

~~(2)~~*(3)* A person convicted of disclosure of confidential information relating to medical use of marijuana shall be fined not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 6 months, or both."

Section 32. Section 61-11-101, MCA, is amended to read:

"61-11-101. Report of convictions and suspension or revocation of driver's licenses — surrender of licenses. (1) If a person is convicted of an offense for which chapter 5 or chapter 8, part 8, makes mandatory the suspension or revocation of the driver's license or commercial driver's license of the person by the department, the court in which the conviction occurs shall require the surrender to it of all driver's licenses then held by the convicted person. The court shall, within 5 days after the conviction becomes final, forward the license and a record of the conviction to the department. If the person does not possess a driver's license, the court shall indicate that fact in its report to the department.

(2) A court having jurisdiction over offenses committed under a statute of this state or a municipal ordinance regulating the operation of motor vehicles on highways, except for standing or parking statutes or ordinances, shall forward a record of the conviction, as defined in 61-5-213, to the department within 5 days

after the conviction becomes final. (3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(a) expiration of the time for appeal of the court's judgment or sentence to the next highest court;

(b) forfeiture of bail that is not vacated; or

(c) imposition of a fine or court cost as a condition of a deferred imposition of a sentence or a suspended execution of a sentence.

(5) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver's license or who is required to hold a commercial driver's license, a court may not take any action, including deferring imposition of judgment, that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person's driving record. The provisions of this subsection (5)(a) apply only to the conviction of a person who holds a commercial driver's license or who is required to hold a commercial driver's license and do not apply to the conviction of a person who holds any other type of driver's license.

(b) For purposes of this subsection (5), "who is required to hold a commercial driver's license" refers to a person who did not have a commercial driver's license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).

(6) (a) If a person who holds a valid registry identification card issued pursuant to [section 4 or 5] is convicted of or pleads guilty to any offense related to driving under the influence of alcohol or drugs when the initial offense with which the person was charged was a violation of 61-8-401, 61-8-406, or 61-8-410, the court in which the conviction occurs shall require the person to surrender the registry identification card.

(b) Within 5 days after the conviction becomes final, the court shall forward the registry identification card and a copy of the conviction to the department of public health and human services."

(b) The department shall notify the provider or marijuana-infused products provider and the registered cardholder who named the provider or marijuana-infused products provider that the person may no longer assist the registered cardholder with the use of marijuana to alleviate the symptoms of the cardholder's debilitating medical condition.

(4) A person who obtained a registry identification card as a caregiver pursuant to 50-46-103 before [the effective date of this section] may not be in possession of mature marijuana plants, seedlings, cuttings, clones, usable marijuana, or marijuana-related products on July 1, 2011, if the person has not obtained a registry identification card pursuant to the provisions of [sections 1 through 23] as provided for in subsection (2). Before July 1, 2011, a caregiver who has not obtained a registry identification card pursuant to [sections 1 through 23] shall take any mature marijuana plants, seedlings, cuttings, clones, usable marijuana, or marijuana-related products still in the caregiver's possession to the law enforcement agency having jurisdiction in the caregiver's area. COMPILED BY MONTANA
LEGISLATIVE SERVICES DIVISION

House Joint Resolutions

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS AND THE PRESIDENT TO APPROVE FEDERAL LEGISLATION THAT WOULD RESULT IN THE IMMEDIATE REMOVAL OF THE GRAY WOLF FROM THE ENDANGERED SPECIES LIST IN MONTANA.

WHEREAS, in 2002, the gray wolf population in Montana, Idaho, and Wyoming achieved the biological requirement of a minimum of 30 breeding pairs and at least 300 wolves in a metapopulation in the Northern Rocky Mountains, a threshold established by the United States Fish and Wildlife Service to conclude that the gray wolf is recovered and should be delisted; and

WHEREAS, the tristate wolf population has remained on the rise with an estimated 115 breeding pairs and 1,706 wolves total at the end of 2009, including an estimated minimum of 37 breeding pairs and 524 wolves in Montana; and

WHEREAS, the Montana Department of Fish, Wildlife, and Parks has maintained a federally approved wolf management plan for several years and has proven that the plan, including the use of a public hunt, will maintain a secure, viable population of gray wolves in Montana; and

WHEREAS, the United States Fish and Wildlife Service has delisted the gray wolf in Montana twice (on March 28, 2008, and on May 4, 2009), and despite proven, effective state management, the species has been relisted both times by court ruling; and

WHEREAS, the Montana Department of Fish, Wildlife, and Parks has joined with the United States Departments of Interior and Justice in defense of the delisting decision and to appeal the most recent court ruling relisting the gray wolf because state management of the species is the preferred alternative to federal management of state wildlife; and

WHEREAS, even if the appeal is successful and the gray wolf is delisted in Montana, certain organizations may continue to challenge the delisting and state management of the gray wolf; and

WHEREAS, the relisting of the gray wolf in Montana has stripped the state of its ability to most effectively manage gray wolves at a time when biological and social impacts of the species are exceeding carrying capacity; and

WHEREAS, any delay in the delisting of the gray wolf will exacerbate these negative biological and social impacts and erode the broad base of public support Montana has developed for its management of the gray wolf; and

WHEREAS, the 62nd Legislature believes that federal legislation is the most effective way to ensure that the gray wolf is removed from the endangered species list in Montana and to ensure that management of the species will remain with the state and the state agency best suited to successfully maintain a secure, viable gray wolf population in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 62nd Legislature:

(1) fully supports the transfer of management of the gray wolf to the state of Montana;

(2) defends the efforts of the Montana Department of Fish, Wildlife, and Parks and the United States Fish and Wildlife Service to remove the gray wolf from the federal and state endangered species lists;

(3) urges Congress to quickly pass federal legislation that will result in the immediate removal of the gray wolf from the endangered species list in Montana and ensure the ability of the state to continue its successful management of the species; and

(4) urges the President and the President's administration to fully support such legislation.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Montana Congressional Delegation, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of the Interior, and the Director of the United States Fish and Wildlife Service.

Adopted March 19, 2011

HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING THE DESIGNATION OF NATIONAL MONUMENTS IN MONTANA WITHOUT THE CONSENT OF THE MONTANA LEGISLATURE AND THE GOVERNOR.

WHEREAS, the Antiquities Act of 1906, 16 U.S.C. 431 through 433, authorizes the President of the United States to proclaim national monuments on federal lands without the consent of Congress or states and without regard to federal, state, and local land management policies; and

WHEREAS, a United States Bureau of Land Management (BLM) internal draft memorandum states that an area identified as "Montana's Northern Prairie", a 2.5-million-acre expanse bordering the Bitter Creek Wilderness Study Area in Northeastern Montana and Grasslands National Park in Canada, may be a good candidate "for National Monument designation under the Antiquities Act"; and

WHEREAS, the BLM internal memorandum states that this "cross-boundary conservation unit would provide an opportunity to restore prairie wildlife and the possibility of establishing a new national bison range"; and

WHEREAS, the BLM internal memorandum also states that this "landscape conservation opportunity would require conservation easements, willing seller acquisitions, and withdrawal from the public domain"; and

WHEREAS, the Montana grasslands referred to in the internal memorandum are currently managed by the BLM pursuant to the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1701, et seq., which directs the BLM to manage public lands in a manner consistent with resource management plans; and

WHEREAS, the BLM is currently developing and revising a resource management plan for the lands within the area referenced in the BLM internal draft memorandum; and

WHEREAS, BLM's revision process calls for broad input and participation consistent with existing state and local land management laws and policies; and

WHEREAS, the designation of a national monument in the areas referred to in the BLM's internal memorandum would undercut the integrity of the resource management plan development and revision process; and

WHEREAS, a presidential proclamation designating a national monument by the stroke of a pen without the state's consent and in derogation of local, state, and federal land management policies exceeds the bounds of legitimate presidential authority provided by the United States Constitution; and

WHEREAS, the Antiquities Act states, "The President ... may reserve as a part [of a national monument] parcels of land, the limits of which in all cases shall be confined to the smallest areas compatible with the proper care and management of the objects to be protected"; and

WHEREAS, the lands referenced in the BLM's internal memorandum exceed 2 million acres and do not meet the "smallest areas compatible" requirement as set forth in the Antiquities Act; and

WHEREAS, the lives and livelihoods of Montanans in the area depend on multiple-use access to BLM-managed lands and will be adversely affected by a national monument designation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the State of Montana expresses its opposition to the presidential designation of any new national monument in Montana, including a national monument referred to by the BLM as "Montana's Northern Prairie", without the consent of the Legislature and the Governor.

BE IT FURTHER RESOLVED, that the Legislature urges Congress to amend the Antiquities Act to require land reserved as part of a national monument to be confined to small discrete monuments or memorials and to preclude the presidential designation of a national monument from taking effect without the consent of Congress.

BE IT FURTHER RESOLVED, that the Legislature urges the federal government to manage federal public lands in Montana according to state and local resource management plans and policies and with public input as required by FLPMA.

BE IT FURTHER RESOLVED, that the Legislature strongly opposes any presidential action that would unnecessarily restrict public access to or use of federal lands.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the members of Montana's Congressional Delegation, and the Governor of the State of Montana.

HOUSE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE STUDY CHILDHOOD HUNGER IN MONTANA AND WAYS TO IMPROVE ACCESS TO NUTRITIOUS FOOD FOR ALL MONTANA CHILDREN.

WHEREAS, more than 92,000 Montana children experience hunger and lack access to nutritious foods at various times each week and month; and

WHEREAS, the Montana Food Bank Network has seen children's visits for emergency food increase from 113,768 children during a 6-month period in 2009 to 165,443 children during the same 6-month period in 2010; and

WHEREAS, U.S. census figures show that poverty in Montana has increased from 14.8% in 2008 to 15.1% in 2009; and

WHEREAS, a family of four at the federal poverty level earns $1,838 a month and typically spends most of that amount on rent, child care, utilities, transportation, and medical expenses, meaning many families have little or no money for food; and

WHEREAS, research shows that a chronic lack of good nutrition results in a significantly increased risk of obesity, health problems, and behavioral and social problems and in the potential for decreased academic achievement, including an inability to complete a high school education; and

WHEREAS, children with poor health and academic outcomes during their school years have a lower chance of achieving good health and self-sufficiency as adults, creating greater potential for future dependency on public assistance programs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to study the degree to which Montana children lack access to adequate nutritious food and to make recommendations on ways to alleviate childhood hunger and improve access to nutritious foods for children throughout Montana.

BE IT FURTHER RESOLVED, that the study examine and make recommendations on:

(2) closing gaps that exist in the services offered by existing programs and reducing the barriers that exist to providing services to children throughout the state;

(3) ways in which communities and community organizations, including faith-based groups, could work together to:

(a) identify gaps in services;

(b) create a central clearinghouse for program information;

(c) share their expertise in areas such as nutrition education for children, growing one's own food, and basic food preparation skills; and

(d) expand successful programs into new communities;

(4) ways to encourage the use of Montana farm products in schools and other facilities and programs in which children are the primary users;

(5) policy changes needed at the state or federal level to increase participation in and improve on existing programs, including a review of existing tax policies and changes to those policies that may alleviate childhood hunger;

(6) the strategic use of public funds in order to produce efficiencies and create a strong case for public and private investments, including ways the state, communities, and faith-based groups could most efficiently raise awareness about childhood hunger through coordinated communications campaigns that target specific audiences, identify specific needs, and promote concrete solutions; and

(7) ways to measure the progress that existing or proposed efforts are making toward the goal of ending childhood hunger.

BE IT FURTHER RESOLVED, that the committee request participation in the study by the Department of Public Health and Human Services, the Office of

Public Instruction, the Department of Agriculture, the Department of Labor and Industry, the Department of Commerce, local school districts, community programs offering food assistance to low-income children, tribal representatives, private organizations, faith-based groups, and other organizations as appropriate.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON THE IMPLICATIONS, OPTIONS, AND REPERCUSSIONS OF A HEALTH INSURANCE EXCHANGE IN THE STATE OF MONTANA; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 63RD LEGISLATURE.

WHEREAS, Public Law 111-148 and Public Law 111-152 provide that a state has the option of establishing a health insurance exchange or allowing the Secretary of the U.S. Department of Health and Human Services to decide on or before January 1, 2013, whether to establish an exchange for any state that will not have an operational exchange by January 1, 2014; and

WHEREAS, the 62nd Legislature has through numerous votes indicated its concerns about many aspects of Public Law 111-148 and Public Law 111-152; and

WHEREAS, the wide-ranging implications of Public Law 111-148 and Public Law 111-152 for health insurance in the State of Montana, the health insurance industry, and the health care industry in this state suggest that the state has a duty to investigate approaches to developing a state exchange for Montanans, participating in a regional exchange, or leaving the decision of a health insurance exchange to federal authorities; and

WHEREAS, the State of Montana itself currently provides health insurance for its employees and may save money by allowing those state employees to purchase their insurance on a health insurance exchange.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct staff resources for a joint committee to review:

(a) the feasibility of creating a state-based health insurance exchange or participating in a regional health insurance exchange, including:

(i) options being considered in other states regarding developing and operating health insurance exchanges, as described in Public Law 111-148 and Public Law 111-152;

(ii) variations on how an exchange functions in the private marketplace for health insurance. As part of this study, the interim committee or joint committee shall consider whether a health insurance exchange reduces the marketing cost for health insurance and what measures may be needed to improve marketing efficiency if an exchange is developed in the state or regionally.

(iii) an evaluation of whether the exchange should offer a full scope of services or whether a more limited scope of services is appropriate;

(iv) an evaluation of whether an exchange can be used to facilitate the sale of health insurance across state lines and, if so, what changes in state law may be necessary;

(v) an evaluation of the efficiency, cost, and other considerations of including an application for a medicaid waiver to allow premium assistance inside the exchange;

(vi) an evaluation of whether an exchange should define levels of contributions and plan criteria;

(vii) an evaluation of the feasibility of premium aggregation for multiple employers of an employee; and

(viii) an evaluation of how an exchange will interact with insurance producers, including the effect on their compensation;

(b) the feasibility of discontinuing a health insurance benefit for state employees and legislators, including:

(i) what provisions may be necessary to neutralize the costs to state employees of various salary levels for participating in a health insurance exchange; and

(ii) what costs or savings might accrue to the state for discontinuing health insurance benefits for state employees and legislators.

(2) Based on the study, that the interim committee or joint committee make recommendations for legislation or a report to the 63rd Legislature regarding whether the state should proceed with the development of a state exchange or pursue participation in a regional exchange. If the recommendation is to proceed with development of a state exchange, the interim committee or joint committee shall provide draft legislation outlining a work plan and a timeline for implementation and future legislation, if needed. If the recommendation is to proceed with participation in a regional exchange, the interim committee or joint committee shall provide recommendations for changes in law or legislation necessary to implement a regional exchange.

(3) That the study include nonvoting stakeholder participants, including representatives of domestic insurance companies and health service corporations, small business, labor, the physician and health care provider community, the medical facility community, consumers, and insurance producers.

BE IT FURTHER RESOLVED, that the recommendations for legislation or a report must be prepared by staff of the Legislative Services Division and must include estimated fiscal impacts from the Legislative Fiscal Division.

(3) supervise the handling of legislation in the House, the House journal, and other House publications; deliver to the Secretary of State at the close of each session the House journal, bill and resolution records, and all original House bills and joint resolutions; collect minutes and exhibits from all House committees and subcommittees and arrange to have them printed on archival paper and copied in an electronic format within a reasonable time after each meeting. An electronic copy will be provided to the Legislative Services Division and the State Law Library of Montana. The archival paper copy will be delivered to the Montana Historical Society.

H10-110. Duties of Sergeant-at-Arms. The Sergeant-at-Arms shall:

(1) under the direction of the Speaker and the Chief Clerk, have charge of and maintain order in the House, its lobbies, galleries, and hallways and all other rooms in the Capitol assigned for the use of the House;

(2) be present whenever the House is in session and at any other time as directed by the presiding officer;

(3) execute the commands of the House and serve the writs and processes issued by the authority of the House and directed by the Speaker;

(4) supervise assistants to the Sergeant-at-Arms, who shall aid in the performance of prescribed duties and who have the same authority, subject to the control of the Speaker;

(5) clear the floor and anteroom of the House of all persons not entitled to the privileges of the floor prior to the convening of each session of the House;

(6) bring in absent members when so directed under a call of the House;

(7) enforce the distribution of any printed matter in the House chambers and anteroom in accordance with H20-70;

(8) enforce parking regulations applicable to areas of the Capitol complex under the control of the House;

(9) supervise the doorkeeper; and

(10) supervise the pages.

H10-120. Legislative aides. (1) A legislative aide is a person specifically designated by a representative to assist that representative in performing legislative duties. A representative may sponsor one legislative aide a session by written notification to the Sergeant-at-Arms.

(2) No representative may designate a second legislative aide in the same session without the approval of the House Rules Committee.

(3) A legislative aide must be of legal age unless otherwise approved by the House Rules Committee.

(4) The Sergeant-at-Arms shall issue distinctive identification tags to legislative aides. The cost must be paid by the sponsoring representative.

H10-130. Legislative interns. A legislative intern is a person designated under Title 5, chapter 6, MCA.

H10-140. House journal. (1) The House shall keep a journal, which is the official record of House actions (Montana Constitution, Art. V, Sec. 10). The journal must be prepared under the direction of the Speaker.

(2) Records of the following proceedings must be entered on the journal:

(a) the taking and subscription of the constitutional oath by representatives (Montana Constitution, Art. III, Sec. 3; 5-2-214);

(b) committee reports;

(c) messages from the Governor;

(d) messages from the Senate;

(e) every motion, the name of the representative presenting it, and its disposition;

(f) the introduction of legislation in the House;

(g) consideration of legislation subsequent to introduction;

(h) on final passage of legislation, the names of the representatives and their vote on the question (Montana Constitution, Art. V, Sec. 11);

(i) roll call votes; and

(j) upon a request by two representatives before a vote is taken, the names of the representatives and their votes on the question.

(3) The Chief Clerk shall provide to the Legislative Services Division such information as may be required for the publication of the daily journal.

(4) Any representative may examine the daily journal and propose corrections. The Speaker may direct a correction to be made when suggested subject to objection by the House.

(5) The Speaker shall authenticate the House journal after the close of the session (section 5-11-201, MCA).

(6) The Legislative Services Division shall publish and distribute the House journal (sections 5-11-202 and 5-11-203, MCA). The title of each bill must be listed in the index of the published session journal.

H10-150. Votes recorded and public. Every vote of each representative on each substantive question in the House, in any committee, or in Committee of the Whole must be recorded and made public (Montana Constitution, Art. V, Sec. 11).

H10-160. Duration of legislative day. A legislative day ends either 24 hours after the House convenes for that day or at the time the House convenes for the following legislative day, whichever is earlier. (See Joint Rule 10-20.)

CHAPTER 2

Decorum

H20-10. Addressing the House — recognition. (1) When a member desires to speak to or address any matter to the House, the member should rise and respectfully address the Speaker or the presiding officer.

(2) The Speaker or presiding officer may ask, "For what purpose does the member rise?" or "For what purpose does the member seek recognition?" and may then decide if recognition is to be granted. There is no appeal from the Speaker's or presiding officer's decision.

H20-20. Questions of order and privilege — appeal — restrictions. (1) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative seconded by two representatives. The question on appeal is, "Shall the decision of the chairman be sustained?".

(2) Responses to parliamentary inquiries and decisions of recognition may not be appealed.

(3) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(4) A member may not address the House on a question of privilege between the time:

(a) an undebatable motion is offered and the vote is taken on the motion;

(b) the previous question is ordered and the vote is taken on the proposition included under the previous question; or

(c) a motion to lay on the table is offered and the vote is taken on the motion.

H20-30. Limits on lobbying. Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session.

H20-40. Admittance to the House floor. (1) The following persons may be admitted to the House floor during a daily session: present and former legislators; legislative employees necessary for the conduct of the session; registered media representatives; and members' spouses and children. The Speaker may allow exceptions to this rule.

(2) Only a member may sit in a member's chair when the House is in session.

H20-50. Dilatory motions or questions — appeal. The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House.

H20-60. Lobbying by employees — sanctions. (1) A legislative employee, intern, or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker may discipline or discharge any House employee violating this prohibition. The Speaker may withdraw the privileges of any House aide or intern violating this prohibition.

H20-70. Papers distributed on desks — exception. A paper concerning proposed legislation may not be placed on representatives' desks unless it is authorized by a member and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution. This restriction does not apply to material prepared by staff and placed on a representative's desk at the request of the representative.

H20-80. Violation of rules — procedure — appeal. (1) If a member, in speaking or otherwise, violates the rules of the House, the Speaker shall, or the majority or minority leader may, call the member to order, in which case the member called to order must be seated immediately.

(2) The member called to order may move for an appeal to the House and if the motion is seconded by two members, the matter must be submitted to the House for determination by majority vote. The motion is nondebatable.

(3) If the decision of the House is in favor of the member called to order, the member may proceed. If the decision is against the member, the member may not proceed.

(4) If a member is called to order, the matter may be referred to the Rules Committee by the majority or minority leader. The Committee may recommend to the House that the member be censured or be subject to other action. The House shall act upon the recommendation of the Committee.

CHAPTER 3
Committees

H30-10. House standing committees — appointments — classification. (1) The Speaker shall determine the total number of members and after good faith consultation with the minority leader shall appoint the chairs, vice chairs, and members to the standing committees.

(2) The standing committees of the House are as follows:

(a) class one committees:

(i) Appropriations;

(ii) Business and Labor;

(iii) Judiciary;

(iv) State Administration; and

(v) Taxation;

(b) class two committees:

(i) Education;

(ii) federal Relations, Energy, and Telecommunications;

(iii) Human Services;

(iv) Natural Resources; and

(v) Transportation;

(c) class three committees:

(i) Agriculture;

(ii) Fish, Wildlife, and Parks; and

(iii) Local Government; and

(d) on call committees:

(i) Ethics;

(ii) Rules; and

(iii) Legislative Administration.

(3) A class 1 committee is scheduled to meet Monday through Friday. A class 2 committee is scheduled to meet Monday, Wednesday, and Friday. A class 3 committee is scheduled to meet Tuesday and Thursday. Unless a class is prescribed for a committee, it meets upon the call of the chair.

(4) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus provided for in 5-2-201.

(5) There will be six subcommittees of the Committee on Appropriations, Education, General Government and Transportation, Health and Human Services, Natural Resources, Corrections, and Long-Range Planning. Each member serving on the Appropriations Committee must be appointed to at least one of the subcommittees.

(6) The Speaker shall give notice of each appointment to the Chief Clerk for publication.

(7) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee. Select committees may request or receive

legislation in the same manner as a standing committee and are subject to the rules of standing committees.

H30-20. Chairman's duties. (1) The principal duties of the chairman of standing or select committees are to:

(a) preside over meetings of the committee and to put all questions;

(b) maintain order and decide all questions of order subject to appeal to the committee;

(c) supervise and direct staff of the committee;

(d) have the committee secretary keep the official record of the minutes;

(e) sign reports of the committee and submit them promptly to the Chief Clerk;

(f) appoint subcommittees to perform on a formal or an informal basis as provided in subsection (2); and

(g) inform the Speaker of committee activity.

(2) With the exception of the House Appropriations subcommittees, a subcommittee of a standing committee may be appointed by the chairman of the committee. The chairman of the standing committee shall appoint the chairman of the subcommittee.

H30-30. Quorum — officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings — purpose — notice — minutes. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee directed to and with the approval of the Speaker.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the recording log, sufficient to serve as an index to the original recording; and

(g) testimony and exhibits submitted in writing.

H30-50. Procedures — absentee or proxy voting — member privileges. (1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent. The chairman shall attempt to not schedule Senate bills while the Senate is in session.

(3) The committee shall act on each bill in its possession:

(a) by reporting the bill out of the committee:

(i) with the recommendation that it be referred to another committee;

(ii) favorably as to passage; or

(iii) unfavorably; or

(b) by tabling the measure in committee.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar. A tie vote in a standing committee on the question of a recommendation to the whole House on a matter before the committee, for example on a question of whether a bill is recommended as "do pass" or "do not pass", does not result in the matter passing out to the whole House for consideration without recommendation.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the House that are formally adopted when the committee report is accepted by the House.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting. Standing and select committees may by a majority vote of the committee authorize members to vote by proxy if absent, while engaged in other legislative business or when excused by the presiding officer of the committee due to illness or an emergency. Authorization for absentee or proxy voting must be reflected in the committee minutes.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) Any legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy if authorized pursuant to subsection (9), using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony — decorum — time restrictions. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is allowed only at the discretion of the chairman.

CHAPTER 4
Legislation

H40-10. Introduction deadlines. If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the legislation.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

H40-40. Introduction — receipt — messages from Senate and elected officials. (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading — receipt of Senate legislation. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day — exception. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity to the committee jurisdiction.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

H40-80. Rereferral — normal progression. (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

(3) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports — requirement for rejection of adverse committee report. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas — vote requirements. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading — timing — obverse vote on failed motion — status of amendments — rejection of report — segregation. (1) Legislation returned or withdrawn from committee by motion must be placed on second reading prior to the transmittal deadlines provided for in Joint Rule 40-200 that are applicable to each piece of legislation.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate

legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed. If a motion to recommend that a bill "do not pass" or "be not concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do pass" or "be concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered pursuant to H50-170 or unless the legislation is rereferred to a committee.

H40-150. Amendments in the Committee of the Whole — timing — official records. (1) All Committee of the Whole amendments must be prepared by the Legislative Services Division and checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

H40-160. Motions in the Committee of the Whole — quorum required. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) recommend passage or nonpassage;

(b) recommend concurrence or nonconcurrence (Senate amendments to House legislation);

(c) amend;

(d) reconsider as provided in H50-170;

(e) pass consideration;

(f) call for cloture;

(g) change the order in which legislation is placed on the agenda; and

(h) rise, rise and report, or rise and report progress and beg leave to sit again.

(2) Subsections (1)(d) through (1)(f) and (1)(h) are nondebatable but may be amended. Once a motion under subsection (1)(a) or (1)(b) is made, a contrary motion is not in order.

(3) The motions listed in subsection (1) may be made in descending order as listed.

(4) If a quorum of representatives is not present during second reading, the Committee of the Whole may not conduct business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) Except as provided in H40-180, a representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) After at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill — sections — amendments. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation that has passed second reading, as amended, has been correctly engrossed, it must be placed on third reading on the following legislative day. If the bill is not amended, the bill must be sent to printing and must be placed on third reading on the legislative day after receipt. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day. For the purposes of this rule, "engrossing" means placing amendments in a bill. (See Joint Rule 40-150.)

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and joint resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may not conduct business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

H50-80. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

The request is nondebatable under H50-90. The presiding officer may rule that a question is nondivisible. The ruling of the chair may be appealed as provided in H50-160(15) or (17) and H70-50. For an appeal of a ruling of the presiding officer, the question for the house must be stated as, "Shall the ruling of the chair be upheld?".

H50-150. Previous question — close. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

WHEREAS, Great Falls International Airport lacks encroachment issues and in times of emergency could use the currently inactive Malmstrom Air Force Base runway for aircraft recovery by reactivating the runway using the Federal

Aviation Administration Military Airplane Program funding, upon approval by the Air Force; and

WHEREAS, the Great Falls International Airport Authority currently leases space to the Montana Air National Guard at the airport for a fee of $1.00 a year in exchange for the Montana Air National Guard providing all firefighting services to the airport, which includes making available more than $3 million in firefighting equipment and $2 million in firefighters' annual payroll; and

WHEREAS, 3 years ago the Montana Air National Guard was tasked with conversion from F-16 aircraft to F-15 aircraft and completed the total conversion at a cost to the taxpayers of nearly $80 million, including construction of a new Corrosion Control Facility, a new Operations Facility, additional space for munitions storage, and engine shop expansion. Added to that was pilot training at a cost to the public of $55 million and maintenance training at a cost of $3 million. The total F-16 to F-15 conversion was accomplished with savings to the taxpayers of more than $2 million, with operational status achieved 1 year ahead of schedule; and

WHEREAS, the 7,000 square miles provided by the Hays Military Operations Area in northcentral Montana offers a virtually unencumbered airspace unique in its capacity to provide full-spectrum joint, combined, and integrated combat arms military training free of encroachment, electronic warfare constraints, and other restrictions that are present at other areas in the continental United States. This "National Treasure" airspace is particularly well-suited for future Air Superiority Mission training, particularly for next-generation tactical fighter aircraft that require significant airspace for their "Supercruise" capability; and

WHEREAS, Montana in the past has lost military missions and assets with significant impacts to this state's finances and jobs, including the base closure at Glasgow, which resulted in the loss of 16,000 residents; and

WHEREAS, funding to maintain the F-15C/D mission in Great Falls is to end in Fiscal Year 2012, with notification already sent by the Secretary of the Air Force and the federal government that the F-15C/D mission is to be relocated from Great Falls, Montana, to Fresno, California; and

WHEREAS, the decision to relocate was based on an Air Force cost analysis that contains questionable information and analysis and should be reconsidered based on presentation of actual data and accurate analysis.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana House questions the assumptions made and the accuracy of the analysis used in making the decision to relocate the F-15C/D mission out of Great Falls to Fresno, California, and requests a reconsideration of the decision based on further analysis and documentation regarding what truly is in the best interest of Montana and federal taxpayers. The following should be included in the documentation:

(1) alert status impacts using three aircraft rather than the five aircraft used in the previous business case analysis;

(2) inclusion of the costs of pilot training for Fresno pilots converting to F-15 aircraft;

(3) inclusion of the costs for backfilling alert missions during the conversion from F-16 to F-15 missions in Fresno;

(4) exclusion of costs already incurred in Great Falls for MILCOM (military communications) improvements;

(5) inclusion of the costs of an upcoming 18-month environmental impact study that must be conducted in the Fresno area because of a change in mission;

(6) inclusion of the cost of noise mitigation efforts and activities that will need to be undertaken in Fresno related to F-15 noise issues, including the costs of buying and demolishing homes that already have undergone taxpayer-funded noise mitigation for past missions but that now stand in what are considered unacceptable noise contours for the F-15;

(7) inclusion of the costs of replacing VORTAC and TACAN systems in Fresno; and

(8) inclusion of the costs to fix clear-zone requirements for munitions in Fresno. The current munitions facilities have active commercial taxiways in the explosive potential areas, and resolving this issue may add considerable costs.

BE IT FURTHER RESOLVED, that the Montana House ask the President of the United States, the Secretary of Defense, and the Secretary of the Air Force to stay the decision to relocate the F-15C/D mission to Fresno while a federal investigation is underway regarding a limited number of pilots and commanders within the Fresno Air National Guard and completely reconsider the decision if convictions are obtained based on the investigation.

BE IT FURTHER RESOLVED, that the Montana House protests the projected loss of 200 jobs of drill-status members of the National Guard, which is a projected result of a conversion from the F-15 to a C-27J Spartan aircraft mission. The loss of jobs includes the loss of 75 to 100 full-time National Guard employees, which means a loss of $9 million to the National Guard payroll a year, not including or considering the loss of spouse or other family member employment in Montana. The financial loss also has a ripple effect on lost revenues from medical payments and economic activities. Further, incorporation of the new C-27J mission is estimated at $15 million, including a new corrosion control facility and a nose dock to be added to the large hangar building in Great Falls. In addition, pilot training costs of $20 million and maintenance training costs of $3 million will be charged to taxpayers. While the new rugged military airlift platform can be configured for troop, medevac, or cargo transport, the C-27J aircraft has no firefighting or fire suppression capability.

BE IT FURTHER RESOLVED, that the Montana House requests reconsideration of the decision made by the Secretary of the Air Force that included expenditures of $80 million to convert the Air National Guard in Great Falls to the F-15C/D mission but now transfers that mission to Fresno, California, with an additional expenditure of $40 million projected in Montana to convert and modify these same new facilities for the C-27J mission and a projected need for much greater expenditures to convert and modify F-16 facilities and training for the F-15C/D mission in California. The Montana House further protests the loss of taxpayer dollars spent over the last 3 years on a fighter mission that is to be relocated, particularly during weak economic times, with reduced Department of Defense budgets.

BE IT FURTHER RESOLVED, that the Montana House considers the loss of jobs, loss of local and state revenues, plus the associated diminution of taxes related to loss of the F-15C/D mission, even with the addition of the C-27J mission, to be catastrophic to the economy in Cascade County and to all Montanans.

BE IT FURTHER RESOLVED, that the Montana House recognizes the rich and honorable tradition in Montana of piloting fighter aircraft in defense of our great nation and that Air Force modernization of the F-15C/D aircraft with

Active Electronically Scanned Array radars and new efficient and more powerful engines are likely to allow the F-15C/D aircraft to operate safely and effectively through at least 2025, as determined by full-scale fatigue testing.

BE IT FURTHER RESOLVED, that the national treasure of the Hays Military Operations Area, which supports unencumbered aircraft use, is at risk of being lost if the F-15C/D mission is moved from the State of Montana.

BE IT FURTHER RESOLVED, that the Montana House considers Montana to be a growth area for Unmanned Aircraft System technology, flight, evaluation, and testing as well as an ideal training ground for unmanned aircraft systems and aircraft mitigation and defense training and that Montana's growing unmanned aircraft system industry, if used in conjunction with a retained F-15C/D mission and ground-based radar in Montana, could be key to addressing threats to the airspace and national safety of the United States posed by unmanned aircraft systems.

BE IT FURTHER RESOLVED, that the Montana House is concerned about possible reductions in firefighting services or equipment at the Great Falls International Airport provided by the Montana Air National Guard in exchange for a $1.00 lease, a service that has been of great value to citizens that fly commercial aircraft into Montana.

BE IT FURTHER RESOLVED, that the Montana House considers issues of encroachment and munitions safety to be nonproblems in Montana but still unresolved in California.

BE IT FURTHER RESOLVED, that the Montana House protests the appearance of a penalty against the Montana Air National Guard and the State of Montana when a fighter mission is transferred out of Montana, after numerous awards, a transition from the F-16 to F-15 fighters under cost and ahead of schedule, intense community support, unmatched reenlistment success and employee retention, and great and effective leadership at the local and state levels, to Fresno where portions of the Air National Guard are under an investigative cloud for fiscal improprieties.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to President of the United States Barack Obama, Secretary Robert Gates at the Department of Defense, Senate Majority Leader Harry Reid, Speaker of the House of Representatives John Boehner, Montana's Congressional Delegation, and the Governor, urging them to do all within their authority to retain the F-15C/D mission at the Montana Air National Guard 120th Fighter Wing as a measure of fiscal responsibility and safety for the people of Montana and the United States today and into the future.

Senate Joint Resolutions

SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ADOPTING THE JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

JOINT RULES OF THE MONTANA SENATE AND HOUSE OF REPRESENTATIVES

CHAPTER 10

Administration

10-10. Time of meeting. Each house may order its time of meeting.

10-20. Legislative day — duration. (1) If either house is in session on a given day, that day constitutes a legislative day.

(2) A legislative day for a house ends either 24 hours after that house convenes for the day or at the time the house convenes for the following legislative day, whichever is earlier.

10-30. Schedules. The presiding officer of each house shall coordinate its schedule to accommodate the workload of the other house.

10-40. Adjournment — recess — meeting place. A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)). The procedure for obtaining consent is contained in Joint Rule 20-10.

10-50. Access of media — registration — decorum — sanctions. (1) Subject to the presiding officer's discretion on issues of decorum and order, a registered media representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

(2) The presiding officer shall authorize the issuance of cards to media representatives to allow floor access, and media representatives holding the cards are subject to placement on the floor by the presiding officer. The presiding officer may delegate enforcement of this rule to the office of the Secretary of the Senate, Chief Clerk of the House, the respective Sergeant-at-Arms, or the Legislative Information Officer. The privilege may be revoked or suspended for a violation of decorum and order as agreed to by the media representative upon application for registration.

(3) Registered media representatives may be subject to seating in designated areas. Overflow access will be in the gallery.

10-60. Conflict of interest. A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house to which the member belongs. (section 2-2-112, MCA)

10-70. Telephone calls and internet access. (1) Long-distance telephone calls made by a member while the Legislature is in session or while the member is in travel status are considered official legislative business. These include but are not limited to calls made to constituencies, places of business, and family members. A member's access to the internet through a permissible server is a proper use of the state communication system if the use is for legislative business or is within the scope of permissible use of long-distance telephone calls.

(2) Session staff, including aides and interns, may use telephones for long-distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones and internet access by their staff, including aides and interns, and may not authorize others to use state phones or state servers to access the internet.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

10-80. Joint employees. The presiding officers of each house, acting together, shall:

(1) hire joint employees; and

(2) review a dispute or complaint involving the competency or decorum of a joint employee, and dismiss, suspend, or retain the employee.

10-85. Harassment prohibited — reporting. (1) Legislators and legislative employees have the right to work free of harassment on account of race, color, sex, culture, social origin or condition, or religious ideas when performing services in furtherance of legislative responsibilities, whether the offender is an employer, employee, legislator, lobbyist, or member of the public.

(2) A violation of this policy must be reported to the party leader in the appropriate house if the offended party is a legislator or to the presiding officer if the offended party is the party leader. The presiding officer may refer the matter to the rules committee of the applicable house, and the offender is subject to discipline or censure, as appropriate.

(3) If the offended party is an employee of the house of representatives or the senate, the violation must be reported to the employee's supervisor or, if the offender is the supervisor for the house of representatives or the senate, the report should be made to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a permanent legislative employee, the report should be made to the employee's supervisor or, if the offender is the supervisor, to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(4) If the offended party is a supervisor for the house of representatives or the senate, the violation must be reported to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a supervisor of permanent legislative employees, the violation must be reported to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(5) The chief clerk or the secretary shall report the violation to the presiding officer. The presiding officer may refer the matter to the rules committee. If the offender is an employee or supervisor, the employee or supervisor is subject to discipline or discharge.

10-90. Legislative interns. Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

10-100. Legislative Services Division. (1) The staff of the Legislative Services Division shall serve both houses as required.

(2) Staff members shall:

(a) maintain personnel files for legislative employees; and

(b) prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report.

(3) The Legislative Services Division shall train journal clerks for both houses.

10-120. Engrossing and enrolling staff — duties. (1) The Legislative Services Division shall provide all engrossing and enrolling staff.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(ii) errors in numbering sections;

(iii) additions or deletions of underlining or lines through matter to be stricken;

(iv) material copied incorrectly from the Montana Code Annotated;

(v) errors in outlining or in internal references;

(vi) an error in a title caused by an amendment;

(vii) an error in a catchline caused by an amendment;

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House, who shall give notice to the sponsor of the bill or amendment. The form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing with the Secretary of the Senate or the Chief Clerk of the House by the end of the next legislative day following receipt of the notice. The Senate or House shall vote on whether or not to uphold the objection. If the objection is upheld, the Secretary of the Senate or the Chief Clerk of the House shall notify the Executive Director of the Legislative Services Division, and the engrossing staff shall change the bill to remove the correction or corrections to which the objection was made.

(4) For the purposes of this rule, "engrossing" means placing amendments in a bill.

10-130. Bills — sponsorship — style — format — withdrawal prohibited. (1) A bill must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) backed with a page of substantial material that includes spaces for notations for tracking the progress of the bill; and

(d) introduced. Introduction constitutes the first reading of the bill.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title.

(5) Introduced bills must be reproduced on white paper and distributed to members.

(6) An introduced bill may not be withdrawn.

10-140. Voting on bills — constitutional amendments. (1) A bill may not become a law except by vote of the constitutionally required majority of all

the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) This rule does not prevent a committee from tabling a bill proposing an amendment to The Constitution of the State of Montana.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made available to the public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

(2) (a) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(i) amend;

(ii) recommend passage or nonpassage;

(iii) recommend concurrence or nonconcurrence; or

(iv) indefinitely postpone.

(b) The text of all proposed amendments in Committee of the Whole must be recorded.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society. If electronically recorded minutes are kept for a committee, a written log conforming to section 2-3-212(2), MCA, must also be kept.

10-160. Journal. Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) make a daily journal available to all members.

10-170. Journals — authentication — availability. (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives must be authenticated by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public (sections 5-11-201 through 5-11-203, MCA).

CHAPTER 20
Relations With Other House

20-10. Consent for adjournment or recess. As required by Article V, section 10(5), of the Montana Constitution, the consent of the other house is required for adjournment or recess for more than 3 calendar days. Consent for adjournment is obtained by having the house wishing to adjourn send a message to the other house and having the receiving house vote favorably on the request. The receiving house shall inform the requesting house of its consent or lack of consent. Consent is not required on or after the 87th legislative day.

CHAPTER 30
Committees

30-10. Joint committee chair — exception. Except as provided in Joint Rule 30-50 concerning the joint meetings of the Senate Finance and Claims Committee and the House Appropriations Committee, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees — exception. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees — subject matter restrictions. (1) If either house requests a conference committee and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered. A conference committee meeting must be conducted as an open meeting, and minutes of the meeting must be kept.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as provided in subsection (1). A free conference committee may discuss and propose amendments to a bill in its entirety and is not confined to a particular amendment. However, a free conference committee is limited to consideration of amendments that are within the scope of the title of the introduced bill.

30-40. Conference committee — enrolling. A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of general appropriation bills. (1) All general appropriation bills must first be considered by a joint subcommittee composed of designated members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each committee separately.

(2) Joint meetings of the House Appropriations Committee and the Senate Finance and Claims Committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

30-60. Estimation of revenue. The Revenue and Transportation Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature. (5-5-227, MCA)

30-70. Appointment of interim committees. As provided for in section 5-5-211(6), MCA, 50% of interim committees must be selected from the following legislative standing committees:

(1) Economic Affairs Interim Committee:

(a) Senate Agriculture, Livestock, and Irrigation Committee;

(b) Senate Business, Labor, and Economic Affairs Committee;

(c) Senate Finance and Claims Committee;

(d) House Agriculture Committee;

(e) House Business and Labor Committee;

(f) House Federal Relations, Energy, and Telecommunications Committee; and

(g) House Appropriations Committee;

(2) Education and Local Government Interim Committee:

(a) Senate Education and Cultural Resources Committee;

(b) Senate Local Government Committee;

(c) Senate Finance and Claims Committee;

(d) House Education Committee;

(e) House Local Government Committee; and

(f) House Appropriations Committee;

(3) Children, Families, Health, and Human Services Interim Committee:

(a) Senate Public Health, Welfare, and Safety Committee;

(b) Senate Finance and Claims Committee;

(c) House Human Services Committee; and

(d) House Appropriations Committee;

(4) Law and Justice Interim Committee:

(a) Senate Judiciary Committee;

(b) Senate Finance and Claims Committee;

(c) House Judiciary Committee; and

(d) House Appropriations Committee;

(5) Revenue and Transportation Interim Committee:

(a) Senate Taxation Committee;

(b) Senate Highways and Transportation Committee;
(c) Senate Finance and Claims Committee;
(d) House Taxation Committee;
(e) House Transportation Committee; and
(f) House Appropriations Committee;
(6) State Administration and Veterans' Affairs Interim Committee:
(a) Senate State Administration Committee;
(b) Senate Finance and Claims Committee;
(c) House State Administration Committee; and
(d) House Appropriations Committee;
(7) Energy and Telecommunications Interim Committee:
(a) Senate Energy Committee;
(b) House Federal Relations, Energy, and Telecommunications Committee;
(c) House Appropriations Committee; and
(d) Senate Finance and Claims Committee.

CHAPTER 40
Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills — introduction in House — feed bill. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed in the joint resolution (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures — drafting priority — agency and committee bills. (1) Prior to a regular session, a person entitled to serve in that session, referred to as a "member", or a legislative committee is entitled to request bill drafting services from the Legislative Services Division. Deadlines for requesting certain types of bills during a legislative session are contained in Joint Rule 40-50.

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least

five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator. The requestor must pick up the bill and sign a receipt indicating delivery of the bill and may either introduce the bill or give the bill to another legislator for introduction.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) (a) Except as provided in subsection (2)(b) or this subsection, the staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. The Speaker of the House, the minority leader of the House, the President of the Senate, and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 10 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House.

(b) Except for bill draft requests described in subsection (1)(d)(iii), if a draft bill has not been received by the Legislative Services Division by November 15 for a bill by request of an agency or entity, the draft loses its priority under this rule.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall print and deliver them to the requesting members. The original bill back must be signed to indicate review by the Legislative Services Division. A bill may not be introduced unless it is so signed.

(4) (a) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name, and the chief sponsor may not be changed. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Any bill proposed by an interim or statutory legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the..... (Name of committee or agency)". The phrase may not be added to an introduced bill and may not be placed on a bill whose subject matter

was requested by an agency or statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction of an agency, committee, or individual legislator's bill must occur no later than 5 p.m. on December 15th prior to the convening of a regular legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) The preintroduction requirement does not apply to an office held by an elected official during the official's first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue.

(6) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the bill following standing committee approval.

40-50. Schedules for drafting requests and bill introduction. (1) The following schedule must be followed for submission of drafting requests.

	Request Deadline 5:00 P.M. Legislative Day
• General Bills and Resolutions	12
• Revenue Bills	17
• Committee Bills and Resolutions	36
• Committee Revenue Bills and Bills Proposing Referenda	62
• Committee Bills implementing provisions of a general appropriation act	75
• Interim study resolutions	75
• Appropriation Bills	No Deadline
• Resolutions to express confirmation of appointments	No Deadline
• Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules	No Deadline

(2) Bills and resolutions must be introduced within 2 legislative days after delivery. Failure to comply with the introduction deadline results in the bill draft being canceled.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) recognize relations with other governments, sister states, political subdivisions, or similar governmental entities;

(c) request, but not require, a legislative entity to conduct an interim study;

(d) adopt, amend, or repeal the joint rules;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(g) submit a negotiated settlement under section 39-31-305(3), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution;

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana; or

(k) approve the organization of a new community college district under section 20-15-209, MCA.

(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies. A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

40-70. Bills with same purpose — vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills — original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-100. Fiscal notes. (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill,

shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's chief sponsor of the completed fiscal note and request the chief sponsor's signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes must be reproduced and placed on the members' desks, either with or without the chief sponsor's signature.

(6) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) A fiscal note also may be requested, through the presiding officer, on a bill and on an amended bill by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor.

(9) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(10) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note or, if required, an updated fiscal note reflecting committee action.

40-110. Sponsor's fiscal note rebuttal. (1) If a sponsor elects to prepare a sponsor's fiscal note rebuttal pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note rebuttal form to the presiding officer within 4 days of the election. The form must identify the bill number, the sponsor of the bill, the date prepared, the version of the fiscal note being rebutted, the reasons the sponsor disagrees with the fiscal note, the items or assumptions in the fiscal note that the sponsor believes are incorrect, and the sponsor's estimate of the fiscal impact, if an estimate is available.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note rebuttal.

(3) Upon receipt of the completed sponsor's fiscal note rebuttal form, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the form must be identified as a sponsor's fiscal note rebuttal, reproduced, and placed on the members' desks.

(4) The Legislative Services Division shall provide forms for preparation of sponsors' fiscal note rebuttals and shall print the completed sponsors' fiscal note rebuttal forms on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title. Introduction constitutes the first reading of the bill.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, copies of the reference bill must be distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses — referral — hearing. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

(3) Transmitted bills must be referred to committee and scheduled for hearing.

40-200. Transmittal deadlines — two-thirds vote requirement. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, a bill proposing a referendum, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills, committee bills implementing the general appropriations bill, the revenue estimating resolution, interim study resolutions, bills proposing referenda, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills and bills proposing referenda must be transmitted to the other house on or before the 71st legislative day.

(ii) Amendments to revenue bills, received from the other house, must be transmitted to the house of origin on or before the 82nd legislative day.

(iii) A revenue bill is one that either increases or decreases revenue by enacting, eliminating, increasing, or decreasing taxes, fees, or fines or by suspending or otherwise changing the allocation of revenues.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day. A fund transfer within the state treasury is not an appropriation for purposes of this section.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the House no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor's veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment — procedure. (1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor's recommendations for amendment must be considered first by the house in which the bill originated.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Services Division shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

60-40. Tenure of joint rules. The joint rules remain in effect until removed by a joint resolution or until a new Legislature is elected and takes office.

SENATE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO SUPPORT AN AMENDMENT TO THE UNITED STATES CONSTITUTION TO REQUIRE A BALANCED FEDERAL BUDGET EXCEPT IN TIMES OF WAR.

WHEREAS, Article V of the United States Constitution provides methods for proposing amendments; and

WHEREAS, the Legislature of Montana deems an amendment for the United States Constitution requiring a balanced federal budget, except in times of war, necessary for the good of the American people.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana in accordance with the provisions of Article V of the United States Constitution supports an amendment to the United States Constitution to require a balanced federal budget, except in times of war, and to prevent the federal government from appropriating or otherwise spending funds in excess of anticipated revenues.

BE IT FURTHER RESOLVED that a copy of this resolution be dispatched to the Majority Leader of the United States Senate, to the Speaker of the United States House of Representatives, to the Secretaries of the United States and Montana Senates, to the Clerks of the United States and Montana Houses of Representatives, to each member of the Montana congressional delegation, and to the presiding officers of each house of the Legislature of each state in the Union requesting their cooperation.

Adopted April 5, 2011

SENATE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS AND THE PRESIDENT OF THE UNITED

STATES TO EXPEDITE THE FEDERAL LAND USE DECISION PROCESSES IN MONTANA, TO RECOGNIZE THE IMPORTANCE OF TRADITIONAL MULTIPLE RESOURCE USES ON FEDERAL LANDS, NOT TO IMPOSE RESTRICTIONS ON ADDITIONAL FEDERAL LAND OR MINERALS THAT WOULD PRECLUDE DEVELOPMENT, AND TO SUPPORT FEDERAL LEGISLATION PLACING CHECKS AND BALANCES ON THE PRESIDENT'S POWERS TO DECLARE NATIONAL MONUMENTS.

WHEREAS, Montana is rich in natural resources and abundant agricultural land; and

WHEREAS, responsible use and development of those resources through oil and gas production, coal and hard-rock mining, timber harvesting, farming, and ranching add to the well-being of Montana's rural communities by providing jobs and educational benefits to Montana citizens; and

WHEREAS, federal lands comprise more than 30% of the State of Montana; and

WHEREAS, of the more than 31 million acres of federally owned oil and gas minerals in Montana, over 25% are restricted to prevent development of oil and gas minerals; and

WHEREAS, the State of Montana receives 49% of the royalty revenue from the development of federal minerals in addition to existing production and property taxes and one-quarter of the state's share remains in the county where development occurs to support local government needs and local schools, while the remaining share of federal revenues support programs across Montana, including the university system, offsetting the need for higher taxes and tuition costs on its citizens; and

WHEREAS, the Montana agricultural industry represents a $2.9 billion annual business, but the economic value to local communities of livestock grazing on federal land is often a secondary consideration in the development of federal land preservation plans for the West; and

WHEREAS, the nature of checkerboard ownership severely impacts adjacent private landowners when federal minerals, grazing, and forest rights are restricted, and these impacts include negative effects on bonus and royalty revenue, forest receipts, and grazing income along with the associated income, property tax revenue, and the local jobs that are produced as a result of these activities and production; and

WHEREAS, it now requires 5 to 10 years to complete a federal resource management plan that has a life expectancy of only 15 to 20 years; and

WHEREAS, protracted delays in updating management plans result in increased planning and capital-carrying costs for producers making development opportunities on federal lands more costly and less competitive; and

WHEREAS, new burdensome onshore leasing policies being implemented by the United States Department of the Interior will remove significantly more federal lands from leasing, add more delay through redundant land use analyses, excessive resource surveys, and increased costs to federal mineral development while failing to improve land management; and

WHEREAS, Department of the Interior Secretary Ken Salazar issued Secretarial Order No. 3310 in December 2010 affirming that protecting wilderness characteristics on public lands is a high priority for the Bureau of Land Management, requiring the Bureau to maintain wilderness resource inventories on a regular and continual basis, and withholding use permits until

land use planning and project level decisions are made to protect wilderness characteristics into perpetuity, which essentially creates more wilderness without the consent of Congress.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the State of Montana urges the United States Congress and the President of the United States to:

(1) focus adequate federal resources on funding to complete environmental review processes for federal land use decisions within improved timelines;

(2) review the new onshore leasing program to ensure that:

(a) there are no additional land withdrawals;

(b) further time delays will not occur; and

(c) mineral resource development of federal lands in Montana will remain competitive; and

(3) recognize that multiple uses such as forestry, livestock grazing, and mineral development on federal lands are traditional, historic, and beneficial uses that must be protected on an equal footing and incorporated into all federal land management planning.

BE IT FURTHER RESOLVED, that:

(1) no additional federal lands or minerals should be restricted from development beyond the current 25% of restricted federally owned minerals and that a review of the existing restricted acreage be undertaken to assess whether those restrictions are still necessary;

(2) the United States Congress should support amendments to the American Antiquities Act of 1906, currently pending in Congressional Committees, that prescribe checks and balances on the President's power to declare national monuments; and

(3) the United States Congress should nullify Secretarial Order No. 3310.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Majority Leader and Minority Leader of the United States Senate, the Speaker and the Minority Leader of the United States House of Representatives, and the Montana Congressional Delegation.

Adopted April 2, 2011

SENATE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING OPPOSITION TO FEDERAL LEGISLATION THAT WOULD REDEFINE WHICH WATERS ARE SUBJECT TO THE FEDERAL WATER POLLUTION CONTROL ACT.

WHEREAS, federal legislation has been introduced in the past two sessions of Congress, H.R. 2421 in 2007 and S. 787 in 2009, to clarify which waters are subject to the jurisdiction of the United States under the Federal Water Pollution Control Act (33 U.S.C. 1251, et seq.); and

WHEREAS, the proposed federal legislation has sought to clarify jurisdiction by striking the term "navigable waters" and replacing it with "waters of the United States", defined as "all waters subject to the ebb and flow

of the tide, the territorial seas, and all interstate and intrastate waters and their tributaries, including lakes, rivers, streams (including intermittent streams), mudflats, sandflats, wetlands, sloughs, prairie potholes, wet meadows, playa lakes, natural ponds, and all impoundments of the foregoing"; and

WHEREAS, striking the term "navigable waters" would potentially expand the federal government's reach beyond what was intended and thereby blur jurisdictional authority to manage and regulate water resources within state and local government jurisdictions; and

WHEREAS, given the ambiguity of the jurisdictional reach in past proposed Congressional legislation, the implementation of this kind of proposal may lead to increased litigation and uncertainty among public and private stakeholders, including homeowners, farmers, water districts, and state and federal agencies, among others.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the 62nd Legislature adamantly opposes any Congressional legislation that would redefine which waters are subject to the Federal Water Pollution Control Act and urges Congress not to propose, introduce, or enact any legislation to that effect in the future.

(2) That the Secretary of State send copies of this resolution to the Montana Congressional Delegation, the Majority Leader of the United States Senate, and the Speaker of the United States House of Representatives.

Adopted April 2, 2011

SENATE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE BOARD OF REGENTS AND THE COMMISSIONER OF HIGHER EDUCATION TO STUDY THE GROWING DIVIDE BETWEEN RURAL AND URBAN COMMUNITIES AND PRESENT THE FINDINGS AND THE RECOMMENDATIONS OF THE STUDY TO THE LEGISLATURE'S EDUCATION AND LOCAL GOVERNMENT INTERIM COMMITTEE.

WHEREAS, sustainable economic development in Montana is jeopardized by a growing divide between Montana's rural and urban communities; and

WHEREAS, rural communities face increasing economic challenges due to a declining population and limited access to technology, capital, health care, educational resources, and agricultural market services; and

WHEREAS, urban communities are dependent on rural areas to meet increasing demands for energy, agricultural products, timber, clean water, hunting, fishing, and recreation; and

WHEREAS, urban and rural development associated with inadequate planning continues to shrink the rural areas available for agricultural production, energy production, and natural resource development required to meet increasing demand; and

WHEREAS, rural and urban communities are interdependent and should share a common interest in and an aspiration for a sustainable economic future for Montana; and

WHEREAS, Montana needs to develop solutions to the rural and urban divide that can be reached only through partnership and collaboration based on

an integrated community vision that connects rather than divides Montana's rural and urban communities; and

WHEREAS, the Montana University System has the knowledge base, research facilities, and outreach capabilities to provide a leadership role in promoting research, analysis, and dialog on these issues; and

WHEREAS, if Montana establishes a successful ongoing approach to examining rural and urban challenges and developing integrated solutions, Montana's approach may serve as a model to assist other states in finding a common vision for improved quality of life for both rural and urban communities and a more sustainable economic future.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Board of Regents and the Commissioner of Higher Education are urged to oversee and direct a study that:

(1) examines the nature of the rural and urban divide in Montana;

(2) requires the collection and analysis of data concerning Montana's rural and urban demographics that will focus on agricultural and livestock production capabilities, business and industrial growth, workforce needs, food and water consumption, energy consumption and production capabilities, natural resource consumption and development capabilities, access to health care and educational resources, recreation and hunting opportunities, and other rural and urban issues;

(3) brings urban and rural interest groups, stakeholders, and policy analysts together to share information and discuss ways to build partnerships and to develop action plans for moving Montana toward a more inclusive format in rural and urban affairs; and

(4) explores the feasibility of conducting a pilot project and establishing and funding a rural-urban institute as part of the Montana University System that can provide ongoing research and analysis of rural and urban interdependence and facilitate ongoing strategic planning in the public and private sectors to overcome the rural-urban divide and move Montana forward as one Montana.

BE IT FURTHER RESOLVED that the findings and recommendations of the study be presented to the Legislature's Education and Local Government Interim Committee before July 1, 2012.

SENATE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RELATING TO SUPPORT FOR THE PARENTAL RIGHTS AMENDMENT; AND URGING THE MEMBERS OF THE UNITED STATES CONGRESS TO SUBMIT THE PARENTAL RIGHTS AMENDMENT TO THE STATES FOR RATIFICATION.

WHEREAS, the right of parents to direct the upbringing and education of their children is a fundamental right protected by the Constitution of the United States and the Constitution of the State of Montana; and

WHEREAS, our nation has historically relied on parents, first and foremost, to meet the real and constant needs of children; and

WHEREAS, the interests of children are best served when parents are free to make child rearing decisions about education, religion, and other areas of a child's life without state interference; and

WHEREAS, in 1972, the United States Supreme Court, in Wisconsin v. Yoder, 406 U.S. 205, held that the "primary role of the parents in the upbringing of their children is now established beyond debate as an enduring American tradition"; and

WHEREAS, in 2000, in Troxel v. Granville, 530 U.S. 57, the United States Supreme Court produced six different opinions on the nature and enforceability of parental rights under the Constitution of the United States that have created confusion and ambiguity about the fundamental nature of parental rights in the laws and society of our nation and in the states; and

WHEREAS, United States Senator James DeMint of South Carolina and United States Representative Peter Hoekstra of Michigan have introduced in the United States Congress an amendment to the United States Constitution providing that the liberty of parents to direct the upbringing and education of their children is a fundamental right that may not be infringed upon by the United States or any state without demonstrating that its governmental interest as applied to the person is of the highest order and not otherwise served; and

WHEREAS, this amendment will add explicit text to the Constitution of the United States to protect in perpetuity the rights of parents as they are now enjoyed without substantive change to current federal or state laws relating to these rights; and

WHEREAS, the enumeration of these rights in the text of the Constitution will preserve them from being infringed upon by the shifting ideologies and interpretations of the United States Supreme Court or by treaty or international law.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature affirms the Parental Rights Amendment to the United States Constitution as referenced in this resolution and as presented to the United States Congress by Senator James DeMint and Representative Peter Hoekstra.

BE IT FURTHER RESOLVED that the Montana Legislature urges the members of the United States Congress to submit the Parental Rights Amendment to the states for ratification.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the members of the Montana Congressional Delegation, all other members of the United States Congress, and the presiding officers of the legislatures of each of the other 49 states.

SENATE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING EFFORTS BY THE ENVIRONMENTAL PROTECTION AGENCY TO USE EXISTING FEDERAL LAWS TO REGULATE GREENHOUSE GAS EMISSIONS.

WHEREAS, the U.S. Environmental Protection Agency has proposed or is proposing numerous new regulations, particularly in the area of air quality and the regulation of greenhouse gases, that could have major detrimental effects on the economy, jobs, and U.S. competitiveness in worldwide markets; and

WHEREAS, federal laws, such as the Clean Air Act, were never intended or designed to regulate greenhouse gases; and

WHEREAS, Montana's two U.S. senators have gone on record that Congress, not just the EPA, is the appropriate venue to consider greenhouse gas regulations; and

WHEREAS, concern is growing that with cap-and-trade legislation having failed in Congress, the EPA is attempting to obtain some of the same results through the adoption of regulations; and

WHEREAS, neither the EPA nor President Obama's administration has undertaken any comprehensive study of what the cumulative effect of all of this new regulatory activity will be on the economy, jobs, and competitiveness; and

WHEREAS, state agencies are routinely required to identify the costs of their regulations and to justify those costs in light of the benefits; and

WHEREAS, since the EPA has identified "taking action on climate change and improving air quality" as its first strategic goal for the 2011-2015 time period, the EPA should be required to identify the specific actions it intends to take to achieve these goals and to assess the total cost of all these actions together; and

WHEREAS, the Montana Legislature supports continuing improvements in the quality of the nation's air and believes that those improvements can be made in a sensible fashion without damaging the economy, as long as there is a full understanding of the cost and benefits of the regulations at issue; and

WHEREAS, the primary goal of government at the present time must be to promote economic recovery and to foster a stable and predictable business environment that will lead to the creation of jobs; and

WHEREAS, Montana is the seventh largest user of energy per capita but only ranks 49th, second to last, in take-home pay; and

WHEREAS, Montana possesses vast reserves of proven, low-cost energy, including coal, natural gas, and oil, that creates high-paying jobs; and

WHEREAS, 40% of the nation's coal used for electricity generation comes from the Powder River Basin states of Montana and Wyoming; and

WHEREAS, more than 70% of Montana's coal production is exported to generate low-cost electricity used in homes, small businesses, and manufacturing; and

WHEREAS, more than 1,100 families depend on the good-paying jobs the Montana coal industry provides; and

WHEREAS, the state of Montana receives more than $70 million in direct tax benefits annually from coal industries; and

WHEREAS, the oil and gas industry is responsible for 4,500 direct jobs in Montana, and another 7,500 indirect jobs; and

WHEREAS, production tax revenue alone accounts for more than $220 million that is distributed to state and local government and schools across the state; and

WHEREAS, the total economic impact of the petroleum industry in Montana is $9 billion; and

WHEREAS, Montana's four refineries provide more than 1,000 jobs with an average wage of over $90,000; and

WHEREAS, environmental improvement is only possible in a society that generates wealth.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 62nd Legislature requests that the United States Congress consider:

(1) adopting legislation prohibiting the EPA from utilizing existing federal laws to regulate greenhouse gas emissions, including, if necessary, defunding the EPA's greenhouse gas regulatory activities;

(2) imposing a moratorium on promulgation of any new air quality regulation by the EPA by any means necessary, except to directly address an imminent health or environmental emergency, for a period of at least 2 years; and

(3) requiring President Obama's administration to undertake a study identifying all regulatory activity that the EPA intends to undertake in furtherance of its goal of "taking action on climate change and improving air quality" and specify the cumulative effect of all of these regulations on the economy, jobs, and American economic competitiveness. This study should be a multiagency study drawing on the expertise of the EPA, agencies, and departments having expertise in and responsibility for the economy and the electric system and should provide an objective cost-benefit analysis of all of the EPA's current and planned regulation.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the members of Montana's Congressional Delegation, and the Administrator of the Environmental Protection Agency.

WHEREAS, an award of tenure is necessary for attracting, retaining, developing, and supporting high-quality university teachers; and

WHEREAS, there is a direct relationship between a motivated and passionate teacher and a successful student base; and

WHEREAS, it is critical that there be performance benchmarks, quality classroom preparation, and student feedback to ensure that a tenured teacher maintains high-quality standards; and

WHEREAS, the Montana Board of Regents of Higher Education is uniquely positioned to adopt, implement, and oversee a tenure review process; and

WHEREAS, it is the desire of the Legislature to ensure that there is a review process for tenured teachers to maintain the high-quality education for which the Montana University System is renowned.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(3) That the Board of Regents is urged to adopt and implement a posttenure review process in which a tenured faculty member is subject to review every 5 years based on a review of several factors, including the following:

(a) a standard probation and reevaluation period; and

(b) loss of tenure if, during the subsequent probation and reevaluation period, the faculty member fails to demonstrate improvement in the area of teaching.

(6) That the Board of Regents is encouraged to require the university presidents or chancellors to file an annual report with the Board of Regents on the posttenure review process at the institution.

(7) That the Board of Regents is urged to study the options, advantages, and disadvantages of developing a procedure for granting tenure based solely on a faculty member's teaching ability.

BE IT FURTHER RESOLVED, that the Board of Regents is requested to report to the Education and Local Government Interim Committee no later than August 15, 2012, as to the implementation and progress of the posttenure review process.

SENATE JOINT RESOLUTION NO. 12

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE DEVELOPMENT AND PROMOTION OF POLICIES THAT PROMOTE THE RESPONSIBLE DEVELOPMENT OF OIL AND GAS LEASES ON FEDERAL LANDS.

WHEREAS, there are 32 million acres of oil and gas minerals in Montana that are owned by the American public and administered by the Bureau of Land Management (BLM); and

WHEREAS, the federal government does not develop oil and gas itself, but instead leases development rights to private industry. Leasing demand is a function of market conditions and national energy consumption; and

WHEREAS, the decline in federal leasing of minerals makes it more difficult for companies to develop oil and gas in an environmentally responsible manner, harms economies throughout the state, and decreases state and local government revenue; and

WHEREAS, this policy puts Montana at a distinct disadvantage compared to other regions of the country that do not have significant federal lands, acting as a catalyst that will cause energy jobs and economic activity to migrate to those other regions; and

WHEREAS, policies that further slow leasing and permitting will discourage companies from operating in Montana and the state will not experience the rebound in jobs and economic growth that it otherwise would as the American economy recovers; and

WHEREAS, the oil and gas industry in Montana is a valued partner in supplying oil and natural gas resources that enhance American energy security.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Department of the Interior consider the negative impact that oil and gas leasing and permitting policies may have on Montana's economy, the jobs of its citizens, and the state and local government revenue that funds vital services such as schools, roads, and law enforcement.

(2) That the United States Department of the Interior develop policies that promote the responsible development of Montana's public lands.

(3) That the Secretary of State send a copy of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, the secretary of the United States Department of the Interior, and each member of the Montana Congressional Delegation.

SENATE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENCOURAGING IMPROVED COMMUNICATION BY THE DEPARTMENT OF LIVESTOCK WITH PRIVATE LANDOWNERS AFFECTED BY BISON CONTROL ACTIVITIES RELATED TO THE INTERAGENCY BISON MANAGEMENT PLAN.

WHEREAS, state and federal agencies have developed the Interagency Bison Management Plan to guide the management of bison and brucellosis in and around Yellowstone National Park; and

WHEREAS, the interagency plan occasionally requires the Montana Department of Livestock to enter private land as part of its efforts to control the spread of disease to livestock and humans; and

WHEREAS, Department of Livestock activities related to bison control have the potential to create conflict with private landowners; and

WHEREAS, the Department of Livestock's bison control activities would create less conflict if better coordination and communication existed between the department and private landowners.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana encourages the Montana Department of Livestock to improve its level of communication and coordination with affected private landowners, including providing notification of bison control activities occurring on private land.

BE IT FURTHER RESOLVED, that the Legislature does not intend for the improved communication and coordination efforts to impede the Department of Livestock in carrying out its obligation to prevent and manage animal disease.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Governor, the members of the Board of Livestock, and the executive officer of the Board of Livestock.

SENATE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF BONDING REQUIREMENTS RELATED TO AGRICULTURAL COMMODITIES.

WHEREAS, Montana's agricultural industry for grain, oilseed crops, and other crops is participating in an increasingly complex global economy with new customers, new products, and new markets; and

WHEREAS, Montana agricultural commodities produced and delivered to buyers in Montana continue to increase in value, as does the value of undelivered, unsettled, or outstanding commodity contracts; and

WHEREAS, grain buyers both large and small are entering Montana grain markets for the first time; and

WHEREAS, the existing bonding requirements for these transactions were established in the past under the premise of a dissimilar and much smaller grain economy; and

WHEREAS, Montana agricultural commodity producers may be at risk financially because of archaic bonding requirements; and

WHEREAS, risk may also be attached to commodities not in immediate possession of a producer or a public warehouse, such as undelivered agricultural commodities or those in transit to a third party; and

WHEREAS, it is in the interest of the Montana agricultural commodities industry to quantify the real and potential shortfall in bonding requirements as well as the cost of adequate bonding; and

WHEREAS, responsible adjustments to the agricultural commodities industry bonding requirements and law will require an accurate assessment of outstanding liabilities incurred in the sale and trade of Montana crops.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the current bonding requirements relevant to the Montana agricultural commodities industry to determine:

(1) how the current bonding requirements affect the stakeholders in the agricultural commodities industry from the producers to the public warehouses, from the small independent producer or elevator to the large, multinational producer or warehouse;

(2) what bonding levels might be adequate and what mechanisms may be needed to set bonding limits for the various stakeholders to reflect asset evaluation;

(3) what amount of capital is appropriate and necessary to offset the risk involved; and

(4) bonding costs to the grain industry in the event that increased bonding levels would be warranted, taking into consideration a representative sampling of costs for both large and small commodity dealers.

BE IT FURTHER RESOLVED, that the study committee and staff are encouraged to work with the Department of Agriculture to incorporate the studies and reports that the department has collected regarding current bonding requirements and information from other states.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 63rd Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO ANALYZE THE SYSTEM OF VALUING CENTRALLY ASSESSED PROPERTIES AND INDUSTRIAL COMPANIES ASSESSED ANNUALLY BY THE DEPARTMENT OF REVENUE; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 63RD LEGISLATURE.

WHEREAS, the Legislature has heard concerns about centrally assessed property and large industrial facility taxation; and

WHEREAS, predictability and stability of property valuation will improve the business investment climate for Montana businesses.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to:

(1) review the statutory authority identifying the type of properties that should be assessed by the central office of the department of revenue and not by local county employees of the department. The following must be reviewed:

(a) the history and changes in the industry for properties that are currently designated as being centrally assessed; and

(b) the statutory authority regarding assessment of large industrial properties, properties that may involve characteristics or complexity that require specialized assessment but are not classic unitary businesses, and other types of property that different taxing jurisdictions have considered appropriate for being assessed centrally and locally;

(2) analyze whether there should be a relationship between a property's tax classification and the method used for assessment of that property;

(3) analyze whether property owned by a particular type of business should be centrally or locally assessed;

(4) analyze whether assessment directly by the state or local assessment should be based on separate types of property being assessed;

(5) analyze whether methods used in determining market value should differ based upon whether the assessment is determined centrally or locally;

(6) analyze how exempt intangible personal property can and should be removed from a centrally assessed unitary valuation;

(7) review the appropriateness of the percentages to deduct intangible personal property from the cost, income, and market indicators of value specified in the Administrative Rules of Montana; and

(8) any other matter relating to central assessment, including equalization with other classes of property, that the committee considers appropriate.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation, review requirements, and recommendations, be concluded before September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the committee, be reported to the 63rd Legislature.

SENATE JOINT RESOLUTION NO. 18

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF HEALTH CARE WORKFORCE NEEDS AND STRATEGIES FOR MEETING THOSE NEEDS.

WHEREAS, the health and welfare of all Montanans depends on their access to health care providers and health care services; and

WHEREAS, a well-trained and well-educated health care workforce is critical to the health and well-being of Montanans and the Montana economy; and

WHEREAS, 54 of Montana's 56 counties are designated in whole or in part as health professional shortage areas, medically underserved areas, or medically underserved populations; and

WHEREAS, the population of Montana is projected to grow 21% between 2000 and 2020, resulting in a corresponding increase in the demand for health care professionals; and

WHEREAS, the U.S. Health Resources and Services Administration projects that Montana will have 3,000 fewer registered nurses than needed by 2020; and

WHEREAS, many communities, especially those in rural and frontier areas, also report a shortage of and an aging workforce of allied health care professionals, including laboratory technicians, medical technicians, and other health professionals; and

WHEREAS, the state lacks a comprehensive strategy for developing the supply of health care professionals necessary to meet the future medical needs of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to:

(1) examine Montana's health care workforce needs by:

(2) in order to ensure that the supply of health care professionals and health care workers is adequate to meet the projected demand, recommend a comprehensive 10-year plan for expanding health care professions and health care workforce training programs in a manner that incorporates the recommendations of state and national entities that have been reviewing and considering workforce needs; and

(3) develop legislative proposals to begin implementation of the 10-year health care workforce development plan for consideration by the 63rd Montana Legislature.

BE IT FURTHER RESOLVED, that the study consider and that the 10-year health care workforce development plan address ways to:

(2) expand health care workforce training opportunities through the Montana University System;

(8) further the recommendations of the Initiative on the Future of Nursing, undertaken jointly by the Robert Wood Johnson Foundation and Institute of Medicine, to address nursing workforce issues of supply, recruitment, and retention.

SENATE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A STUDY OF WAYS TO MAKE THE MONTANA MEDICAID PROGRAM MORE COST EFFECTIVE AND EFFICIENT.

WHEREAS, the Montana Medicaid program provides essential health care services for nearly 103,000 aged, blind, disabled, or low-income Montanans as of December 2010; and

WHEREAS, the number of Montanans qualifying for the Medicaid program has increased substantially in the past 2 years; and

WHEREAS, the Medicaid program accounts for 23% of the state's total budget and 14% of general fund spending; and

WHEREAS, Medicaid spending is projected to continue increasing in the future; and

WHEREAS, the anticipated growth in Medicaid expenditures and the projected expansion of the Medicaid population in 2014 as provided for in the Patient Protection and Affordable Care Act make it imperative that public policymakers identify ways to improve the cost-effectiveness and efficiency of the Medicaid program; and

WHEREAS, the current trends in Montana's Medicaid cost growth are unsustainable in the current budget environment; and

WHEREAS, approximately 30 million individuals who are enrolled in Medicaid and the Children's Health Insurance Program are covered by capitated coordinated care programs; and

WHEREAS, 36 states currently have capitated coordinated care programs; and

WHEREAS, three additional states are planning on moving from fee-for-service Medicaid delivery systems to capitated coordinated care delivery systems; and

WHEREAS, capitated coordinated care programs have been successful in both rural as well as urban areas; and

WHEREAS, capitated coordinated care programs bring budget predictability to the state; and

WHEREAS, previous studies have shown capitated coordinated care program savings ranging from 0.5% to 20%, as well as a decline in the annual Medicaid cost trend; and

WHEREAS, capitated coordinated care programs improve health outcomes and have reduced out-of-pocket costs for Medicaid beneficiaries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to study Montana's Medicaid program and make recommendations on ways to improve the efficiency of the program while maintaining the quality of the services it offers.

BE IT FURTHER RESOLVED, that the study:

(1) identify the Medicaid services required under federal law and those that Montana may choose to offer, as well as the costs of providing the services;

(2) identify services or administrative activities that may be privatized and the costs or cost savings of privatizing the services or activities;

(3) identify strategies that other rural states have used to improve the cost-effectiveness of their Medicaid programs;

(4) review the effect that strategies used in other states:

(a) have had on costs, access to care, and quality of care in those states; and

(b) may have in Montana if put into effect; and

(5) review financing options for the expansion of the Medicaid program that is expected to occur under changes in federal law.

BE IT FURTHER RESOLVED, that the committee request participation in the study by the Department of Public Health and Human Services, the Montana Hospital Association, the Montana Medical Association, the Montana Health Care Association, organizations representing Medicaid recipients, members of the public, and other agencies and organizations as appropriate.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

SENATE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA FOR AN INTERIM STUDY ON THE EXEMPTION OF NONPROFIT CORPORATIONS OR ORGANIZATIONS FROM PROPERTY TAXES AND OTHER TAXES.

WHEREAS, the number of nonprofit corporations or organizations in Montana has continued to increase; and

WHEREAS, nonprofit corporations or organizations vary in function from some that are purely charitable and operate solely through the receipt of donations and some that function based upon receipt of fees for services or government appropriations and contracts; and

WHEREAS, under Montana law, nonprofit corporations or organizations are largely exempt from the payment of income taxes and property taxes that are paid by for-profit organizations that may provide the same or similar services; and

WHEREAS, Montana nonprofit corporations or organizations are increasingly purchasing office buildings and other real estate investments and removing them from the property tax rolls, thereby shifting the property tax burden to the small businesses and homeowners who remain on the tax rolls under the operation of section 15-10-420, MCA, that allows the local government taxing jurisdiction to levy the same dollars from fewer taxpayers; and

WHEREAS, in rural Montana counties, there is an increasing pattern of land purchases by nonprofit corporations or organizations that could result in the removal of productive agricultural lands from production, from supporting the local dominant agricultural economy, and from the tax rolls.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or committees, pursuant to section 5-5-217, MCA, to study the following:

(1) the valuation of property in each of Montana's seven most populous counties that does not appear on the tax rolls because of the nonprofit exemption from property taxes in those counties and in each city in those counties;

(2) the amount of business equipment in each of Montana's counties that has been removed from the tax rolls because of the nonprofit exemption from property tax;

(3) the amount of tax shifting that has occurred because nonprofit corporations or organizations have acquired property that has been removed from the tax rolls;

(4) the appropriateness of allowing nonprofit corporations or organizations to acquire investment property not related to their charitable goals and to pay taxes at a reduced rate compared to for-profit investors;

(5) the effects of allowing private parks that were created to comply with subdivision standards and that are not open to the general public to be removed from the tax rolls;

(6) the impact of competition by nonprofit corporations or organizations offering essentially the same services as for-profit entities and the competitive advantage that lack of income tax and property tax provides; for example, nonprofit medical clinics owned by nonprofit hospitals compared to medical clinics owned by physicians and health clubs owned by colleges or hospitals compared to investor-owned health clubs;

(7) the impact of limiting income tax exemptions and property tax exemptions to reflect the percentage of gross receipts of the nonprofit corporation or organization that represent charitable donations compared to the percentage of fee-for-service or government appropriations or contracts;

(8) how the other 49 states treat nonprofit corporations or organizations for income tax and property tax purposes and how they differentiate from for-profit and purely charitable organizations;

(9) the nonprofit corporations or organizations that own farmland or ranchland for purposes of preserving unique historical, archaeological, or environmental resources;

(10) the effects that nonprofit land ownership has had on the local tax base and whether taxes are paid on that land and how that compares to similar land classifications in the area;

(11) legal restrictions or limitations on nonprofit land ownership in other states;

(12) whether services provided by nonprofit corporations or organizations justify the property tax exemptions and state income tax exemptions or reduced tax rates that they receive.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the studies, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 63rd Legislature.

SENATE JOINT RESOLUTION NO. 27

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF A MEDICAID WAIVER FOR SERVICES PROVIDED TO CHILDREN WITH DEVELOPMENTAL DISABILITIES.

WHEREAS, providers of Medicaid-funded home and community-based services for children with developmental disabilities have operated individualized, accountable, and fiscally efficient services through a Medicaid waiver since 1985; and

WHEREAS, these services prevent the need for more restrictive and more costly out-of-home care for children with developmental disabilities; and

WHEREAS, community service providers use a model of service that includes parents and legal guardians as primary decisionmakers regarding the care and services provided to their children and that allows other stakeholders to be involved in delivering individualized, flexible services designed to meet the dynamic needs of children and families in their home and community environments; and

WHEREAS, community service providers employ professional, certified, and qualified staff members who use the latest evidenced-based intervention strategies and have received highly specialized training in early intervention techniques and in human development; and

WHEREAS, the Medicaid waiver used to provide services to children is primarily designed for adults living in 24-hour residential settings; and

WHEREAS, the model for adult services requires documentation and quality assurance measures that are time-intensive and more costly than needed for family-based services for children, resulting in significant administrative costs for those services; and

WHEREAS, the current Medicaid waiver creates an entitlement for services that requires that the needs of all individuals in the waiver program be met; and

WHEREAS, little opportunity exists for adults who are on the waiting list for the waiver program to be accepted into the program because children automatically move into the adult system when they turn 18 years of age; and

WHEREAS, the existing Medicaid waiver for services to people with developmental disabilities comes up for reauthorization in 2013, providing the state with an opportunity to develop a new waiver program for children's services that may allow for more creativity in the services provided and may be flexible enough to meet varying needs of children and families.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to review the opportunities that exist for creating a Medicaid waiver specific to services for children with developmental disabilities.

BE IT FURTHER RESOLVED, that the study examine:

(1) the ways in which a Medicaid waiver for children with developmental disabilities may allow both the state and the providers of home and community-based services to provide services more efficiently;

(2) the ways in which administrative costs may be affected by offering services through a waiver specific to children;

(3) whether a waiver for children would give the state and the providers of home and community-based services more flexibility in the delivery of services and in controlling costs; and

(4) the steps that may need to be taken if the study finds that an application for a developmental disabilities waiver for children would benefit not only the state but also the children and families served by a waiver program.

BE IT FURTHER RESOLVED, that the committee request participation in the study by the Department of Public Health and Human Services, the Office of Public Instruction, providers of home and community-based services for children, family members of children with developmental disabilities, and other interested parties as determined by the committee.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 63rd Legislature.

SENATE JOINT RESOLUTION NO. 28

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF PERFORMANCE-BASED FUNDING FOR K-12 EDUCATION, THE DEVELOPMENT OF A PERFORMANCE-BASED FUNDING DESIGN, AND AN IMPLEMENTATION PLAN FOR CONSIDERATION BY THE 63RD LEGISLATURE.

WHEREAS, having shared policy goals and accountability measures for K-12 education requires working for greater efficiency with improved outcomes; and

WHEREAS, the shared policy goals agreement for K-12 education calls for lower dropout rates and increased graduation percentages, among other things; and

WHEREAS, the citizens of Montana expect schools to be funded adequately and students to be well educated; and

WHEREAS, Montana taxpayers deserve the best possible return on their investment in education; and

WHEREAS, states that use performance-based funding formulas have realized improvement in student achievement.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate the Education and Local Government Interim Committee to:

(1) examine performance-based funding formulas for K-12 education used in other states;

(2) avail itself of reports and other resources available through the National Conference of State Legislatures, the Council of State Governments, and other reliable sources of information and entities involved in performance-based funding for K-12 education;

(3) consider the following elements as primary components of a performance-based funding formula for K-12 education in Montana:

(a) a retention component that would initially set aside a percentage of available funds to be distributed to a district or school when the district or school attains well-defined performance thresholds;

(b) a bonus component that would identify a portion of available funds to be used to induce and reward a district or school to meet well-defined performance goals and objectives; and

(c) a reduction component that would effectively function as a funding penalty when a district or school fails to meet or falls below well-defined performance benchmarks;

(4) design a performance-based funding formula or structure for K-12 education for use in this state that recognizes and accommodates Montana's historical commitment to local control, highly qualified educators, high student achievement, and continual improvement in education outcomes; and

(5) develop for consideration by the 63rd Legislature a plan to implement the performance-based funding formula or structure for K-12 education.

BE IT FURTHER RESOLVED, that the committee report its findings, conclusions, and recommendations, including a performance-based funding design and implementation plan, to the Governor, the Superintendent of Public Instruction, and the 63rd Legislature.

BE IT FURTHER RESOLVED, that all aspects of the study be concluded prior to September 15, 2012.

SENATE JOINT RESOLUTION NO. 29

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON RESTORATIVE JUSTICE FOR OFFENDERS; AND

REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 63RD LEGISLATURE.

WHEREAS, restorative justice is a criminal justice model that focuses on repairing the harm to all parties affected by a crime and holding offenders accountable, rather than on retribution against and punishment of the offender; and

WHEREAS, restorative justice views crime as wrongdoing against individuals and communities, rather than as a wrongdoing against the state; and

WHEREAS, restorative justice programs, such as victim-offender dialogue, mediation, and victim impact panels, encourage offender responsibility and reduced revictimization; and

WHEREAS, the state Department of Corrections has embraced restorative justice principles in programs and services for offenders and victims, including facilitated victim-offender dialogue, victim impact panels at department facilities, offender accountability letters, and centralized restitution collection; and

WHEREAS, other programs in other states and nations have shown lower recidivism rates and cost savings to state law enforcement; and

WHEREAS, the 2007 Montana Legislature passed House Bill No. 629, which enacted section 46-1-502, MCA, allowing courts to refer many types of criminal cases for mediation, potentially diverting cases from the Department of Corrections while allowing all parties to reach settlement agreements for victim restitution, community reparation, and offender treatment and programming.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) analyze restorative justice programs in Montana and determine which programs are most effective at rehabilitating offenders and identify any weaknesses or gaps in Montana's programs;

(2) investigate restorative justice options implemented in other states and nations and identify programs that emphasize restitution and the rehabilitation of nonviolent offenders as an alternative to incarceration;

(3) gather information from national experts and explore methods of measuring the effectiveness of restorative justice programs in terms of reducing recidivism and return rates of offenders, decreasing the potential for future victimization of Montana citizens, and reducing general fund expenditures related to incarceration;

(4) develop recommendations on which programs in Montana should be retained and how restorative justice programs in Montana may be improved.

BE IT FURTHER RESOLVED, that this interim study provide ample opportunity for stakeholders in the criminal justice system, including the state Department of Corrections, the Department of Justice, the Office of the Public Defender, crime victims, victim advocates, victim service providers, and citizens at large, to participate.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 63rd Legislature.

SENATE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF WAYS TO REDUCE CHILDHOOD HEALTH TRAUMA AND ITS LONG-TERM EFFECT ON CHILDREN.

WHEREAS, Montana's future depends in large part on the health, growth, and achievement of the state's children; and

WHEREAS, many physical, mental, and educational disabilities are preventable through prenatal care, parent education, family support, and other efforts to prevent or mitigate childhood trauma; and

WHEREAS, the human brain grows to 85% of its adult size by the time a child is 3 years of age, and this growth is profoundly shaped by the child's experiences during those years, particularly by the safety, stability, and nurturing provided by the child's primary care givers; and

WHEREAS, repeated childhood trauma, including chronic neglect, may cause significant physical changes to the brains and nervous systems of children that profoundly affect both their physical health and mental health as adults; and

WHEREAS, childhood traumatic stress can be either acute stress, such as community violence, serious accidents, the loss or sudden death of family members and friends, removal from the home, and physical or sexual assault, or it can be chronic stress, such as neglect, physical and emotional abuse, and domestic violence; and

WHEREAS, children who receive safe, stable, nurturing care generally reach appropriate developmental milestones, form secure attachments and satisfying social relationships, and develop effective coping skills and the resiliency to recover from traumatic events; and

WHEREAS, acute or chronic childhood trauma may prevent or reduce resiliency; and

WHEREAS, unaddressed childhood trauma may affect a child's experiences later in life and may lead to problems such as poor physical health, addiction, and mental illness; and

WHEREAS, nurses visit high-risk pregnant women in their homes as part of the Montana Initiative for the Abatement of Mortality in Infants, a program designed to provide the women with information they can use to improve their own health and thus the health outcomes of their newborns; and

WHEREAS, the national Nurse-Family Partnership program for low-income, first-time parents and their children has been shown to reduce traumatic events, reduce child abuse and neglect, and reduce adolescent arrests by 60% and adjudications by 90% later in the child's life; and

WHEREAS, programs that teach biological and foster parents skills for responding to traumatized children have been shown to reverse some of the symptoms of trauma in young children and to improve resiliency; and

WHEREAS, the National Native Children's Trauma Center has been working with the Institute for Educational Research to create trauma mitigation demonstration projects in schools serving the Blackfeet, Rocky Boy's, Fort Peck, Crow, Northern Cheyenne, and Flathead Reservations and Missoula county public schools in low-income neighborhoods; and

WHEREAS, the projects have trained more than 1,000 Montana clinicians and educators to recognize and respond to symptoms of trauma and have helped schools develop short-term cognitive behavioral intervention programs that help to build long-term family and peer support for children, in an effort to increase resiliency and reduce the effects of trauma.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to study promising and evidence-based practices for the prevention of childhood trauma and for mitigating its effects on children.

BE IT FURTHER RESOLVED, that the study efforts include:

(1) compiling data on the prevalence of acute and chronic childhood traumatic stress;

(2) evaluating the extent and impact of current efforts in Montana to prevent childhood trauma and to mitigate its effects after it occurs;

(3) identifying promising and evidence-based practices that are most appropriate for Montana communities, particularly rural communities;

(4) identifying the communities most in need of prevention and mitigation efforts related to childhood trauma as a way to prevent physical and mental health problems, substance abuse and addiction, school failure, and involvement in the criminal justice system; and

(5) identifying any appropriate steps Montana policymakers may take to reduce childhood trauma in order to improve the mental health of Montanans.

BE IT FURTHER RESOLVED, that the study include representatives of the Department of Public Health and Human Services, the Office of Public Instruction, the mental health service area authorities and local advisory councils, groups involved in efforts to prevent childhood trauma, the Indian Health Service, Montana Indian tribes, and other interested parties as identified by the committee.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2012.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 63rd Legislature.

(4) Notice of conference committee hearings must be given as provided in Joint Rule 30-30.

(5) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(6) All committees meet at the call of the chair or upon the request of a majority of the members of the committee.

(7) A committee may not meet during the time the Senate is in session without leave of the President. Any Senator attending a meeting while the Senate is in session must be considered excused to attend business of the Senate subject to a call of the Senate.

(8) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes; and

(f) all testimony and exhibits.

(9) If a bill is heard in a joint committee, it must be referred to a standing committee. The standing committee is not required to hold an additional hearing but shall take executive action and may report the bill to the Committee of the Whole.

(10) A bill or resolution may not be considered or become a law unless referred to a committee and returned from a committee.

(11) A bill may be rereferred at any time before its passage.

S30-70. Procedures — member privileges. (1) The chair shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not hear legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent.

(3) (a) Subject to subsection (3)(b), the committee shall act on each bill in its possession:

(i) by reporting the bill out of the committee:

(A) with the recommendation that it be referred to another committee;

(B) favorably as to passage; or

(C) unfavorably; or

(ii) by tabling the measure in committee.

(b) At the written request of the sponsor, a committee may finally dispose of a bill without a hearing. Except as provided in S30-60(7), a bill may not be reported from a committee without a hearing.

(4) The committee may not report a bill to the Senate without recommendation.

(5) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all proposed changes; and

(d) a fiscal note, if required.

(6) If a measure is taken from a committee and brought to the Senate floor for debate on second reading on that day without a committee recommendation,

the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the Senate that are formally adopted when the committee report is accepted by the Senate.

(7) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(8) The vote of each member on all committee actions must be recorded and reported in the committee minutes. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(9) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(10) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(11) A committee may reconsider any action as long as the matter remains in the possession of the committee. A bill is in the possession of the committee until a report on the bill is made to the Committee of the Whole. A committee member need not have voted with the prevailing side in order to move reconsideration.

(12) The chair shall decide points of order.

(13) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chair;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy, using a standard form.

(14) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the Senate Rules.

(15) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(16) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the Senate are applicable except as stated in the Senate Rules.

S30-80. Public testimony — decorum — time restrictions. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing, subject to time constraints. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chair may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chair. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chair shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chair may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is at the discretion of the chair.

S30-100. Pairs prohibited — absentee or proxy voting. Pairs in standing committee are prohibited. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia while engaged in other legislative business. Authorization for absentee or proxy voting must be reflected in the committee minutes.

S30-140. Reconsideration in committee. A committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

S30-150. Committee requested legislation. (1) (a) Except as provided in subsection (1)(b), at least three-fourths of all the members of a standing committee must have voted in favor of the question to allow the committee to request the drafting and introduction of legislation.

(b) The Finance and Claims Committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(2) The chair of a committee shall introduce, or shall designate a member of the committee to introduce, legislation requested by the committee. The introduced bill must be referred to the requesting committee.

S30-160. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. The issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:

(a) a violation of:

(i) 2-2-103;

(ii) 2-2-104;

(iii) 2-2-111;

(iv) 2-2-112;

(b) the use or threatened use of a Senator's position for personal or personal business benefit or advantage; or

(c) any other violation of law by a Senator while acting in the capacity of Senator.

(3) If there is a recommendation from the Ethics Committee, the recommendation is made to the Senate.

(4) As provided in 2-2-112, a Senator may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

CHAPTER 4

Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the

Legislative Services Division and signed by a Senator as chief sponsor. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may be used for any purpose specified in Joint Rule 40-60; and

(3) simple resolutions, which may:

(a) adopt or amend Senate rules;

(b) provide for the internal affairs of the Senate;

(c) express confirmation of the Governor's appointments; or

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction — first reading. (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation. Legislation properly introduced or received in the Senate must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a Senator may question adherence to rules. Acknowledgment by the Secretary of the Senate of receipt of legislation transmitted from the House commences the time limit for consideration of the legislation. All legislation received by the Senate may be referred to a committee prior to being read across the rostrum.

(2) Bills and resolutions preintroduced as provided in Joint Rule 40-40 may be assigned to committee and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

(4) The sponsor may ask the Legislative Services Division to change or correct a short title used on the bill status system.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

S40-60. Scheduling for second reading. (1) All bills and resolutions that have been reported by a committee or withdrawn from a committee by motion, accepted by the Senate, and reproduced must be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole unless a printed version of an unamended bill is available.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

CHAPTER 5
Floor Action

S50-10. Attendance — mandatory voting — quorum. (1) Unless excused, Senators must be present at every sitting of the Senate and shall vote on questions put before the Senate.

(2) A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, sec. 10(2)).

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions may be made:

(a) to adjourn (nondebatable S50-60);

(b) for a call of the Senate (nondebatable S50-60);

(c) to recess (nondebatable S50-60);

(d) question of privilege;

(e) to lay on the table (nondebatable S50-60);

(f) for the previous question (nondebatable S50-60);

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again except upon a motion of reconsideration as provided in S50-90.

(4) A motion or proposition on a subject different from that under consideration may not be accepted unless a substitute motion is in order.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess or rise;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to change a vote (S50-200);

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions — restrictions. (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

S50-80. Previous question. (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise. The motion for the previous question is nondebatable as provided in S50-60(7).

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour,

one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion regardless of whether debate on the main motion has occurred.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration — time restrictions. (1) Subject to subsection (6), any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.

(2) A motion to reconsider must be disposed of when made unless a proper substitute motion is made and adopted.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

(6) If the Senate has adjourned for more than 2 days, then a motion to reconsider action taken on the last day the Senate was in session is in order on the day the Senate reconvenes or on the following legislative day.

S50-100. Dividing a question — segregation excluded. A Senator may request to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain. A vote is not required on a request to divide a question, but the chair may rule that a question is not divisible. The ruling of the chair may be appealed as provided in S20-10 and S20-20. For an appeal of a ruling of the presiding officer, the question for the Senate must be stated as, "Shall the ruling of the chair be upheld?". A motion to segregate pursuant to S50-140(4) is not a request to divide a question.

S50-110. Rules for questions or bills requiring other than a majority vote. (1) Except as provided in subsection (2), a question or bill requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question or bill prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S50-120. Committee reports to Senate — reconsideration. (1) Reports of standing committees must be read on Order of Business No. 2, and, subject to subsection (4), debate may not be had on any report.

(2) On an adverse committee report, the sponsor may respond to the chair of the committee making the report.

(3) Any Senator seeking a reconsideration of the Senate's action on the adoption of a committee report shall do so on Order of Business No. 6 by motion to reconsider as provided in S50-90. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. Subject to S50-90(6), the reconsideration motion must be made within 1 legislative day of the adoption of the committee report and is not in order if the bill has been considered in Committee of the Whole.

(4) (a) Subject to subsection (4)(b), the Rules Committee and conference committees may report at any time, except during a call of the Senate, when a vote is being taken, or during Committee of the Whole.

(b) The Rules Committee may report during Committee of the Whole on matters referred to the Committee by the Committee of the Whole.

S50-130. Conference committee — reports. (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

S50-140. Second reading — Committee of the Whole report — segregation — rejection. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. The sponsor shall make an opening statement, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

S50-150. Committee of the Whole amendments. (1) All Committee of the Whole amendments must be prepared by the staff of the Legislative Services Division, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be printed in the journal, along with the name of the sponsor and the vote on each.

S50-160. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable unless specified in S50-60.

(2) The only motions in order during Committee of the Whole are to:

(a) recommend passage or nonpassage;

(b) recommend concurrence or nonconcurrence (House amendments to Senate legislation);

(c) amend;

(d) indefinitely postpone;

(e) pass consideration;

(f) change the order in which legislation is placed on the agenda (nondebatable S50-60(14));

(g) rise (nondebatable S50-60(3));

(h) rise and report progress and ask leave to sit again (nondebatable S50-60(3)); or

(i) rise and report (nondebatable S50-60(3)).

(3) The motions listed in subsection (2) may be made in descending order as listed.

S50-170. Committee of the Whole — generally. (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

S50-180. Voting on second reading — positive disposition of motions. (1) On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-190. Third reading procedure. (1) Unless rereferred to a committee by a majority vote after the adoption of the Committee of the Whole report but before moving to another order of business, all legislation passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-200. Senate voting — changing a vote — objection. (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator's vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

S50-210. Pairs — Committee of the Whole restriction. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it binds the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-220. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator may not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote of the members present.

S50-230. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate

legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

S50-240. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

S50-250. Governor's veto. (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor's veto by a two-thirds vote under Order of Business No. 6.

CHAPTER 6

Rules

S60-10. Senate rules — amendment — adoption — suspension. (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate in all cases not covered by these rules.

CHAPTER 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor must be:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee. The President of the Senate may refer any individual nomination contained in a list received from the Governor to any standing committee.

(2) The procedure in subsection (1) constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process — preliminary reports — separate consideration. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include the nominee submitted to the committee or a group of nominees, the group of nominees being specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been given.

(2) Following the hearings for a group of nominees, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees. A preliminary standing committee report is not required for a resolution for a single nominee pursuant to subsection (5).

(3) (a) If a Senator wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator shall request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report must include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator or when a single nomination has been submitted to a committee, the committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include only the single or separated nominee. When the resolution has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, an additional hearing is not required to be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) After the report has been read, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

Adopted April 11, 2011

SENATE RESOLUTION NO. 28

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA URGING THE PRESIDENT OF THE UNITED STATES, THE DEPARTMENT OF DEFENSE, AND CONGRESS TO RECONSIDER THE PROPOSED RELOCATION OF THE F-15C/D MISSION OUT OF GREAT FALLS, MONTANA, CONDUCT AN IMPROVED ANALYSIS BASED ON ACTUAL DATA INSTEAD OF ASSUMPTIONS, AND RECONSIDER THE TOTAL CONTRIBUTIONS OF MONTANA AND BENEFITS TO THIS COUNTRY OF RETAINING THE F-15C/D MISSION IN MONTANA.

WHEREAS, since the activation in 1947 of the Montana Air National Guard, Montanans have flown this nation's premier fighter aircraft from the P-51 to the F-86, F-89, F-102, F-106, F-16, and F-15; and

WHEREAS, in Fiscal Year 2010, the Montana Air National Guard had payroll of $41,248,479, which supported 1,050 drill-status airmen and soldiers of which 340 members were full-time employees; and

WHEREAS, the Montana Air National Guard has received numerous national awards, including the Air Force Outstanding Unit Award eight times, the Spaatz Trophy, the Hughes Trophy, and the William Tell Award; and

WHEREAS, the Great Falls community is the only community in the nation to be awarded the Fisher Award from the Department of Defense recognizing humanitarian support of the U.S. military; and

WHEREAS, the Montana Air National Guard has honorably served this country with overseas missions four times in the past decade and is currently serving an ALERT mission in Hawaii; and

WHEREAS, the Montana Air National Guard's reenlistment rate is at 94% as compared with the national average of 86%; and

WHEREAS, Great Falls International Airport, which is home to the Montana Air National Guard, has completed environmental impact studies for aircraft noise mitigation and, using taxpayer money, is currently providing noise mitigation to surrounding homes that offsets noise levels of the F-15 and next-generation tactical fighter aircraft; and

WHEREAS, Great Falls International Airport lacks encroachment issues and in times of emergency could use the currently inactive Malmstrom Air Force Base runway for aircraft recovery by reactivating the runway using the Federal Aviation Administration Military Airplane Program funding, upon approval by the Air Force; and

WHEREAS, the Great Falls International Airport Authority currently leases space to the Montana Air National Guard at the airport for a fee of $1.00 a year in exchange for the Montana Air National Guard providing all firefighting services to the airport, which includes making available more than $3 million in firefighting equipment and $2 million in firefighters' annual payroll; and

WHEREAS, 3 years ago the Montana Air National Guard was tasked with conversion from F-16 aircraft to F-15 aircraft and completed the total conversion at a cost to the taxpayers of nearly $80 million, including construction of a new Corrosion Control Facility, a new Operations Facility, additional space for munitions storage, and engine shop expansion. Added to that was pilot training at a cost to the public of $55 million and maintenance training at a cost of $3 million. The total F-16 to F-15 conversion was accomplished with savings to the taxpayers of more than $2 million, with operational status achieved 1 year ahead of schedule; and

WHEREAS, the 7,000 square miles provided by the Hays Military Operations Area in northcentral Montana offers a virtually unencumbered airspace unique in its capacity to provide full-spectrum joint, combined, and integrated combat arms military training free of encroachment, electronic warfare constraints, and other restrictions that are present at other areas in the continental United States. This "National Treasure" airspace is particularly well-suited for future Air Superiority Mission training, particularly for next-generation tactical fighter aircraft that require significant airspace for their "Supercruise" capability; and

WHEREAS, Montana in the past has lost military missions and assets with significant impacts to this state's finances and jobs, including the base closure at Glasgow, which resulted in the loss of 16,000 residents; and

WHEREAS, funding to maintain the F-15C/D mission in Great Falls is to end in Fiscal Year 2012, with notification already sent by the Secretary of the Air Force and the federal government that the F-15C/D mission is to be relocated from Great Falls, Montana, to Fresno, California; and

WHEREAS, the decision to relocate was based on an Air Force cost analysis that contains questionable information and analysis and should be reconsidered based on presentation of actual data and accurate analysis.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the Montana Senate questions the assumptions made and the accuracy of the analysis used in making the decision to relocate the F-15C/D mission out of Great Falls to Fresno, California, and requests a reconsideration of the decision based on further analysis and documentation regarding what truly is in the best interest of Montana and federal taxpayers. The following should be included in the documentation:

(1) alert status impacts using three aircraft rather than the five aircraft used in the previous business case analysis;

(2) inclusion of the costs of pilot training for Fresno pilots converting to F-15 aircraft;

(3) inclusion of the costs for backfilling alert missions during the conversion from F-16 to F-15 missions in Fresno;

(4) exclusion of costs already incurred in Great Falls for MILCOM (military communications) improvements;

(5) inclusion of the costs of an upcoming 18-month environmental impact study that must be conducted in the Fresno area because of a change in mission;

(6) inclusion of the cost of noise mitigation efforts and activities that will need to be undertaken in Fresno related to F-15 noise issues, including the costs of buying and demolishing homes that already have undergone taxpayer-funded noise mitigation for past missions but that now stand in what are considered unacceptable noise contours for the F-15;

(7) inclusion of the costs of replacing VORTAC and TACAN systems in Fresno; and

(8) inclusion of the costs to fix clear-zone requirements for munitions in Fresno. The current munitions facilities have active commercial taxiways in the explosive potential areas, and resolving this issue may add considerable costs.

BE IT FURTHER RESOLVED, that the Montana Senate ask the President of the United States, the Secretary of Defense, and the Secretary of the Air Force to stay the decision to relocate the F-15C/D mission to Fresno while a federal investigation is underway regarding a limited number of pilots and commanders within the Fresno Air National Guard and completely reconsider the decision if convictions are obtained based on the investigation.

BE IT FURTHER RESOLVED, that the Montana Senate protests the projected loss of 200 jobs of drill-status members of the National Guard, which is a projected result of a conversion from the F-15 to a C-27J Spartan aircraft mission. The loss of jobs includes the loss of 75 to 100 full-time National Guard employees, which means a loss of $9 million to the National Guard payroll a year, not including or considering the loss of spouse or other family member employment in Montana. The financial loss also has a ripple effect on lost revenues from medical payments and economic activities. Further, incorporation of the new C-27J mission is estimated at $15 million, including a new corrosion control facility and a nose dock to be added to the large hangar building in Great Falls. In addition, pilot training costs of $20 million and maintenance training costs of $3 million will be charged to taxpayers. While the new rugged military airlift platform can be configured for troop, medevac, or cargo transport, the C-27J aircraft has no firefighting or fire suppression capability.

BE IT FURTHER RESOLVED, that the Montana Senate requests reconsideration of the decision made by the Secretary of the Air Force that

included expenditures of $80 million to convert the Air National Guard in Great Falls to the F-15C/D mission but now transfers that mission to Fresno, California, with an additional expenditure of $40 million projected in Montana to convert and modify these same new facilities for the C-27J mission and a projected need for much greater expenditures to convert and modify F-16 facilities and training for the F-15C/D mission in California. The Montana Senate further protests the loss of taxpayer dollars spent over the last 3 years on a fighter mission that is to be relocated, particularly during weak economic times, with reduced Department of Defense budgets.

BE IT FURTHER RESOLVED, that the Montana Senate considers the loss of jobs, loss of local and state revenues, plus the associated diminution of taxes related to loss of the F-15C/D mission, even with the addition of the C-27J mission, to be catastrophic to the economy in Cascade County and to all Montanans.

BE IT FURTHER RESOLVED, that the Montana Senate recognizes the rich and honorable tradition in Montana of piloting fighter aircraft in defense of our great nation and that Air Force modernization of the F-15C/D aircraft with Active Electronically Scanned Array radars and new efficient and more powerful engines is likely to allow the F-15C/D aircraft to operate safely and effectively through at least 2025, as determined by full-scale fatigue testing.

BE IT FURTHER RESOLVED, that the national treasure of the Hays Military Operations Area, which supports unencumbered aircraft use, is at risk of being lost if the F-15C/D mission is moved from the State of Montana.

BE IT FURTHER RESOLVED, that the Montana Senate considers Montana to be a growth area for Unmanned Aircraft System technology, flight, evaluation, and testing as well as an ideal training ground for unmanned aircraft systems and aircraft mitigation and defense training and that Montana's growing unmanned aircraft system industry, if used in conjunction with a retained F-15C/D mission and ground-based radar in Montana, could be key to addressing threats to the airspace and national safety of the United States posed by unmanned aircraft systems.

BE IT FURTHER RESOLVED, that the Montana Senate is concerned about possible reductions in firefighting services or equipment at the Great Falls International Airport provided by the Montana Air National Guard in exchange for a $1.00 lease, a service that has been of great value to citizens that fly commercial aircraft into Montana.

BE IT FURTHER RESOLVED, that the Montana Senate considers issues of encroachment and munitions safety to be nonproblems in Montana but still unresolved in California.

BE IT FURTHER RESOLVED, that the Montana Senate protests the appearance of a penalty against the Montana Air National Guard and the State of Montana when a fighter mission is transferred out of Montana, after numerous awards, a transition from the F-16 to F-15 fighters under cost and ahead of schedule, intense community support, unmatched reenlistment success and employee retention, and great and effective leadership at the local and state levels, to Fresno where portions of the Air National Guard are under an investigative cloud for fiscal improprieties.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to President of the United States Barack Obama, Secretary Robert Gates at the Department of Defense, Senate Majority Leader Harry Reid, Speaker of the House of Representatives John Boehner, Montana's Congressional Delegation, and the Governor, urging them to do all within their

authority to retain the F-15C/D mission at the Montana Air National Guard 120th Fighter Wing as a measure of fiscal responsibility and safety for the people of Montana and the United States today and into the future.

INITIATIVE NO. 161

A LAW PROPOSED BY INITIATIVE PETITION

I-161 revises the laws related to nonresident big game and deer hunting licenses. It abolishes outfitter-sponsored nonresident big game and deer combination licenses, replacing the 5,500 outfitter-sponsored big game licenses with 5,500 additional general nonresident big game licenses. It also increases the nonresident big game combination license fee from $628 to $897 and the nonresident deer combination license fee from $328 to $527. It provides for future adjustments of these fees for inflation. The initiative allocates a share of the proceeds from these nonresident hunting license fees to provide hunting access and preserve and restore habitat.

I-161 increases state revenues over the next four years by an estimated $700,000 annually for hunting access and an estimated $1.5 million annually for habitat preservation and restoration, assuming that all nonresident hunting licenses are sold. It also increases general nonresident hunting license revenues by inflation.

☐ FOR abolishing outfitter-sponsored hunting licenses, replacing outfitter-sponsored big game licenses with nonresident licenses, increasing nonresident license fees, and increasing funding for hunting access and habitat.

☐ AGAINST abolishing outfitter-sponsored hunting licenses, replacing outfitter-sponsored big game licenses with nonresident licenses, increasing nonresident license fees, and increasing funding for hunting access and habitat.

"**87-1-242. Funding for wildlife habitat.** (1) The amount of money specified in this subsection from the sale of each hunting license or permit listed must be used exclusively by the commission to secure, develop, and maintain wildlife habitat, subject to appropriation by the legislature:

Section 2. Section 87-1-266, MCA, is amended to read:

"**87-1-266. Hunter management program — benefits for providing hunting access — nonresident landowner limitation — restriction on landowner liability.** (1) As provided in 87-1-265, the department may establish a voluntary hunter management program to provide tangible benefits to private landowners enrolled in the block management program who grant access to their land for public hunting. The decision to enroll a landowner in the hunter management program is the responsibility of the department. Benefits may be granted as provided in this section and by rule.

(2) As a benefit for enrolling property in the hunter management program, a resident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class AAA combination sports license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale.

(3) As a benefit for enrolling property in the hunter management program, a nonresident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class B-10 nonresident big game combination license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale. The grant of a license under this subsection also qualifies the licensee to apply for a permit through the normal drawing process. The grant of a license under this subsection does not affect the limits established under ~~87-1-268 and~~ 87-2-505.

(4) (a) Instead of receiving the benefits provided in subsection (2) or (3), a landowner of record who becomes a cooperator in the hunter management program and who agrees to provide public hunting access may designate an immediate family member to receive a Class AAA combination sports license, without charge, if the family member is a resident or a Class B-10 nonresident big game combination license, without charge, if the family member is a nonresident. An employee rather than a family member may be designated to receive a license.

(b) For purposes of this subsection (4), an immediate family member means a parent, grandparent, child, or grandchild of the cooperator by blood or marriage, a spouse, a legally adopted child, a sibling of the cooperator or spouse, or a niece or nephew.

(c) For purposes of this subsection (4), the term "employee" means a person who works full time and year-round for the landowner as part of an active farm or ranch operation.

(d) An immediate family member or employee who is designated to receive a license pursuant to this subsection (4) must be eligible for licensure under current Montana law and may not transfer the license by gift or sale.

(e) The grant of a Class B-10 nonresident big game combination license to an immediate family member pursuant to this subsection (4) does not affect the limits established in ~~87-1-268 and~~ 87-2-505.

(5) Any landowner who is enrolled in the block management program may receive the benefits provided under the hunter management program, as outlined in this section, and the benefits provided under the hunting access enhancement program, as outlined in 87-1-267.

(6) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunter management program."

Section 3. Section 87-1-601, MCA, is amended to read:

"**87-1-601. Use of fish and game money.** (1) (a) Except as provided in [section 9] and subsections (7) and (9) of this section, all money collected or received from the sale of hunting and fishing licenses or permits, from the sale of seized game or hides, from damages collected for violations of the fish and game laws of this state, or from appropriations or received by the department from any other state source must be turned over to the department of revenue and placed in the state special revenue fund to the credit of the department.

(b) Any money received from federal sources must be deposited in the federal special revenue fund to the credit of the department.

(c) All interest earned on money from the following sources must be placed in the state special revenue fund to the credit of the department:

(iii) accounts established to administer the provisions of 87-1-246, 87-1-258, 87-1-605, 87-2-411, 87-2-722, and 87-2-724; and

(iv) money received from the sale of any other hunting and fishing license.

(2) Except as provided in 87-2-411, the money described in subsection (1) must be exclusively set apart and made available for the payment of all salaries, per diem, fees, expenses, and expenditures authorized to be made by the department under the terms of this title. The money described in subsection (1) must be spent for those purposes by the department, subject to appropriation by the legislature.

(3) Any reference to the fish and game fund in Title 87 means fish and game money in the state special revenue fund and the federal special revenue fund.

(4) Except as provided in subsections (7) and (8), all money collected or received from fines and forfeited bonds, except money collected or received by a justice's court, that relates to violations of state fish and game laws under Title 87 must be deposited by the department of revenue and credited to the department in a state special revenue fund account for this purpose. Out of any fine imposed by a court for the violation of the fish and game laws, the costs of prosecution must be paid to the county where the trial was held in any case in which the fine is not imposed in addition to the costs of prosecution.

(5) (a) Except as provided in section 2(3), Chapter 560, Laws of 2005, money must be deposited in an account in the permanent fund if it is received by the department from:

(i) the sale of surplus real property;

(ii) exploration or development of oil, gas, or mineral deposits from lands acquired by the department, except royalties or other compensation based on production; and

(iii) leases of interests in department real property not contemplated at the time of acquisition.

(b) The interest derived from the account, but not the principal, may be used only for the purpose of operation, development, and maintenance of real property of the department and only upon appropriation by the legislature. If the use of money as set forth in this section would result in violation of applicable federal laws or state statutes specifically naming the department or

money received by the department, then the use of this money must be limited in the manner, method, and amount to those uses that do not result in a violation.

(6) Money received from the collection of license drawing applications is subject to the deposit requirements of 17-6-105(6) unless the department has submitted and received approval for a modified deposit schedule pursuant to 17-6-105(8).

(7) Money collected or received from fines or forfeited bonds for the violation of 77-1-801, 77-1-806, or rules adopted under 77-1-804 must be deposited in the state general fund.

(8) The department of revenue shall deposit in the state general fund one-half of the money received from the fines pursuant to 87-1-102.

(9) (a) The department shall deposit all money received from the search and rescue surcharge in 87-2-202 in a state special revenue account to the credit of the department for search and rescue purposes as provided for in 10-3-801.

(b) Upon certification by the department of reimbursement requests submitted by the department of military affairs for search and rescue missions involving persons engaged in hunting, fishing, or trapping, the department may transfer funds from the special revenue account to the search and rescue account provided for in 10-3-801 to reimburse counties for the costs of those missions as provided in 10-3-801.

(c) Using funds in the department's search and rescue account that are not already committed to reimbursement for search and rescue missions, the department may provide matching funds to the department of military affairs to reimburse counties for search and rescue training and equipment costs up to the proportion that the number of search and rescue missions involving persons engaged in hunting, fishing, or trapping bears to the statewide total of search and rescue missions.

(d) Any money deposited in the special revenue account is available for reimbursement of search and rescue missions and to provide matching funds to reimburse counties for search and rescue training and equipment costs."

INITIATIVE NO. 164

A LAW PROPOSED BY INITIATIVE PETITION

Under Montana law, deferred deposit (payday) lenders may charge fees equaling one-fourth of the loan, which, as an annual interest rate could range from 300 percent to 650 percent. Title lenders may charge similar interest rates. I-164 reduces the interest, fees, and charges that payday lenders, title lenders, retail installment lenders, and consumer loan licensees may charge to an annual interest rate of 36 percent. It prohibits businesses from structuring other transactions to avoid the rate limit. It also revises statutes applicable to pawn brokers and junk dealers.

I-164 reduces the licenses and examination fee revenue paid to the State because certain lenders may not renew their licenses.

☐ FOR reducing the annual interest, fees, and charges payday, title, and retail installment lenders and consumer loan licensees may charge on loans to 36 percent.

☐ AGAINST reducing the annual interest, fees, and charges payday, title, and retail installment lenders and consumer loan licensees may charge on loans to 36 percent.

The complete text of I-164 follows:

Be it enacted by the People of the State of Montana:

NEW SECTION. **Section 1. Findings.** The people of Montana find that some lenders are charging Montanans over 400% interest annually, that excessive interest rates can lead Montana families into a debt trap of repeat borrowing, that the United States congress has enacted laws capping interest rates on loans to military families at 36% annually, and that responsible small loans are available at interest rates of 36% annually or less.

Section 2. Section 31-1-112, MCA, is amended to read:

"**31-1-112. Interest rate limitation exemption — regulated lenders — merchant finance.** (1) A regulated lender, except for a deferred deposit loan licensee, title loan licensee, or consumer loan licensee, is exempt from all limitations on the rate of interest that it may charge and is exempt from the operation and effect of all usury statutes.

(2) A finance operation that finances transactions between merchants, as defined in 30-2-104, is also exempt from usury limits."

Section 3. Section 31-1-203, MCA, is amended to read:

"**31-1-203. Penalties.** (1) Any person who knowingly violates a provision of this part or engages in the business of a sales finance company in this state without a license as provided in this part is guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than $500 or by imprisonment for not more than 6 months, or both.

(2) Any person violating 31-1-231 through 31-1-243, except as the result of an accidental and bona fide error of computation, shall be barred from recovery of any finance, delinquency, or collection charge on the contract. In addition to other penalties provided by law, a violation of subsection (3) and a contract made in violation of the finance charge limitations imposed by 31-1-241 is a violation of title 30, chapter 14, part 1.

(3) A person may not engage in any device or subterfuge intended to evade the requirements of this chapter including assisting a borrower to obtain a loan at a rate of interest prohibited by Montana law, making loans disguised as

personal property sales and leaseback transactions, or disguising loan proceeds as cash rebates for the pretextual installment sale of goods or services."

Section 4. Section 31-1-241, MCA, is amended to read:

"**31-1-241. Finance charge limitation.** (1) ~~Notwithstanding the provisions of any other law, the~~ The finance charge included in a retail installment contract must be at a rate agreed upon by the retail seller and the buyer, but the finance charge may not exceed 36% per annum.

(2) ~~Notwithstanding the provisions of any other law, the~~ The finance charge included in a retail charge account agreement must be at a rate agreed upon by the retail seller and the buyer, but the finance charge may not exceed 36% per annum.

(3) The finance charge must be computed from month to month (which need not be a calendar month) or over another regular billing cycle period by using either:

(a) the average daily balance in the account in the billing cycle period; or

(b) the ending balance of the account as of the last day of the billing cycle period less the amount of total purchases charged to the account during that billing cycle.

(4) A seller may change the terms of a revolving charge account whether or not the change is authorized by prior agreement. The seller shall give the buyer written notice of any change in the billing cycle prior to the effective date of the change.

(5) If the retail seller increases the finance charge on a retail charge account agreement, then the increased rate may only be applied to the balance consisting of purchases on other charges incurred on or after the effective date of the increase.

(6) For purposes of determining the balance to which the increased rate applies, all payments may be considered to be applied to the balance existing prior to the change in rate until that balance is paid in full.

(7) If the finance charge determined pursuant to subsection (3) for a monthly period is less than 50 cents, a maximum finance charge not in excess of 50 cents may be charged and collected for the period."

Section 5. Section 31-1-401, MCA, is amended to read:

"**31-1-401. Interest pawnbrokers may receive — civil enforcement — prohibited activities.** (1) A person may not carry on the business of pawnbroker or junk dealer by receiving goods pawned or in pledge for loans at any rate of interest above 10% a year without first obtaining a license. The fee for extending a pawn agreement for 30 days may not exceed 25% of the amount of the loan. For purposes of this section, a fee includes all costs or fees charged, including but not limited to interest, commission, discount, storage, care of property, and purchase option.

(2) The taking, receiving, reserving, or charging of a fee greater than that allowed under subsection (1) is considered a forfeiture of a sum double the amount of the fee for storage or caring that was agreed to be paid.

(3) (a) When a rate or charge greater than that provided for in subsection (1) has been paid, the person by whom it has been paid may recover from the pawnbroker or junk dealer reasonable attorney fees and an amount double the amount of the fee paid.

(b) An action under this ~~section~~ subsection (3) must be brought within 2 years after the payment of the fee. Before a suit may be brought, the party bringing suit shall make written demand for return of the fee paid.

(4) Unless licensed as a consumer loan licensee, deferred deposit loan licensee, or title loan licensee, a pawnbroker or junk dealer may not;

(a) cash or advance money for a postdated or deferred presentment check in exchange for a fee or finance charge;

(b) use a check, authorization for electronic access, or other method of access to a deposit account, savings account, or other financial or asset account as a condition of or security for an extension of credit;

(c) receive the title to a motor vehicle for the purpose of a pawn transaction or in pledge for a loan; or
